18, 19 YEAR OLDS TO REGISTER IN DECEMBER

Some Deferment Allowed Farm Workers, Students

Registration of all 18 and 19 year old youths in the United States for Army duty will begin December 11 and continue throughout the month...

Boys who become 18 after January are to register on their birthdays. Some 18 and 19 year olds will probably be inducted by February...

Deferment of all men who registered before the age of 45 who have since passed their 45th birthday...

Deferment of farm workers of all ages subject to the draft who are necessary to and regularly engaged in work in war-essential agriculture...

Deferment of high school students in the 18-19 year class, if the students request it and they are in the last half of the autumn-spring school year...

Students eligible to request postponement of induction are those attending any institution giving the usual courses of study in the 9th, 10th, 11th or 12th grades...

Selective Service headquarters revealed that local boards had been instructed to reclassify all registrants heretofore deferred because of conviction of crimes...

No more deferments are to be made on this ground unless the registrants are completely disqualified morally and are not eligible for a waiver under the new Army standards...

Court Adjourns November Term

The November term of the Calloway county circuit court adjourned Friday after disposing of one of the lightest dockets in many years...

Four divorces were granted during the closing days of the term. Mrs. Myrtle Shenwell, convicted of forgery...

Mrs. Myrtle Shenwell, convicted of forgery, was taken to the Pee-wee Reformatory for Women, near La Grange, by Sheriff Carl B. Kingsley Monday...

She is the first white woman to be sentenced to a term in the state prison from this county, and that she is the first woman so sentenced by Judge Ira D. Smith in 10 years...

No Instructions Received Yet On Farm Deferment

Although the newspapers and radios have announced that essential farm workers would be deferred from the draft...

An official newspaper release received this week from the Office of War Information...

Such instructions would of course come to the local board from the state Selective Service director...

The newspaper release received here states that "actual deferment of any given man will still be up to the local Selective Service Board to decide."

This Week Should Be Greatest Yet in Bond Buying

The women of Murray and Calloway county are expected to make this week, November 22 to 26, the greatest "week" the county has ever had in buying War Bonds and Stamps...

"Women at War" week has been recognized in Kentucky by Governor Johnson and it is being observed all over the nation...

Organized women in Murray are completing their house to house canvass in the securing of pledges for regular buying of War Bonds and War Savings Stamps...

While some women have given their time in the War Bond Drive this week, others have volunteered their services for many other war time projects...

Women have helped in the recent kerose and gasoline registering. Not only this week but every week women are making bandages, sewing, knitting, filling soldier's kits, doing canteen work...

It is expected that the war bond sales for Calloway county at the close of the month will show what all the women have done in buying and encouraging others to buy their share of War Bonds and War Savings Stamps...

Botell Baker Dies; Funeral Monday

Funeral services for Botell Baker, 32, were held at the J. H. Churchill Funeral Home chapel Monday afternoon at 2 o'clock with the Rev. W. M. McKenney officiating...

Mr. Baker died Sunday at 7:30 in the morning at the home of his sister, Mrs. Annie Crass, on East Chestnut street...

Survivors, besides his sister mentioned above, include John W. Baker, his father, and Mrs. Martha Stalls, another sister.

MUSICAL COMEDY TO BE PRESENTED ON DECEMBER 4

Dramatic, Music Clubs to Give Play at College

Each year Sock and Buskin club and Sigma Alpha Iota, girls music fraternity of Murray State College, sponsor a musical comedy...

The 1942 production to be given on December 4 is "The Desert Song", by Sigmund Romberg.

"The Desert Song" is the colorful story of the adventures of a former French Foreign Legionnaire, Pierre Birabeau, played by Bob Arnold, Leadwood, Mo. Pierre has been forced to lead a double life to his friends at home...

Pierre is in love with a lovely young French girl, Margot Bonvalet, portrayed by Louise Putnam, Murray, who in turn imagines she loves Paul Fontaine, acted by Jimmy Endicott, Carroll, Ill. Captain Fontaine has come to Morocco as the aide to General Birabeau, played by Oliver Hood, Murray...

The Red Shadow tries to take Margot into the desert with him, but she is promised to marry Paul Fontaine, but she is troubled that her dreams are of the desert hero. Meanwhile she asks sympathy from Pierre, and pours out her heart to him, never dreaming that he is the one person she should not confide in.

To keep Margot from marrying Fontaine, the Red Shadow kidnaps her in the still of the night and takes her to the palace of Ali Ben Ali, a sheik played by Herbert Lax, Murray. Azuri, in a fit of jealousy, takes General Birabeau to Margot, and he meets the Red Shadow face to face. The General tries to fight the Red Shadow, but since he is actually his own son, Pierre, and will not take his sword against his father, the Red Shadow's men think that he is afraid of the French General. They ask the Red Shadow to take the tribe when the leader has been disgraced.

But since "The Desert Song" is a musical comedy, despite Azuri's plot against the Red Shadow, the finale is one of happiness and gaiety.

Kenny Keene, Asbury, Park, N. J., and Mariart Fletcher, Okon, Mo., have the comedian roles in "The Desert Song". Other students having speaking roles are: Helen Craig, Shelbyville; Kenneth Kitchen, Farmington; Frank Adams, Mayfield; Robert Shanklin, Elkton; Marjorie Foose, Golden Pond; Arnold Wirtala, Ashland; O. Charles Ralph, Tigrett, Tenn.; Gene Ryan, Murray; Wayne Reynolds, Mt. Vernon, Ill.; Margaret Mae Holland, Tipton, Mo.; and Helen Floyd, Mayfield.

"The Desert Song" features both men's and girls' singing choruses, plus a dancing chorus of girls. The music in this production is quite familiar to Americans. "One Alone", "The Desert Song", and "The Rif Song" are outstanding among the selections. The orchestra will be directed by Prof. William H. Sawyer, and the students are being directed in their roles by Miss Helen Thornton, dramatics instructor. Prof. L. R. Putnam is voice director.

