98 Year Record of Methodist Quarterly Conferences in Calloway County

Murray, Ky., R. 4, Feb. 14, 1930.
 Editor Ledger & Times:
 I have in my possession the records of the Quarterly Conferences of the Methodist church, for this section of the Paris District since 1832, with the exception of a few fine records that the local organization of the church in West Ken- nence. It is a pleasure to Mr. J. M. Harris for their

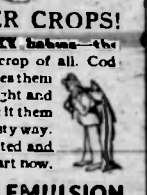

16 years between 1878 and 1895, a period of 98 years. Thinking it might be of interest to quite a number of your readers, I am sending you a few facts and figures, and observations taken at random, from a perusal of this old record.

It has been handed down by each Recording Steward to his successor, and from 1832 to 1854, there were quite a number who served in this capacity, but on August 12, 1854, Uncle Ben Dunn was elected, and served 14 years. He turned the record over to J. M. Dunn of Martin's Chapel church when he was elected October 17, 1868. He served until January 23, 1895 when I was elected and the record was turned over to me with the exception as noted above. I am still serving. So my church (Pleasant Grove) and the circuit with which it has been connected, has only had three recording stewards in the past 75 years.

The record begins with the first Quarterly Conference held in Paducah on April 25, 1834, and was held at the residence of Samuel Wilson. It is proper to say at this point that as the country was sparsely settled at that time, they only had

a few log buildings which they called "meeting houses" and it appears that they assembled at the houses of the people for all kinds of religious services, including Quarterly meetings.

The circuit was known then (and for a number of years afterward) as the Wadesboro Circuit of the Paris District, and the territories embraced therein included a large part of Western Kentucky and part of West Tennessee. Paducah and Mayfield were both in the Wadesboro Circuit. G. W. D. Harris was presiding elder and Robt. L. Andrews and Drury Womack were the two pastors.

The other official members present were William Wondolides, secretary, and William Rolifield, John Edwards, Samuel Wilson and Nathaniel Futrell.

The financial report for this quarter was \$12.00 which was paid in full. One of the pastors received \$5.00 and the other was paid \$4.50. This would be considered a very short report in 1930. In this connection I want to quote a resolution passed at the Quarterly Conference held in Paducah on April 25, 1834, in substance as follows: "The circuit to be divided into 7 districts with one steward to each district, whose duty was to visit each class leader and impress him with the necessity of urging the members of their charge to raise the sum of 2 1/2 cents per quarter throughout the circuit to pay the preacher."

We, who are living in the present age of the telephone, automobile, radio and many other modern conveniences, cannot understand how these old pioneers of Methodism, who either walked or rode horse back, could cover all this great territory and live on the amount paid them in those early days.

These old records show that these old preachers of almost a century ago were not only enough for the entire year to license our present day preachers, automobile, and supply with gasoline for a year. But of course conditions have changed since 1832, whether for the better or worse, I cannot say.

The second Quarterly Conference for 1835 was held at Mayfield, Ky.

At the Fourth Quarterly Conference for the year 1836, held at Hebron, a committee composed of Morgan Williams, Luk Langston and George Deoney was appointed to superintend the building of a "meeting house" in the town of Wadesboro, to let all con-

trais and purchase lumber for same, and Joshua Peter was appointed to take in 2000 lbs subscription paper and collect and lay over to the trustees on their order.

At the first Quarterly Conference for the year 1840, held at Gosheh, a committee composed of Brethren Whitnell, Cole, Stokes, Stubblefield and Waterfield, was appointed to select and secure a site for a camp ground, and report at the next conference. They reported in favor of Coles Camp ground.

The third Quarterly Conference for 1842 was held July 23 at Martin's Chapel.

On the 24th of September, 1843 at Boydville, Campground, the following board of trustees was appointed to take in hand the building of a church in the town of Murray. W. Hunt, John Bell, and A. M. Adams, Board.

The second quarterly conference for 1844 was held at Lebanon, March 9, and the third was held at Mt. Pleasant on July 6.

