FINE ART DIVISION

GRADUATION EXHIBITION 1987

April 22 - May 10, 1987

INTRODUCTION

The final day of any program of intensive study is reason enough for enjoyment and relaxation.

Several years of study and development, especially in the field of visual arts, is a festive occasion that requires both student and public commemoration.

The graduation exhibition is a means to satisfy this need. It also provides a much needed focus and a stimulus to explore the diversity and originality of expression. In addition to this, it is a forum for a unified and ordered public presentation available to a wide audience.

Graduate exhibitions are also an occasion for reflection and individual appraisal -- a time for commitment in the long process of building a career in the visual arts.

To the students participating in this exhibition, my congratulations and best wishes. I'm sure you have many fond memories of shared experiences and recollections for years to come.

The gallery also appreciates the cooperation and professionalism of the faculty of the Fine Art Program. Special thanks are due to Fred Steinmetz, Chairman, Fine Arts Program, Communication Division; the coordinator, Tony McAulay, and the exhibition organizer, Ben Linssen.