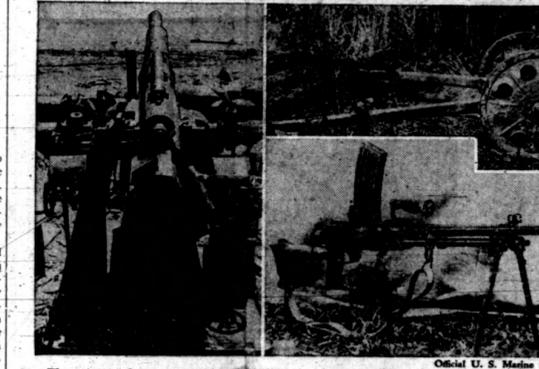

Tickets for reserved seats in the college auditorium may be purchased in the office of Prof. Fred Doyle, head of the fine arts department at Murray.

MARJORIE ANN WYNN DIED AT CLINIC

Marjorie Ann Wynn, infant daughter of Mr. and Mrs. Jack Wynn of Cadiz, died at the Keys-Houston clinic-hospital, Tuesday, at the age of one day. Funeral services were held at the Churchill Funeral Home Chapel yesterday afternoon with Bro. C. L. Francis in charge. Burial was in the Ratter cemetery.

Equipment Captured By Leathernecks

Three types of weapons captured in firing condition by U. S. Marines during successful landing operations on Jap-held Solomon Islands. Upper gun is Jap 70 mm. piece captured at Battle of Tenaru River, Guadalcanal. Jap "Chatterbox", a light caliber machine gun, lower right, and three-inch anti-aircraft gun, left, were also seized on Guadalcanal.

MORE THAN 3,000 REGISTER FOR "A" GAS RATION

Registration for Coffee Ration Not Necessary

More than 3,000 auto owners in Calloway county have registered for "A" basic gasoline rationing books since registration started Monday last week.

The first three days of this week were spent by the board and volunteer helpers in receiving applications for "B" and "C" books by those who feel that they need and are entitled to more gasoline than the "A" books allow.

The War Rationing Office in Murray, finishing up work on kerose and gasoline registering, is getting all motorists registered for gasoline rationing, plus its other work, has been one of the busiest places in the county for the past two weeks.

Several men and women are volunteering their services, but more are needed.

About half of the kerose ration books have been handed out. Others will not be available before next week as they have not been arranged alphabetically and the board has not found time to arrange them.

The best way for anyone to get his kerose ration book is to send the board an addressed, stamped envelope. Then, as soon as the book is ready, the board will mail it out.

Fuel oil and kerose books for space heating are not ready yet and will not be ready next week. No one need register for coffee rationing. Consumers may begin buying coffee next week using their sugar ration books. One pound of coffee per person over 15 years of age may be purchased each five weeks.

Only hotels, restaurants, hospitals, dormitories, etc., need register for coffee rationing.

Some truck owners have received their Certificates of War Necessity and have registered for gasoline rationing. Any truck owner may register for gasoline any time, but he must have his Certificate of War Necessity. Without that, Certificate there is no need for him to go to the rationing office to register, as he cannot register.

Owners of tractors and other non-highway users of gasoline may register at any time, but those who will not be using gasoline in their tractors before January 1 should wait until that date to register. Reason: Present registration is scheduled to expire at that date; another period begins then.

Office hours of the War Rationing Board in Murray are from 9 to 12 each morning, and from 1 to 5 each afternoon except Saturday.

Ceiling Expected on Dark Tobacco

A ceiling on grower's prices of burlap and dark-fired tobacco may be expected within a month, an Office of Price Administration spokesman said, to ward off a "squeeze" on tobacco manufacturers.

Representatives of Kentucky, Virginia and Tennessee growers met in a day-long session with O.P.A. officials, attempting to settle details of the ceiling plan.

Thoroughbreds End Most Dismal Grid Season With 1 Win, 2 Ties, 6 Losses; Practice Begins for Basketball Tilts

John Mazola, Western halfback, came off a bench he had occupied all season because of injuries, and pitched the Hilltoppers to a 28-13 win over the Murray Thoroughbreds at Murray Saturday afternoon. A crowd of 2,000 persons, the smallest ever to witness a Murray-West encounter, saw the tilt. It was the passing of this last Mazola, that spelled the difference in the two teams. He turned in a performance such as has seldom been seen on the Murray gridiron.

Western Passes Throw Murray For 24-13 Loss

Coach John Miller, one of the greatest all-round athletes and students ever to attend Murray State, has a man-sized job cut out for him as head basketball coach this year at his alma mater.

In the first place, he had only five lettermen returning, of whom one, John Padgett of Hardin, was a freshman last year. The four others winning the coveted "M" who are out for drills are: Capt. Hyland, Grimsen, Padgett, Joe Fulks, Kuttawa; Herbert Hurley, Benton; Wil Ellison, Corbin.

Leonard "Red" Metcalfe, Gilbertville, has played fresh ball at Murray, and Haven West, Murray, has played with the squad.

In the second place, Miller has all the troubles incident to rationing and travel schedules. Booking games this year is a tremendous task because other colleges are having to do the same thing, that is, revise their plans to meet local situations.

Third, he will face the proposition of coaching a team that is accustomed to winning a lot of ball games. Murray last year lost only two regular season games, and this year will have to go some to beat that. In the KIAC and National tournaments, Murray can't do much worse, however, than they did last year, for they lost both of their opening encounters in these tournaments.

Practice has already started for the first game—booked for December 12 with Southeast Missouri Teachers—here in Carr Health Building. (See schedule on Page 5.)

MARRIAGE LICENSE

Marriage license was granted to Cecil Earl Smith and Estelle Smith, both of Golden Pond, on November 21 at the office of the Calloway county clerk.

MANY PEANUTS

Total production of 2,810,525,000 pounds of peanuts this year is almost double the 1,476,845,000 pounds picked and threshed last year and 153 per cent above the 10-year (1930-39) average production.

TWINS WIN STATE 4-H DAIRY FOODS AWARD

TWIN 16-year-old sisters, club members of Wingo, Graves county, demonstrated the use of dairy products in school lunches to provide vitamins and other essential nutrients. As state winners the girls receive all-expense trips to Chicago through the Kraft Cheese Company, which also provides \$2,800 in college scholarships for the eight first and second place teams in the finals there.