In 1844 came the agitation and dissent that led to the split between the Northern and Southern Methodists on the slavery question and the fourth Quarterly Conference for that year was held at Mt. Pleasant, D. C. This conference passed quite lengthy resolutions censuring the Northern, and approving the Southern wing of the church on this question.

This part of the Paris District was first called the Murray Circuit in 1845 and R. W. Whitnell was elected to attend the District Stewards meeting to be held at Clinton, Hickman county, Ky., on April 12, 1845.

The following are some of the presiding elders who served prior to 1850: G. W. D. Harris, Thomas Joyner, Thomas Smith, M. Brock, Robt. Gregory, J. H. Brooks, and A. Blake. Some of those who served as pastors prior to 1850 were: Robert L. Andrews, Drury Womack, H. M. Glass, Calvin Thompson, Thomas A. Howell, G. W. Martin, G. W. Casey, J. D. Neal, J. H. Mann, A. Goodwin, R. W. Cole, Johnson Lewis, Hy Byrd, D. Conroy, T. S. Sherrill, B. Barham, A. C. Chabolin, C. Cole, J. N. Manley, J. P. Welch, and R. A. Blake.

Many names of those who helped to make Methodist history in the days of long ago, are unfamiliar to us of today, but there are many instances where those descendants are now prominently identified with Methodism in this country today. Among them is the familiar name of Whitnell, Pool, Lanzetta, Hurt, Waterfield, Ellis, Stokes, Hood, Dunn, W. H. Stubblefield and many others.

In looking through this old record, I was impressed with the fact that the authorities of the church seemed to be more exacting regarding the department of their officials than they are today. There are many instances where some erring brother was halted before their conferences and tried on various charges. In some cases they were acquitted, and in others they were expelled.

MILLIONS FOR MORE AND BETTER SERVICE
 MORE than \$78,000,000 will be disbursed by the Southern Bell Telephone and Telegraph Company this year to operate and maintain the telephone system and care for the growth in the nine Southeastern states.
 Of this large sum \$35,000,000 is new money and will be needed for additions and replacements. It means that approximately 50,000 new telephones will be added and that the long distance system will be greatly enlarged and improved.
 The remaining \$43,000,000 will be required for operating and maintaining the service and practically all of it will remain at home in the 900 cities in which the company operates.
 This enormous expenditure indicates confidence in the commercial and industrial growth of the Southeast and is fulfillment of the Bell System policy of furnishing comprehensive, efficient service, at the lowest possible cost consistent with financial safety.

NOTICE TO WORLD WAR VETERANS AND THEIR FAMILIES

Your right to apply to the United States Veterans Bureau for compensation for injury or sickness may soon be lost. Under present law claims cannot be filed after April 6, 1930. Neither can evidence be received in support of claims already filed, after that date.

This covers sickness as late as 1925, in some cases, particularly in far-advanced pulmonary, T. B. and nervous and mental diseases. If you are a disabled ex-service man, his wife or widow, or if you are otherwise interested in him, get in touch with the service officer of your local post or chapter of the American Legion, Disabled American Veterans of the World War, or other service organization. He may help you to complete a will-ness and establish the Methodist, Baptist and other churches in this county. The many handicaps this entails.

This large territory once included in the old Wadesboro Circuit covers almost all of our present circuits and stations.

The Broadway station in Paducah pays its pastor \$5,000. Mayfield station pays \$5,000. Murray station pays \$3,600 and the Murray Circuit pays its pastor \$2,000. There is just one thing that counts now.

Knowing when to sell. The crop sold at the right time is a profitable venture for the grower; a poor crop sold at the right time is also profitable, but a good crop sold at the wrong time spells disaster.

Last week an experienced tobacco grower, a regular old time grower, sold his crop which was considered of fairly good quality, and received the huge sum of almost \$3 a hundred. The next week he sold a few weeks ago would easily have brought \$25. The reason, it is said, it did not bring more last week, was because of a crop which one buyer bidding. He could have taken the entire row at \$2, his opening bid, if he had desired. He was probably the only reason he did not. He raised his own bids to the point where the crop averaged almost \$3.

