EIGHTEENTH BIRTHDAY.

Christian Endeavorers Celebrate Anniversary.

MEETING AT THE BIRTHPLACE OF THE SOCIETY.

Members Gather at Williston Church to Listen to an Address by Rev. Smith Baker—Letter From Rev. E. E. Clark.

Williston church was completely filled last evening on the occasion of the 18th anniversary of Christian Endeavor Day, and first in the order of exercises was a praise service presided over by Mr. King-ley A. Ballantyne, during which there was music by the male chorus of St. Lawrence choir, and a solo which was beautifully rendered by Miss Tarbo.

has done everything to give life to the church and to infuse into it the enthusiasm of youth. Referring to duty and gratitude the speaker said there was as much difference between them as a town pump and a fountain. Gratitude was the motive of endeavorers and every grat thing in the world has been done from the impulse of the heart and a Christian heart brings a song into the church. One of the features of Endeavorism is the bringing of young people in contact with the old, and Dr. Baker controverted the assertion that it tended to separate them, and remarked that when boys and girls staid away from home the fault could be laid to the parents, and when they staid away from church the pastors and deacons were responsible. "I do not get a single amen to that and I expected one from everybody," facetiously remarked the preacher. He then answered the objection urged by some that Endeavorism brought into too great prominence the young people and said that every duties and the older needs the services of the young people and cannot afford to do without them and the church would die if it neglected the younger generation. He then described what his mind was an ideal family. Not one made up of the old entirely, nor of the young alone for the latter is good in hopes, but rather a family which takes in all ages from 90 to 9. The business of the young men is to wake up the old for the latter are apt to get a little sleepy. Next came a devotional service which was conducted by Rev. J. K. Wilson, D. D., pastor of Free street Baptist church, after which was music by the male chorus and another solo by Miss Tarbo, the congregation joining in the choruses.

The Juice of Grapes

When allowed to stand, in casks, deposits a crystal of grape acid. When purified and refined, this becomes cream of tartar. Cream of tartar is expensive, but it is wholesome. Because it is the most healthful ingredient for a baking powder yet discovered, is why it is used in making Cleveland's baking powder, the most wholesome leaven known. In low-priced baking powders alum is used as a substitute for cream of tartar. All such powders should be avoided on account of their unwholesomeness.

RESOLUTIONS UPON CONGRESSMAN DINGLEY.

The Lincoln club at its meeting last night adopted the following resolutions upon the late Congressman Dingley: "A good name is better than precious ointment, and the day of death than the day of one's birth." The above words of the King of Jerusalem are emphasized by the recent death of Nelson Dingley, to whose memory the people and press of a great nation are giving utterances to tributes of the highest respect and deepest reverence. Nothing that we may say can add to what has been said in the many memorials and resolutions already offered; yet as an organization devoted to the same great principles and policies to which he has dedicated the best years of his life, labor to promote and succeed in illustrating the Lincoln Club desires to give expression to its appreciation of his virtues and to bear testimony to those high qualities that marked him in many respects, not only as one of the leading men of his state and section, but as one of the foremost men of his time. We recognize in him the highest type of statesmanship, and the sublime usefulness of his career. As an editor, orator and statesman he has left a name that will live for the whole people if he would build his reputation upon the eternal bed rock upon which his predecessor built his.

THE MUNICIPAL COURT.

A Brute Who Assaults Women Sentenced.

A case of domestic infelicity caused by the excessive use of intoxicating liquors was brought to the attention of Judge Robinson in the municipal court yesterday morning. Cornelius J. Carey was brought into the station Monday by Officer Skilla. There were two complaints against him, one for being a common drunkard and one for assault on his mother-in-law. Carey has been frequently intoxicated before, but affairs culminated on Monday forenoon. Carey has a sick wife and five children. Monday Mrs. Chambers of Willard, Mrs. Carey's mother, came over to the house on Union street to help her daughter in her work. She started to do the family washing, but found there was no soap in the house. Mrs. Carey said that her husband had not given her a cent of his last week's wages so she could not buy any soap. Mrs. Chambers got some soap and started in to do the washing when Carey came home and saw her. He swore at her, and told her she shouldn't do the washing. Mrs. Chambers tried to be pleasant with Carey and he repaid her by striking her in the face, making her nose bleed and blacking her eye. She then went out to find the police to have Carey arrested. Mr. O'Neil, who has been employing Carey, went to Carey's house on Monday forenoon and found Mrs. Chambers and several of Carey's children locked out. He knocked and Carey came to the door. Carey seemed to think that O'Neil didn't have any right there and made insulting talk to him. Carey admitted that he had been drinking but that he struck Mrs. Chambers only in self defense. She slapped him several times in the face and he said "thank you, ma'am," each time. She took hold of his shirt collar, and as he was afraid she would tear his shirt he pushed her away. Carey received 130 days in jail, 60 for the assault and 60 for being a common drunkard. There were four other cases of drunkenness and a search and seizure case also disposed of. Maggie W. Steward, who got out from jail Monday, got drunk again immediately. She was given 90 days yesterday morning.
