A. M. Franks, 27 High St., Ellsworth, Me., says: "About five years ago my back became lame, and as time went by my trouble grew worse. Finally I got so bad that I was compelled to quit work and was laid up for several days. In 1905 I arned of Doan's Kidney Pills and procured a supply at Moore's drug store. They went directly to the seat of my troule, and two boxes made a complete cure At that time I gave a statement for publication in which I told of my high opinion of this remedy. I can now confirm that endorsement, in view of the fact that I have been free from any symptom of kidney trouble since."

# The Up=to=date Farmer

DEFORE loading his market wagon, the up-• to-date farmer calls the market by telephone and finds out for what there is a demand and what the prices are. He does not take anything to town that he would have to sell at a loss.

In this way many farmers are using the telephone in selling goods. Are you one of them? If not, is it because you thought the cost too much? Our local manager has two propositions for tele-

phone service that he would be pleased to talk over with you. One gives you service for about five cents a day, the other for about two cents a day.

Write or call him at once so that we may be able to do the construction work before cold weather.

Said Company agrees to reserve space for one cross arm at the top of all the above poles for telephone, fire alarm and police signal wires, owned by the city and used for munici-pal purposes. Said poles to be erected under the supervision of such officers as said city may desirmate. may designate. #### The Election.

There is little to be said about the election of last Monday; the result speaks for itself. If it staggered the republicans, it at the same time dazed the democrate, who apparently had no anticipation of the sweeping victory which is theirs.

The laconic remark of ex-Gov. Cobb sizes up the whole situation; he is reported to have said: "The people apparently wanted a change in the laws and men and methods, and they made it."

After all, it is well that, as Mr. Plaisted is to be governor, the legislature, both Senate and House, is also democratic; there will be no divided responsibility, no chance for clashing between a governor of one political party and a legislature of another. The victors must stand or fall on the record they make during the next two years.

No such opportunity for the democratic party of Maine to demonstrate its sincerity and its capacity for constructive legislation has ever before been given to it. This opportunity is tremendous; judged by the past, it is safe to predict what the record of the next two years will be. But that is no reason why the defeated republicans should not bow to the will of the majority; on the contrary, now that the election is over, and the result known, it should not be forgotten that the good of the State is above the good of party; that the new governor is the governor of the whole people, and it is their duty to cooperate in every move which involves the welfare of the State which we all love.

Senator Hale, as has been his custom for a generation on the Saturday night be-fore election, presided. In his introductory address he made the strongest kind of an appeal to republicans to support the straight party ticket, and emphasized the mportance of sending Judge Peters to the islature.

When the senator arose, he with bearty applause, which indicated the steem in which he is held in his home town by the people, regardless of party. He spoke deliberately, weighing every word, and his remarks were listened to with intense interes

Increase in Teachers' Salaries. From the returns of local school superintendents filed at the office of the state superintendent of public schools at Augusta it is found that the average weekly salary for women teachers in elementary schools for last year was \$5.87, an increase over the preceding year of ninety-four cents. This increase is the largest reported for any year.

The average length of the school year for all Maine cities, town and plantations was thirty-one weeks and two days, an increase of two weeks and one day over the preceding year. This increase likewise exceeds all previous records.

State-Superintendent Payson Smith states that the increase is particularly encouraging, since the higher average is chiefly the result of marked ad-vances in the smaller towns of the State.

The Renewal a Strain. Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands, the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. Now is a time when many children should be given a tonic, which may avert much serious trouble, and we know of no other so highly to be recommended as Hood's Samaparilla, which strengthens the nerves perfects digestion and assimilation, and aldo mental development by building up the whole gystem.—Advt.

**The Years of Severe Rheumatism** The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is anoth-er victory by Hood's Barsaparilla. This great medicine has succeeded in many cases where others have utterly failed Mr. Goldstein says: "I suf-fered from rheumatism five years, it kept me from business and caused ex-cruciating pain. My knees would be-come as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself en-tirely cured. I recommend Hood's." # THE ELECTION.

DEMOCRATS JUBILANT OVER STATE-WIDE VICTORY.

HANCOCK COUNTY HAS GONE TO THE -(D FOR DEMOCTATE)-TERRIBLE TALE OF THE FIGURES.

Maine went! There's no doubt about that, and Hancock county was well up toward the head of the procession, with a democratic plurality for Plaisted of 885. like a mockery of the old-time republican piuralities of a few years ago. Two years ago Fernald had a plurality

of 607, and it is only six years ago that Hancock county gave William T. Cobb a plurality of 1,816, which was not far from what the republicans once fondly termed the "normal republican" complexion of Hancock county.

But this is a story of what happened But this is a story of what happened this year, not what used to be; a story of "abnormal" republicans, not normal, for even the most ardent democrat would not claim that all the democratic ballots this year were cast by demotrats. It is a tale of insurrection, of insubordination, of revolution.

Local or State issues do not explain it; the personality of the county or State candidates is not sufficient; segregated causes of disaffection with the State ad-ministration for this, that and the other thing, though doubtless they belped, did not cause the upheaval. The causes are further to seek; they extend beyond the borders of Maine. It is party "independence" running amuck; it is insurgency rampant. It would be absurd to argue that the result in Maine has no national significance.