Ordway Is Army Captain

P. W. Ordway, former assistant business manager at Murray State College, was promoted to the rank of captain in the Army on Friday, November 13. Captain Ordway's address is now Apt. J-1, Green Tree Manor, Louisville, Ky. He is stationed at the U.S. Army Quartermaster Depot, Jeffersonville, Ind.

Bryan Tolley Is Appointed Navy Recruiter Here

Designation of Murray American Legion Post No. 73 as a Volunteer Navy Recruiting Station and the appointment of Bryan Tolley as Chief Naval Volunteer Recruiter is contained in a joint announcement received here this week from Lieutenant G. E. Kincaid, USNR, Officer in Charge of U. S. Navy recruiting for Kentucky, and John M. Frier, chairman of the Legion's State Naval Affairs Committee.

Designation of the local Legion Post and appointment of Mr. Tolley is in accordance with a plan worked out between the U. S. Navy and The American Legion after the Navy formally requested the assistance of the War Veterans' organization in obtaining applicants for enlistment.

Headquarters for the local Volunteer Navy Recruiting Station will be located in Tolley's Food Market.

All male citizens between the ages of 17 and 30 years of age, who are interested in joining the Navy and desire specific information are asked to contact the local Volunteer Navy Recruiting Station, Chief Naval Volunteer Recruiter Tolley.

Legion to Have Special Program at Meeting Dec. 3

American Legion Post No. 73 will have a special program at its regular monthly meeting Thursday evening, December 3, at 7:30 p.m. at the Woman's Clubhouse.

Music will be furnished by the Girls' Harmony Four of Paris, Tenn. Refreshments will be served. Members and clerks of the local Selective Service board will be honor guests.

Every veteran of the first World War should attend this meeting, states C. B. Ford, commander. "Each can do something in helping win this war, and perhaps can contribute more by working in cooperation with the Legion group."

Wives of Legionnaires, veterans and guests are invited to this meeting.

Murray High to Be Hosts to District P-TA Next Spring

The Murray High School P-TA will be hosts to the annual regular conference of the First District P-TA. It was voted Tuesday, November 17, at the fall conference at Hickman.

Miss Lois Williamson, state chairman of Home and Life, addressed the meeting at Hickman on the subject of school lunches. Miss Williamson was in Murray Wednesday to inspect the new lunch room at the high school.

Those from Murray who attended the Hickman meeting were Mrs. Joe Baker, county council president, Mrs. H. J. Fenton, president, Murray High P-TA and Mrs. L. L. Dunn, Mrs. Fred Cotham, Mrs. Ronnie Churchill, Mrs. Harold Van Winkle and W. B. Moser, delegates.

Mrs. Carl Lockhart, president, and Mrs. James Simms from Lynn Grove, and Mrs. J. R. Miller, county council treasurer, and delegate from Hazel, were also present.

FARM BUREAU PROGRAM GIVEN

A special educational program on the Farm Bureau was held by the Murray Rotary Club at the Woman's Club last Thursday afternoon. Most Rotarians had a farmer as his guest and the officers and directors were special guests.

R. L. Parr, secretary of the Graves county Farm Bureau, Mayfield, was the guest speaker.

The program was sponsored by the Rural-Urban Committee which is composed of Charles Bondurant, chairman, Tom Stokes and Robert Broach.

GOVT. ASKS FOR MORE SCRAP METAL HUNTING

Schools to Make New Drive Here December 9, 10, 11

The U. S. government has sent out requests that the remaining weeks of this year be used for hunting up any scrap metal that may have been missed during the drive in October.

The schools of this county will make a special drive on December 9, 10 and 11 to gather in scrap from the farms. It will be held at the school or in other places and will be hauled in by the WPA truck.

Asst. Supt. Guy Billington and WPA Foreman Kirk-Pool are both writing letters to the schools asking that they help in this special drive.

The Ledger & Times received a telegram yesterday from Donald M. Nelson, Chairman of WPB, asking that the "American Farmer" dedicate the remaining weeks of 1942 to an intensified scrap hunt. The telegram reads as follows:

The Government is asking the American Farmer to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel mills need more heavy scrap and the farms are one of the best sources of this type of metal. We need your further help in this farm drive. And in aiding our salvage committees to continue this effort throughout the next few weeks. Mail and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower, and to cooperate with you in every possible way. The nation is looking to the American farmer. I am sure, with your help, he will come through.

The WPA truck has been gathering in scrap metal daily since the campaign ended October 30. Since that time it has collected and hauled in a total of 61,437 pounds of scrap metal.

Fred Bailey Fined; Many New Drivers Being Given Tests

Fred Bailey was arrested last week on charges of driving while under the influence of liquor and of reckless driving. He pleaded guilty in the county court here and was fined \$100 and costs on the first charge and his operator's license revoked and was fined \$25 and costs on the second count.

It is reported that he had an accident with his car on the Hazel highway Thursday night, the car running off the road, turning over and catching fire. Two girls were with him at the time, but the three escaped with only minor injuries.

The accident led to his arrest. State highway patrolmen here are giving many new drivers tests for operators' licenses. It is reported last Thursday they gave 22 tests in Murray. Many of the young men who have been driving are leaving for the Army and now older people and others who have not driven before are learning to drive. This was given as an explanation for the extra large number of new drivers applying for licenses.

1943 State Auto Stamp to Go On Sale December 1

State automobile license stamps (which take the place of license plates) will go on sale at the office of the Calloway county clerk December 1.

The stamps are orange printed with black, and are to be stuck on the inside of the windshield in the lower right-hand corner. (If this war keeps on much longer we won't have windshields large enough to hold all the stickers, says Geo. Overby, a local attorney.)

The owner must keep one 1942 metal license tag on the rear of his car. He does not have to remove the front tag, but it is suggested that he do so and give it away so that if he loses his back tag, he will have another to replace it.

The stamps cost the same as tags did last year. When one is lost, another can be purchased for \$1.

Motor case, that do not have 1942 Ky. license cannot buy a stamp until January 1 or until they buy 1943 license.

HEADACHE FOR THE MERCHANT

Price fixing may sound simple to the man in the street. But it is a monumental headache to thousands of retail merchants.