Several weeks ago a crop which was raised on practically the same kind of land and, from information sold, was probably the best above crop, sold for an average of better than \$3. And three weeks ago a crop on land adjoining sold for an average around \$1.75. The latter crop was neglected in many ways and considered a hard lot, but due apparently to the more opportune time of selling, brought a better average.

There are a number of farmers who have not marketed their tobacco and the outlook for these is not very encouraging, manufacturers having acquired their quo-

Thin, Pale, Weak
 "I HAD been through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va. "I was pale and feeble. My strength did not return."
 "I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have had headaches, which would last me until I could hardly see."
 "Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

Doctors Disagree
 When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and itchy, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought-up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old-fashioned remedy, which you can get at 25c per bottle from Dale, Stubblefield & Co.

Health Conference to Be Held Saturday A Child Health Conference for children under school age will be held in the Court House on Saturday February 22 from 10 to 12 A. M.

The little child's physical condition is constantly changing owing to the rapid growth and development at this age and examinations at frequent intervals are necessary to detect any departure from normal. Children recovering from recent illnesses should be examined to see if health has been fully restored.

Children who contemplate entering school should be examined as the vigorous boy or girl has the best opportunity for progress in school and to profit from the instructions he or she receives. All children who have been examined at previous conferences are invited to attend. Records of all conferences are kept so that the child's condition can be compared over a period of time. Calloway County Health Dept.

BAPTIST ANNOUNCEMENT The pastor will preach next Sunday, if God wills, on "Eccentric Preachers". All God's preachers are eccentric in two ways. First, they preach the Book. Second, they preach to please God rather than men.

At night the theme will be, "God willing, 'Does a one-for-all salvation encourage men to take their fill or stir' if they don't, why don't they?" The sixth chapter of Romans answers both of those questions.

With the coming of spring those who went into winter quarters during the cold weather, in town and country, ought to have cut and start back to Sunday School and church and prayer-meeting. Has it ever occurred to you that the regular services to the house of God are the souls who can get the ear of God, when they need Him? If you don't, read Heb. 10:24-25 and Zech. 7:11-13.

Duke's Ladies' Ready to Wear

There were 14 members, and one visitor present. After the business meeting Miss Wilgus gave a very interesting and helpful lesson on "analysis of house and home". During the social hour delicious refreshments were served by Mrs. Hardy Rogers and Mrs. N. Reeves. On March 13th our club will hold an all-day meeting at the club-house with Broach as our visitors. During his meeting, Mrs. Mayne runner 2 of Broach Club and Mrs. B. W. Strey of Lynn Grove club will give us the help and assistance they received while attending P. M. and Home Week in Lexington.

As advertised some weeks ago we are closing out our Ladies' and Children's Shoes—at a glance you can see a real bargain in every pair.

Duke's Ladies' Ready to Wear

Announcement

THE HOTEL FASHION SHOPPE Will Open WEDNESDAY, FEBRUARY 26, 1930

With an exclusive line of LADIES READY-TO-WEAR

This Shoppe will offer the ladies of Murray the highest grade and quality, also latest and most beautiful style at the most moderate prices. You are cordially invited to attend our opening display.

Mrs. F. L. Henslee

Service You Like Prices Are RIGHT

Since opening our store we have had a nice business, which is growing nicely, and for which we wish to thank all of our patrons deeply.

We endeavor to operate a high class grocery in every respect; a clean store, clean stocks, full and honest weights and measures, and strictly fresh and high class foodstuffs at all times.

We do not make special prices on a few articles to mislead our trade but price all our goods fairly and reasonably with a narrow margin of profit.

And when you telephone for groceries we will select them as carefully as you would in person.

AN UNUSUAL Spring Display

The grace and charm of our 1930 mode has been captured in our new Spring collection of dresses, coats, suits, ensembles with the accessories demanded for the perfect costume. Here are styles that follow Fashion's dictates in length line, fabric and detail. Fashionable but not extreme—picturesque but very wearable. All moderately priced in accordance with Crawford-Gatlin's fashion-value policy.

Style... Beauty and positive protection against garter runs.

Rollins Runstop HOSIERY It's what our customers want—not what we want to sell them—that governs our purchasing. In hosiery, women want style combined with excellent wearing qualities which accounts for our selection of Rollins Runstops. The new colors and the popular heel styles await your selection.