But the story-it can be told in few words. Frederick M. Plaisted, of Augusta, democrat, is elected governor over Bert M. Fernald, of Poland, by a plurality estimated at about 8,750.

Two democratic congressmen are elected Samuel W. Gould, of Skowhegan, defeating Edwin C. Burieigh, of Augusta, in this district by a plurality of about 2,000, and Daniel J. McGillicudy defeating John P. Swazey in the second district by about 3,400. Asher C. Hinds, of Portland, republican, is apparently elected in the first district by a narrow margin-about 325, while the fourth district Frank E. Guernsey, republican and George M. Hanson, democrat-is still in doubt, both claiming it by small margins.

. Both branches of the State legislature will be democratic, the latest estimate placing it as follows: Senate, 21 democrats, 10 republicans; House, 88 democrats, 63 republicans. This gives a democratic majority on joint ballot of 36, and means the election of a democratic United States senator to succeed Senator Hale.

#### IN HANCOCK COUNTY.

The detailed table printed elsewhere shows the complete vote of Hancock county. The democrats have elected every county officer by pluralities ranging from 624 to 791. Mr. Plaisted ran shead of his ticket, carrying the county by 585. Five of the eight representatives

from Hancock county are democrata, two republicans, and one in doubt. The re-publicans who weathered the storm are Albert K. McBride of Mt. Desert, and

Horace S. Snow, of Bucksport. -All the measures submitted to the voters under the referendum law were turned down.

In Elisworth Plaisted carried the city by a plurality of 78. Sheriff Silsby was the only republican on the ticket who carried the city, he having a plurality of 36.

The vote for representative is, by the returns as tabulated by the mayor and aldermen, a tie, John A. Peters, republican receiving 445 votes, Harvard C. Jordan 445 and J. A. Peters 1. A recent decision of the supreme court is to the effect that such a vote as that (J. A. Peters) would count for John A. Peters It is understood that several such votes were in fact returned as for John A. Peters by the election officers in other wards, but two other tallots, also counted as good, it is said, open another question which the courts must decide. These two ballots bore allos of paper used as stick-ers on which the name J. A. Peters was stamped in red with a rubber stamp. These two ballots may be thrown out on a recount as bearing identifying marks. Just what the outcome will be is in doubt. If the governor and council, after examining the vote, declare it a tie, a new election will be necessary. If they decide the vote for J. A. Peters is good, John A. Peters will be declared elected, in which case the democrats would doubtless de-mand a recount. The detailed vote of the city by wards appears below: It is understood that several such votes

# Prayer Meeting Topic For the Week Beginning Sept. 18, 1910. Topic.-Resist the devil. How7-Jas. 1v, 3-10; I Pet. v, & D. Edited by Rev. Sher-man H. Doyle, D. D.

2

There are many references in the word of God to the devil. The word "devil" means "slanderer," and in this particular we see his name illustrated in the book of Job, where he slanders Job before God. The name "Satan," so frequently applied to him, means adversary." In the temptation of Eve this is the word that is used, simply "adversary." But Satan is particularly the adversary of the human soul. Having lost his own spiritual position in relation to God, he is everlastingly engaged in leading the souls of men and women astray, that they may be as he is. This is also a characteristic of those whom Satan has won to sin and evil. We would imagine that who have fallen into sin and experienced its consequences would strive to warn others and to keep them from falling. But, alas, in ost cases they delight to draw them down to their own level. It is a mon strous trait of an evil one, yet it is The spirit of the devil in this retrue. spect seems to possess them. How nec-essary, therefore, to "resist the devil," not even for our own sakes, but to escape such a doom as delighting in mining the eternal souls of others!

The origin of the devil is not greatly dwelt upon in the Scriptures. owever, distinctly taught that he is a real spiritual being, once an angel from heaven who was cast out of heaven for some sin, probably the sin of ambition, as Milton declares in "Para-The Bible does teach that dise Lost." the devil is a spiritual being, possessing a power far above man and sessing great skill and tact in attacking the weak places in man's spiritual character. "Your adversary, the devil, walketh about, seeking whom he may devour." If he were a phys-

ical foe we might not fear him so much, but being a powerful, unseen enemy, knowing just when and how to us, we do indeed need to be constantly on our guard against him and his associates, the evil spirits of sinful men.