Never before have the people and the industries of America faced the necessity of donning a regulatory straight-jacket such as is embodied in the deluge of pamphlets now reaching storekeepers from Maine to California. Everything from gum to tractors is being "fixed" or "frozen". The price of each item on a retailer's shelves must be carefully set according to formula.

The policies and methods used in enforcing these laws will make or break the entire price fixing effort. Long before the establishment of the price laws, retail merchants bent every effort toward holding down inflationary rises in the cost of living. They did an effective job for which they received praise from high government officials.

And now these same merchants, many hundreds of thousands of them, are striving valiantly to comply with the complicated ceiling decrees issued from Washington. A great many of them have unknowingly become law-breakers because they have found it impossible to quickly understand the technical rules. Their cases deserve far different consideration than those of the very few who maliciously seek to evade the law. In this instance the old saying that ignorance is no excuse should not be applied. Ignorance, if you wish to call it that, is a very definite excuse.

EFFICIENT POSTAL SERVICE ESSENTIAL

Careful and prompt handling of mail matter constitutes good mail service. Congestions of mail causing loss, damage and delay. Christmas time is approaching with its enormous, and, this year, unusual mailings. To prevent congestion will be a task which will tax the Postal Service to the utmost. Success can be attained only with the complete cooperation of the American public.

The boys in the Armed Forces have first consideration, and postal workers know that their morale is vitally affected by the mail they receive.

Letters and parcels improperly addressed or improperly prepared also cause losses and delays and contribute materially to congestions. The public can be of great assistance in keeping congestions to the minimum by mailing early—packing properly and carefully and completely addressing the mail, exercising the caution to place on all mail matter the name and address of the sender.

NELSON ON NEWSPAPERS

Chairman Nelson pays this tribute to the newspapers for their vigorous promotion of the nation-wide iron and steel scrap drive:

"The job the newspapers have done is absolutely unprecedented in this country. It has been magnificent. The results have surpassed the fondest hopes I had entertained. The whole campaign has been a major contribution to the war effort."

A lot of people would rather have a tooth pulled than go through the ordeal of writing and mailing a letter.

In all literature there's no pleasanter reading than a complimentary paragraph in a newspaper about yourself.

He is a fool who preaches peace in a country that is in the midst of war.—Torquato Tasso, 1592.

This country once sold much scrap metal to Japan. Now we're going to GIVE them a lot more!

Letter To Editor

Highland Park, Mich. Monday, November 23
Dear Mr. Editor:
I am a native of Calloway county living here in Highland Park, doing dense work as many thousands of others are doing, hoping all our efforts combined will enable our armed forces to lick the enemy in the shortest time possible.

If you see any one loafing around in Murray please tell them they are needed in Detroit and if they don't know how to do war work they have free schools here to teach people who do not know how to do war work. The Detroit papers carry a very great number of ads for all kinds of workers and Detroit is doing big things to meet the situation to prepare their war workers to furnish homes for them and finally win the war in the shortest time possible.

Yours truly
J. H. Huley

WAR BONDS

By Johnston Barkeem, Freshman Almo High School
Don't be pretering. If you are not leading Uncle Sam ten per cent a week to help build a mighty and terrific fleet.

Are you doing your share or letting this be a one-man war? Come on, Americans, let's do all we can.

To save our fighting men! If you are too old for the draft age, Heether, you can turn a new page.

Uncle Sam won't forget about you. You are a free American, too.

And you that are too young and can't carry a gun. For your time is come. To get in all the scrap if this war is won.

Ten per cent a week won't hurt you or me. We are Americans and want to pay free.

Yup ladies that say "keep 'em flying" and then get a new hat instead of buying.

A bag of bread or stamps. To help your husband or son who is in camp.

So let us do all we can from Washington to Maine. To help win this war so the soldier can come home again.

"Why, yes, I guess I could be The Spirit of Columbia if it would sell War Bonds."

A BUSIER PLACE I'VE NEVER SEEN

Murray is fairly well sheltered from the war and the feverish tempo of war work. It is only when we get away from here, to war factories or drill fields, do we fully realize what America is putting into the war effort, and how our homes in Calloway are sheltered from it all.

Miss Dorothy Kelley of Murray recently went to Wright Field, Dayton, Ohio, to work—and there was struck by the contrast between here and places where war work is being done. Her description of the offices at Wright Field, where she works, follows:

The busiest place in both the fields is this branch that nothing shields. The ring of the phone, the click of type. Can't drown the growing voice of grips. The hum runs on with the course of day. Until at last 12 o'clock—half-way. The clack of a drawer and the clang of a basket. The Jones girl murmuring "A-lack! A-lack!". Everyone works and draws his line. Look at me—writing a time. Things never get very handsome for us. Someone will yell, then someone will suss. And our desks—my, there's the fun! They're changed every night when work is done. And you should see our flexible walls. You move them around from hall to hall. There's not just a blank dividing line. Someone was heard to say "where we shine." The walls are our silent leaders 'round the room. To mark your office and kill the boom. But just the same our work is done. With all we've got—often some. If only Hitler could see us some time. He'd change his place in his firing line. He has ways of finding out, that. We're at work, there's no doubt. At peace again, just wait and see.

Farmer's Best Bet Is Organization

By J. Hansford Doran, President Calloway County Farm Bureau

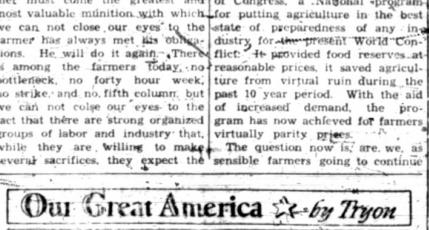

Thomas Jefferson once said "Every man owes something to the up building of the profession to which he belongs." Admittedly, every man does owe something to his profession, his community, his state, and his Nation. This is especially true right now when thousands of men are giving their all for their Country. From the farmer must come the greatest and most valuable munition with which we can not close our eyes to the fact that there are strong organized groups of labor and industry that, while they are willing to make several sacrifices, they expect the

farmer to make the biggest sacrifice of all. It has been clearly proven by recent events that unorganized groups are out of luck and that the better and stronger the organization the more "luck" it has. Every man living on a farm should have a real interest in farm organization, for it is only through organization, powerful in numbers and in understanding that the agricultural industry can preserve any degree of economic production.