New Styles are Decidedly Different in HANDBAGS Fashion presents the new bags as smart, different and charming as the costumes they will accompany. In pouch and envelope shape with trimmings and ornaments to match or contrast with the ensemble. Choose from this fashion-right collection in new Spring fabrics and colors.

Universal
Our service is intended for all the people, and not for any one class or creed. Our most careful and conscientious attention is given to all who call upon us, regardless of any consideration that might be thought to have weight. Our profession is dedicated to the service of humanity, and none may call us without receiving the very best we have.

NO. 1 OF A SERIES
Now Is The Time For All Good Citizens To Come To The Aid of Their Community!

The organization sponsoring this educational campaign, which has for its sole purpose the awakening of the people of this community to the chain store menace is entirely open and frank and has nothing to hide. It is composed, already, of more than sixty individuals and the number is growing daily.
The aim of this association is not to attempt to intimidate any one, to drive or scare anyone into anything, but simply to state the facts as it finds them and let each individual be his own judge as to whether or not the chain stores are a good thing for this community or any other community.

GUILTY OR NOT GUILTY?

When a case is tried before a jury in court, sometimes the evidence is so meagre that the result is a hung jury or an acquittal, but when the evidence against the offender is strong enough to convince the jury beyond a reasonable doubt, the result is CONVICTION.
The serious charges against chain stores, which are broadcast over Radio Station KWKH night after night, so far have not been denied. In this case, the public is the jury, if you do not have a radio, make it your business to go where they do have one, any night except Sunday, and you will hear enough at least to cause you to wonder why such charges are not answered.

HONESTY OR DECEIT?

It is not necessary to go out of our own community to get examples of the different treatment you get at the hands of our community and home merchant and what you get in the hands of the grasping chain store organization that takes out of the community all it can and gives absolutely nothing in return. Granting, for the sake of argument, that the chain stores give as much support to community development as the home stores, WHICH THEY CERTAINLY DO NOT, are you sure that you are getting as much for your money as the chain stores? INVESTIGATIONS PROVE THAT YOU ARE NOT.

A can of Frank's Kraut was bought at a local chain store for nine cents. The kraut weighed 16 ounces, net. Reducing to a common unit, you get 177 ounces of Kraut per dollar.
The same brand of Kraut was bought at a local, home-owned store for 10 cents (What! says the customer, 10 per cent higher than the chain store price). But the home-store Kraut weighed 19 ounces, which was 190 ounces for a dollar.
THUS WHILE THE CHAIN STORE WOULD LEAD YOU TO BELIEVE THAT YOU WERE GETTING IT FOR 10 PER CENT LESS THEY WERE ACTUALLY SELLING IT TO YOU FOR ABOUT 7 PER CENT MORE.

As the old saying goes there are more ways of killing a dog than hitting him in the head with a stick. Yes, and there is more than one way in which the chain store city-slicks you out of your dollars to send out of the community forever.
A 5-cent package of Arm & Hammer Soda, bought at a local chain store, weighed 8 ounces net, while the same brand bought at a home-owned store for the same 5-cent piece, weighed 10 ounces, or 20 per cent more for your money.

Their tricks are many and devious. A container specifies ten ounces, leading you to expect net weight, such as you get from your home-owned store, but instance after instance has proved that the chain store often sells you GROSS weight, can and all, and your actual NET is much less than you get from the home-owned store.

INVESTIGATE BEFORE YOU INVEST!

No independent store in Murray and Calloway county fears honest competition. But the citizens who sponsor this campaign believe that home store are entitled, by every rule of honesty and decency, to protection from underhanded, deceitful organizations that come into this community, contribute nothing toward its advancement, and take away everything that they can get their hands on.
BEFORE YOU INVEST, INVESTIGATE! Consider not the home-merchant but yourself. Are you sending YOUR dollar AWAY from HOME FOREVER and getting LESS from the FOREIGN corporation than you are from your own HOME MERCHANT? COMPARE WEIGHTS AND NET BULK in every instance before you buy.

This is only the introduction of the evidence against the chain store. More will follow from time to time.
