

Modified Non-Exclusive License to Openly Distribute a Thesis or Dissertation (2005 or Prior) via Georgia Southern University's Open-Access Institutional Repository

To properly administrate works archived in, and openly distributed from, Georgia Southern University's open-access institutional repository, including Digital Commons@Georgia Southern and SelectedWorks (the "Repository"), Georgia Southern University (the "University") requires certain permissions from you, the copyright owner(s) or appropriate licensee(s) of the thesis or dissertation (the "ETD"). *By accepting this non-exclusive license to archive and openly distribute your ETD, you **do not** transfer any copyrights to the University, including your or others' right to license use of the ETD to other publishers, repositories, or end-users.*

By agreeing to this License, you grant to the University a perpetual, revocable, non-exclusive authority to openly distribute a complete digital copy of the ETD worldwide in any format or medium. You further authorize the University to license end-users of the Repository to read, copy, and store a complete copy of the ETD, including the abstract and metadata.

As a condition of this License, the University may, without changing the content, modify the ETD to any medium or format, and store more than one copy for purposes of security, backup, and long-term preservation. At all times, the University will clearly identify the author of the ETD.

For works archived and distributed under this license, the following statement will appear in the public view of the item record in the Repository until the ETD enters the public domain:

"This work is archived and distributed under the repository's modified copyright and reuse license for Theses and Dissertations authored 2005 or prior, available at <https://digitalcommons.georgiasouthern.edu/dc-promo/26/>. Under this license, end-users may read, copy, and store this work without restriction. For questions related to additional reuse of this work, including distribution and creation of derivative works, please contact the copyright owner. Copyright owners who wish to review or revise the terms of this license, please contact digitalcommons@georgiasouthern.edu."

As a condition of this License, you represent and warrant that you are the copyright owner(s) or appropriate licensee(s) of the ETD, and that you have the right to grant the rights required by this license. You also represent and warrant that the ETD does not, to the best of your knowledge, infringe upon anyone's copyright. You also represent and warrant that the ETD contains no libelous or other unlawful matter and makes no improper invasion of the privacy of any other person. If the ETD contains material for which you do not hold copyright and that exceeds fair use, you represent that you have obtained the permission of the copyright owner to grant to the University the rights required by this License, and that such third-party owned material is clearly identified and acknowledged within the content of the ETD. Furthermore, you agree to indemnify and hold harmless the Board of Regents of the University System of Georgia, Georgia Southern University, and their officers, fellows, governing board members, employees and agents, from and against all claims, actions, suits, damages, liabilities and costs (including, without limitation, reasonable legal fees) arising from or in connection with the ETD.

If the ETD is based upon work that has been sponsored or supported by an agency or organization other than the University, such as the National Institutes of Health, the National Science Foundation, or private funder, you represent and warrant that you have fulfilled any right of review, confidentiality, or other obligations required by that contract or agreement.