The Farm-Bureau movement has done much for American Agriculture. It has obtained, at the hands of Congress, a National program for putting agriculture in the best state of preparedness of any industry for the present World Conflict. It provided food reserves at reasonable prices, it saved agriculture from virtual ruin during the past 10 year period. With the aid of increased demand, the program has now achieved for farmers virtually parity prices.

The question now is—are we, as sensible farmers going to continue

Colds Cost War Workers Millions In Work Lost

Since Pearl Harbor colds and other ailments have cost war workers \$250,000,000 in lost wages and have caused absences in war industries totaling 40,000,000 work-days, time sufficient to build 900 Flying Fortresses, 8,000 fighter planes, 8,000 tanks, or 35,000 jeeps, according to the Health Bulletin, published by the Vick Chemical Company.

Respiratory diseases now cause more lost work time in war industries than almost all other illnesses combined. The Vick report states, and a progressive increase in time lost from colds is predicted unless vigorous and determined efforts are started at once to prevent colds from spreading and to treat all colds promptly.

Giving common-sense health rules that "may help you avoid many colds," a section of the Bulletin addressed to war workers says: "Live normally, avoid excesses. Eat simple food, drink plenty of water, and keep clean and regular. Get plenty of rest and sleep.

"Keep reminding yourself that colds are catching! Stay clear of careless coughers and sneezers. Don't share drinking cups, towels—even a half-eaten apple, a piece of candy or a 'drag' on a cigarette—with anyone.

"If you catch a cold, start care and treatment at once. A neglected cold may reduce your resistance and open the way to development of tonsillitis, sinusitis—even pneumonia and flu! So start treatment immediately. If you have a high fever, 'ache all over,' or if the cold lasts more than a few days—call a doctor."

Manpower Group Acts to Stabilize Labor in Dairying

The War Manpower Commission has announced a broad program for stabilizing employment on the nation's dairy, livestock and poultry farms. Commission Chairman Paul V. McNutt ordered immediate preparation of a directive to other Federal agencies to put the program into operation.

The program will alleviate a shortage of essential farm workers which is threatening the dairy, livestock and poultry production necessary to full prosecution of the war.

Under the directive, the Selective Service System will request its local boards to classify in Group III-B dairy, livestock and poultry farm workers, who are deferred on grounds of dependency. The local boards also will be asked to grant occupational deferment to dairy, livestock and poultry farmers and farm hands without grounds for dependency deferment, but who are "necessary men" for whom replacement is not available. Such workers would be subject to reclassification as soon as they ceased to perform the necessary work for which they had been granted deferment.

Farm employment will be stabilized further under arrangements made with Army and Navy under which both will refrain from recruiting essential dairy, livestock and poultry workers as producers, according to their voluntary enlistment, or initiating programs to encourage their enlistment in areas where critical shortages of such workers exist.

All other employers, including contractors or sub-contractors handling government work will be instructed to refrain from hiring skilled workers who have been engaged in the same three types of farm production.

The Department of Agriculture will act toward stabilizing wages on dairy, livestock and poultry farmers with a view of assisting those farmers in securing and maintaining an adequate supply of labor.

The Department of Agriculture also will take necessary steps to control sale of dairy cows for slaughter so as to check a trend which is threatening to reduce dairy production.

Kirksey Eagles Nip Faxon Coyotes 41-33

The Eagles of Kirksey downed the Faxon Coyotes on the Coyote floor by the score of 41-33, Friday night.

The game was filled to the brim with action as both teams tried to outscore the other from the opening whistle. Cathey, Kirksey forward, was high scorer, with 13 points. He was closely followed by Ragsdale, Faxon forward, with 12 markers.

The Faxon B team defeated the Kirksey B's 30-7 as the Faxon lads' fast break began clicking.

First-team lineups:

Faxon 33	Fos.	Kirksey 41
Thompson 11	P	Johnson 12
Ragsdale 12	F	Cathey 12
Brandon 3	C	Paschall 11

T. L. Smith Was Successful Murray Business Man

A successful business man of many years standing in Murray was lost in the death of Thomas Leslie Smith. Born and reared in Calloway county, Mr. Smith began his business career in this city in the place now occupied by the Whiteway Barber Shop where he operated a grocery. Later he operated a restaurant known as the Bon Ton on East Main.

Later he left the restaurant business for the grocery business, and until a couple of years ago operated a grocery next door to his former restaurant. Failing health forced him to give up this business, and the place was occupied by McCutcheon's Grocery until a few months ago. The building downstairs is now vacant.

Mr. Smith died November 12 at the age of 63 after 11 months of illness. The cause of his illness and death was heart disease.

Funeral services were held at the First Baptist church in Murray Saturday afternoon, November 14. The church was filled to overflowing. Pallbearers included Luther Robertson, Tom McElrath, H. B. Bailey, L. M. Overby, Jr., George Hart and Vernon Stubbfield.

Honorary pallbearers were members of the Castill Sunday School Class. Ministers officiating at the funeral were the Rev. J. C. Skinner and the Rev. Sam P. Martin. Burial was in the city cemetery.

Surviving are his widow, Mrs. Lucy Smith; a daughter, Mrs. Ivan Rudolph of Murray; a sister, Mrs. Will McCutson of New Concord; and three brothers, Albert of Murray and Herbert and Taylor of New Concord.

Organization Is Needed Now

By Jno. T. Cochran, County Agent

In this day and time membership in the Farm Bureau is more important than ever. The voice of organized agriculture is accomplishing more than ever before in the past. The laws and regulations established to control our daily economic lives. The larger the membership back of those chosen to fight the battles of agriculture the more power and prestige they will have. Join now, that future battles for agriculture may be successful.

FACTS ABOUT EYESIGHT

By Orvis C. Wells, O. D.

Eyesight—like every other normal physical function—is taken for granted. We were born with the gift of vision as our birthright.

When we awaken, we have but to open our eyes to see, and every minute of the day the miracle continues. At our work and in our diversions our eyes are indispensable servants.

How much do we know about these eyes of ours?

In the routine of our case-history consultation one of the first questions we ask is, "In what way are your eyes troubling you?"

Some Eye Troubles

The eye is an extremely complex and delicate part of the human body. Eye troubles often manifest themselves in the form of headaches, backache, and other complaints.

Errors in Refraction

Myopia (Nearsightedness)

When the rays of light focus the image of a distant object in front of the retina, the person is said to suffer from nearsightedness.

Hyperopia (Farsightedness)

When the rays of light focus the image in back of the retina, the person is said to be hyperopic or farsighted.

Astigmatism

Astigmatism is one of the most common defects in vision. It involves differences in the curvature in the front part of the eye.

Presbyopia

Presbyopia, commonly called middle-age sight, affects everyone at some time between the approximate ages of 40 to 60.

Strabismus (Cross Eyes)

The condition of convergent (eye turning inward), divergent (eye turning outward) and alternating (staring—alternately inward and outward) squint involves many and complicated factors.

Cataract

Cataract usually occurs after middle age, but it is sometimes seen in young people as a congenital condition and one that is hereditary.

Glaucoma

While not a common disease, glaucoma is one of the most serious of eye diseases, and unless given adequate, early attention, usually results in blindness.

Eye Strain

There is a condition which troubles many people, especially those who use their eyes to an excess, which for want of a better name we call "eye strain."

Come to Church

FIRST PRESBYTERIAN CHURCH
Samuel C. McKee, Pastor

Our Sunday School begins at 9:45 Sunday morning. Our roll includes all ages from two years old up to the elderly. We invite all who are not attending a Sunday School to come with us and let us study the Word of God together.

Morning Worship Service begins at 11:00 o'clock. The pastor will preach next Sunday morning on "Spiritual Priorities." Since the student choir will be scattered next Sunday, a "reserve" choir, consisting largely of service men and their families, will furnish the music. We are glad to have visitors. You will find our church friendly.

Each Wednesday night we hold a Prayer Meeting in the church at 7:30 o'clock.

Since most of the students will not have returned from their homes last Sunday night, the student group, We Minister Fellowship, will not meet.

The church is a creation of God in Jesus Christ. It is called to proclaim the "good news" everywhere, the way of life. Moreover, the church which is now in reality a world community, may be used of God to develop His spirit of righteousness and love in every race and nation and thus to make possible a just and durable peace.

Are you helping the Church meet this supreme responsibility?

Bureau Protects Farmers' Rights

By T. O. Turner

Fourteen years ago I observed the Farm Bureau in action in Frankfort, where they had put up a bill reducing state tax on real estate, secured legislation which brought aid from the University in dark tobacco curing, which has brought much money to Calhaway growers. They rendered service in the Toll Bridge program, and all the way they have brought the Department of Agriculture to the counties, and have kept the gasoline and car revenue sacred for road building.

They will stand pat against increased taxes on real estate to supplant reduction in auto taxes. They will fight to keep the farmers right to make his own trade with labor, the right to be heard in all legislative bodies and, will keep his eye on Washington.

The farmers' rights can best be conserved by united, organized effort through Farm Bureau.

The most important job, in the face of car and gas rationing and curtailment of major transportation is to get better farm to market roads to see that the road dollar goes farther.

Keep the name Farm Bureau inviolate from political abuses, and finance best with membership dues. One farmer's efforts will do little but organized membership will do more to aid farming conditions than all other efforts. You may be charged with maintaining a lobby but it is an accomplishment.

THE FIRST STEP TO TAKE IS TO SIGN UP. Calhaway is too far down the "line in membership."

ACT FAST WHEN A COLD THREATENS

At the very first sniff, sneeze, or any sign of a cold just try a few drops of Vicks Vapo-Rol up each nostril. If used in time, Vicks Vapo-Rol's quick action helps prevent many colds from developing. And remember this, when a head cold makes you miserable or a transient congestion "fills up" nose and spoils sleep—spray Vicks Vapo-Rol three times a day. It relieves swollen membranes, relieves irritated throats, breaks up mucus, clears clogged nasal passages. Enjoy the relief. Follow directions in folder.

IMPROVED SUNDAY INTERNATIONAL SCHOOL

LESSON

By HAROLD L. LUNDQUIST, D. D. (Released by Western Newspaper Union.)

Lesson for November 29
Lesson subjects and Scripture texts selected by the Council of Religious Education, used by permission.

THE MISSION OF THE CHURCH
LESSON TEXT—Matthew 18:15-17; Acts 1:8; 2:42; 6:1-4; 11:27-30; 13:1-3.
GOLDEN TEXT—As my Father hath sent me, even so send I you.—John 20:21.

The church is the greatest institution in all the world, with the most widespread membership and influence. That is true from a purely secular or worldly standpoint. Then when we realize that here is more than a human organization, for it is in fact a divine organism; that it is the means through which God is now manifesting His power toward men, we see the supreme importance of understanding the church and our relationship to it.

This week we stress the mission of the church. We note seven things:

I. Holiness of Life (Matt. 18:15-17). In a time when general standards of decency and honesty are low, and no one wants to be his brother's keeper, it is a matter to be reminded that part of his mission is to maintain holiness in life and the relationship of one to another.

Notice that man's attitude toward his neighbor is first a matter of personal attention, then it becomes of real interest to the church, and if no response is found there, the offending individual is excluded and put in the hands of the Father.

II. Witness in Divine Power (Acts 1:8). The witness bears testimony to that which he has experienced, and in the case of Christian experience he is assured of divine power in telling others about the things he has seen and done.

III. Unity in Faith and Practice (Acts 2:42). The early church had not yet been split up by the philosophies of men and the vagaries of doctrine, which have since divided God's people. It was His purpose that His people should be one in Him, something he should recall before we divide them just to promote some theory of interpretation.

IV. Service, Spiritual and Social (Acts 6:1-4). The church rightly put the emphasis on the spiritual. The leaders of the church have failed to realize that the church should be a social service, too many in the church have failed at that point. Even the good may be lost in the social service.

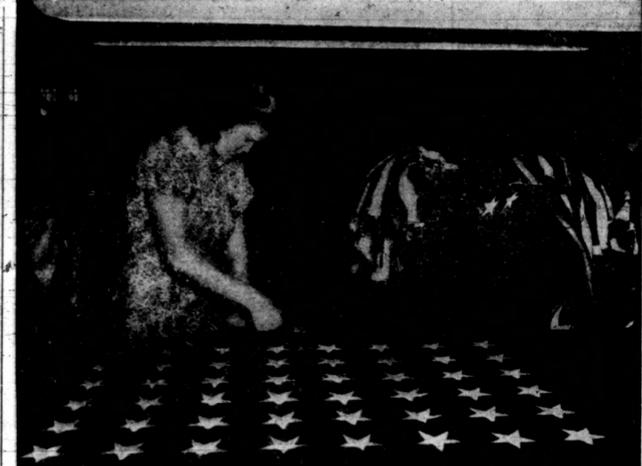

V. Love, Spiritual and Social (Acts 6:1-4). The church rightly put the emphasis on the spiritual. The leaders of the church have failed to realize that the church should be a social service, too many in the church have failed at that point. Even the good may be lost in the social service.

VI. Obedience to the Holy Spirit (Acts 13:1-3). God has certain plans for the work of the church in the world, and he will see that they are carried out. He will see that they are carried out.

VII. Fellowship (1 John 1:3). Here is the great benefit of spiritual life and growth—Christian fellowship. And notice with care the place that it is in the church. If we do not come to the church we deprive ourselves and others of the opportunity for fellowship. The matter of church attendance (and twice on Sunday is not too much) needs to be put on our consciences that we by our absence bear an anti-church testimony before our neighbors. But even more important is our own need of fellowship with God's people.

You're fighting sin, wants you to buy more and more War Bonds.

"We Keep 'Em Falling" Is New Booklet

Seven thousand copies of a new booklet, "We Keep 'Em Falling," are being sent to Camp Tyson, for distribution among the officers and men of the Camp. This booklet is designed to call attention of men in the 18 and 19 year age group to the need for such men in Antiaircraft Artillery. Any young man in this age group may obtain a copy of the booklet by addressing a postal card to Camp Tyson, Tenn.

Enlistments of young men in this age group, with the consent of their parents, will now be accepted at recruiting stations for "Coast Artillery, Antiaircraft." This is a recent change brought about by the request of the Headquarters Antiaircraft Command to insure that young men wishing to join such units are not assigned initially to Harbor Defense units and their first records will be marked "CA (AA)." Young men 18 and 19 years of age are the only ones who can choose their arm of the service according to provisions of current recruiting policies, and it should be made clear to prospective recruits that they must specify Antiaircraft Artillery at the time of their enlistment if they desire this arm of the service.

What You Buy With WAR BONDS

The "Stovepipe," as the 60-millimeter trench mortar is commonly known, is used by our infantry for close-in fighting. It fires a 2.4-pound shell at the rate of about 35 a minute.

The mortar fires its projectile in a T-shaped arc, and for this reason may be successfully camouflaged behind an obstruction. It costs about \$500. You and your neighbors, joining together, can buy many of these effective weapons for use of our army. Investing at least ten per cent of your income in War Bonds every payday will do the job. Not Gasoline... But Mechanics

Everyone these days is thinking of gasoline rationing and how it will keep automobiles standing idle most of the time.

The truth is, the shortage of skilled mechanics to keep cars in repair is a far greater threat to wartime transportation than is gasoline rationing.

We here, as in other garages, are hard put to take care of all the mechanical repairs that come in our door. We have the machinery and equipment, but not enough skilled mechanics.

The work we turn out is excellent, but no garage these days can find enough skilled mechanics to take care of all the business it can get.

So we say, take extra good care of your car if you want it to last for the duration, if you want to keep it rolling.

We shall be glad to advise you, to check your car for needed repairs and replacements. Remember, a stitch in time saves nine!

Ky. Farm Bureau Demands Skilled Labor Be Kept

Despite its lack of recognition by the public generally and governmental agencies, including Selective Service, there is definitely such a thing as skilled labor on farms, declared the board of directors of the Kentucky Farm Bureau Federation in session October 30 and 31 at the Seelbach Hotel, Louisville.

believed that the local draft boards should be given the power to recall skilled farm labor from the factories where the need for farm production was acute.
The return of this manpower to the farm should carry direct exemption with it, so long as the worker remained on the farm in this vital war production plant.

Mrs. Bobbie Lassiter and Mrs. Noah McDaniel represented the Penny club in the monthly county project meeting at the county agent's office.

The major project lesson, "Making the Patient Comfortable," was interestingly discussed by Miss Rowland assisted by the leaders.

The social hour was enjoyed with games conducted by Miss Rowland.

The hostess served refreshments. The next regular meeting will be December 14, at the home of Mrs. Dannie Waldrop's near Penny at 1 o'clock.

At the conclusion of the meeting the members will be "Prevention and care of injuries."

The club would be very glad to welcome new members. Women in West Murray or near Penny should attend.

Club members will exchange inexpensive gifts at this meeting. Any one wishing transportation call 419H.

C. Of C. Meets

Mrs. W. S. Swann and Miss Jo Ann Fulton were hostesses Saturday afternoon, November 14, at the home of the former to the Children of the Confederacy. Guest of honor was Mrs. Edith Todd Brockert of Seattle, Wash., who is third vice-president general of the United Daughters of the Confederacy and in charge of the work of the C. of C. Mrs. Brockert was accompanied by Mrs. Roy W. McKinney of Paducah, a former president general of the U.D.C.

Mrs. Brockert spoke most interestingly on how the Children of the Confederacy can aid in the war effort and encouraged them to report any project in which they are engaged.

Miss Jane Joggis rendered a vocal solo with Mrs. Bertha Jones at the piano. A piano solo was given by Miss Jo Ann Fulton and a vocal solo by Miss Jane Roberts.

At the conclusion of the program daily refreshments were served by the hostesses.

Mrs. Herman Miller Buried at Murray

Mrs. Herman Miller, daughter of Mr. and Mrs. Homer Adams, died at Paducah November 15. Funeral services were conducted there November 17 and the body was brought to Murray for burial. The Adams family were formerly residents of this county.

Littleton's

Gladys Scott's and Adams Shoe Store To Collect Hose

Gladys Scott's Dress Shop and Adams Bros. Shoe Store have announced that they will receive old, discarded silk and nylon hose for the government at their stores.

The government is asking all women in the United States to donate in all the old, discarded silk and nylon stockings they have as this material is badly needed in the war effort.

Silk is the only material that can be used in making powder bags for firing big guns. It is a material that burns clean, leaving no burning fragments in the barrel. Before a big gun is fired, it is loaded with a shell and then a bag of powder. The bag of powder is exploded, sending the shell out unexploded. The shell explodes when it strikes the target. If there is any burning embers left in the barrel of the gun after the firing, there is danger of a flashback that will injure the crew.

Nylon is needed for other things, such as making parachutes. Stockings and hose contributed need not be pure silk or nylon. They should be washed before they are given to the store.

LESS WALLPAPER

New War Production Board orders curtail the manufacture of two products common to most homes—wall paper and umbrellas.

Diversification pays

FARMERS...

Make every market-day BOND DAY!

For our fighting men, for our country's future and for freedom we must meet and beat our county War Bond quota and keep on doing it. Pick up your War Bonds and Stamps on your second stop in town...right after you've sold your eggs, milk, poultry, stock or grain. No investment is too small and no investment is too large...the important thing is to buy every time you sell!

U. S. Treasury Department

PRICES UP

A rise of 18 per cent in the market value of Kentucky farm land since the war began, 5 per cent greater than the increase during the comparable period of the last war, was shown in a report issued Tuesday by James D. Toy, research director of the Farm Credit Administration.

NAZI POGROM

Heinrich Himmler, head of the Nazi Gestapo, has ordered that one-half of the large Jewish population in occupied Poland be exterminated by the end of the year, according to reports from the Polish underground movement of the Polish Government-in-Exile in London.

BIG MONEY

To finance the war effort, the Treasury will borrow during December the unprecedented sum of approximately \$9 billion, Treasury Secretary Morgenthau announced.

Stop and Think, Lady

... before you buy another new dress! It's awful pretty, can't blame you for wanting it. But what about Johnny? He's out there, somewhere in the Pacific. Has he got all the fighting equipment he needs to lick those tricky so-and-sos?

How about another round of ammunition? Think what it might mean to Johnny. Suppose he doesn't get it just when he needs it? You wouldn't need the new dress then. You wouldn't be stepping out with him again.

War Bonds buy your fighter the tools he's got to have to do his job. It's our job to give 'em to him. So put every cent of your extra money into War Bonds. Buy 'em through the Payroll Savings Plan. At least 10% of your salary every payday. Not 6%, or 7% or 8%—but at least 10%. And more, if possible.

Many Americans who ought to be buying War Bonds through the Payroll Savings Plan every payday, aren't. They just haven't yet STOPPED TO THINK what it means to Johnny.

Don't be like that, lady. Invest your 10% with Uncle Sam—payday after payday. You'll get a big kick out of it. Knowing that you, personally, are sending him the guns, planes, bombs, tanks—whatever it is he needs!

WHAT YOU SHOULD DO

If you are...

1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank, or wherever bonds are sold. They will be glad to help you start a plan of your own.

WPB PROHIBITS DISTRIBUTION OF WHIPPING CREAM

WASHINGTON, Nov. 25—The War Production Board, acting to conserve fluid milk for consumer use and for manufactured dairy products, today prohibited whipping cream to household consumers. Retailers, restaurants, and other institutions. Coffee or "light cream" is not affected by the order.

TO HOLD ALL-DAY MEETING

The Woman's Auxiliary of the Presbyterian Church will hold an all-day meeting Tuesday, Dec. 1, at the church starting at 10:30 a.m. Each member is requested to bring a covered-dish for lunch.

JEFFERS ASSERTS RATIONING MUST START DECEMBER 1

WASHINGTON, Nov. 25—National gasoline rationing as a rubber conservation measure must be put into effect on December 1 as scheduled, William M. Jeffers, federal rubber administrator, declared Tuesday.

The nation, he told a House interstate subcommittee, owes it to its armed forces and to the United States not to "take chances" on a rubber shortage interfering with the war effort.

Honored

Ralph Gingles, of Kirksy, Junior Murray State College, and president of the Agriculture Club, has been elected vice-president of the Youth Section of the American Country Life Association, a national organization. Reports were given by the delegates who represented the club at the A.C.L.A. meeting held at Carbondale, Ill.

According to Government estimates, the seasonal kill of waterfowl would provide enough down and feathers for 300,000 aviator's pants and parkas, more than 10,000 sleeping bags or 500,000 sub-zero jackets, if hunters plucked and turned in the down and small body feathers of all birds they kill.

Symbol of America

This striking photo of the American Eagle in militant mood symbolizes the attitude of the U. S. as the first year of World War II ends. Like the Eagle, America is docile until attacked, then the mood changes and enemies feel the full strength of an aroused wrath.

KENTUCKY 4-H DAIRY TEAM TO CHICAGO

ANNOUNCEMENT is made by State 4-H Club Leader J. W. Whitehouse that Kentucky will be represented in the sixth nationwide dairy production demonstration contest at the 21st National 4-H Club Congress in Chicago, Nov. 29-Dec. 2, by Donald, 17, and Eugene Hoakins, 16, brothers, of Lawrenceburg, Anderson county. The boys demonstrate how to construct a simple, economical barrel milk cooler, which will save more milk for the Food for Freedom program. Transportation and other expenses to Chicago are provided the team through the Kraft Cheese Company, which also appropriates \$2,500 in college scholarships for the eight first and second place teams selected in the finals.

We're Ready

NOW TO RECEIVE YOUR TOBACCO ON OUR NEW MURRAY FLOOR

Our new building, which contains 24,000 square feet of floor space, has just been completed. Located on East Maple street, it was designed and built to give tobacco growers the best sales floor in Western Kentucky.

We want you to accept this as a personal invitation to inspect our new floor. Work on it has prevented us from making personal visits to your homes; but this year, as in the past, we will be pleased to offer you the same reliable service as always when you are ready to market your crop.

Our new building has plenty of room for you if you want to bring your crop here for stripping. We will be glad to offer you suggestions on the best way to grade your tobacco.

We give personal attention to every farmer, large or small, who brings his tobacco to us to sell. And we are ready now to receive your crop!