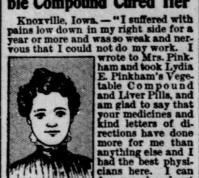

How are we to resist the devil? We should, that is sure, for James says, "Resist the devil and he will flee from Evil in any form is usually you." cowardly. Satan and sinful men seek easy victims, but are afraid of strong, vigilant souls. We should therefore resist him. (1) By submitting our souls to God. Then, with the armor of God around us, God will fight our battles, and God is more powerful than the devid. (2) By prayer. In temptation go to God in prayer. Draw night unto God, and the nearer you go to Him the farther you will go from the devil. (8) Be on your guard at all times. "Be sober, be vigilant," resisting the devil in the faith. (4) Fill your life with good thoughts and good deeds and the devil will have no chance to success-fully tempt you. "Cease to do evil by learning to do well." "Humble yourselves in the sight of the Lord and He will draw thee up." (5) Use the Scrip-ture as a sword of offense and defense. It is double edged and can do great harm. Thus Christ beat off Satan in the great temptation. Satan used the Scripture, falsely intrepreted, as he and his associates so often attempt today in the warfare against Christ. But Christ understood the Bible too well for him. In each instance Christ used also the sword of the Spirit, the Bible, only He thrust it a little deeper into the adversary, and after the third clash of arms the devil fied from Him, and angels adminis tered to Christ.

THE HOUSEWIFE'S SONG

I must rise ere the dawn of day Is tinged with a crimson stain; I must work with a will till night falls gray,

must keep at my work till the sun sinks low

To speed away on my trusty wheel, Or swing 'neath shady trees; To wander sway through sun-kissed fields

And gather the wildflowers bright;

Or to steal away to some quiet nook, Which I can read and write.

Are all for home and loved ones,

And never a word complain;

And friends the heart holds true:

So I'll work away the whole day long,

But brighten the day with a sunshine song.

#### A Tribute From Manchuria.

Bev. A. V. Bryan, writing from Port Arthur, Manchuria, about the value of Christian Endeavor, said:

"When I think of the great help Christian Endeavor has been to the church at large I wonder that any one, especially the pastors, can criticise . ft It seems to me that the organization was begun at just the right time When I was a boy there was no place in the church for those who were not born in that church. They were set aside by the older element and told to wait. Your organization gave a chance to those who otherwise would have en lost to the church. And I recog nize the great change that has com over the church when I see the nger generation coming out to the foreign field and see the Christian nur ture and culture they have, which place them far ahead of what I was at the same time of life. In Japan there are military academies that are taking young boys and training them for future military service. It must be so as long as this country is a mil itary power. You are preparing the church army, and any pe who is interested, as he should be, in the spread of the church ought to help any way he can. If criti made of your organization, there are many who find fault with the churches, but the only thing to do is to recognize that neither is perfect, but always striving for better things."

#### A Gift From Carnegie

The president of this college, it will be remembered, is Dr. George M. Ward, who was the second general secretary of the United Socie-ty of Christian Endeavor.

Dear Aunt Madge and M. B. Sisters:

With best wishes to all, and hoping you may be favored with pleasant weather

I am exceedingly sorry I cannot be with you at the reunion personally, but hope sometime

B. J. A. in alpersonal letter writes:

I am sorry to say that I shall be unable to attend the picnic at Dell's, but I shall think of you all. Please remember me to Aunt Maria, G. and Sister B. and all who are left of the old original ones who were at the first re-union. I shall never forget how cosy it looked the first time we went there—the blaze in the fire-place, Annt Maria sitting there so comfortable and her great bouquet of glowing gladioluses on the table. There have been so many changes since then! I shall wear my pin all day while you are there, and imagine you all having such a good time.

Dear Aunt Madge and members of the M. B. C. I am thinking offyou and longing to be with you Sept. 1, but I cannot. I am glad I know where you are to meet, because I can see it in my mind; having called at Dell's when I was at the reunion some years ago.

I have had several very pleasant outings this summer. The caretaker of Whittier's this summer. The caretaker of Whittier' birthplace is a member of the ladies' aid so ciety of our church. She invited as there for ciety of our church. She invited us there for an afternoon. We had a fine time and a nice lunch. I aste mine in a corner of the old fire-place in the kitchen. We roamed around to our hearts' content out doors and in.

The birthplace was never as interesting t The birthpiace was never as interesting to me as the home in Amesbury. The last time I was there Whittier's hat and great coat being in the closet of his chamber I feit like placing it over my shoulders-hoping that some of his "sweet spirit" might fall on me. A few months before his death I shook hands with him on the doorsten of his home. him on the doorsteps of his home.

It has been several years since we owned a horse. A short time ago a team was loaned us to visit some friends spending the summer in a camp in New Hampshire on the shore of Angle pond. While my husband fished for Angle pond. While my husband fished for black bass, I ate my fill of huckleberries that grew on the shore. I had never expected to pick berries again so the pleasure was greater The day was perfect; we returned at night with a fine mess of bass and huckleberries

Daughters. One of the most enjoyable trips I ever took was to the convention this sum We found the people of Calais very mer. cordial and the meetings were very instructive and interesting. If any of you were there I am sorry not to have known it.

I enjoyed your "talk" in the column of Aug 10, Aunt Madge, for my days are so full, and night comes with so many tasks not done that I would despair but for the sentiment expressed in it.

When the unexpected happens and inter ruptions and new duties crowd many of th regular tasks out, I sometimes take courage om the thought expressed by the southers ountaineer: "There's a whole day tomorrus ountaineer: thet haint ben tetched yet." Another prover ascribed to that rude people seems worth passing on: "We can't help trubbles a mein' but we haint obleeged to set 'em

Believe me, I would like to be with you at the reunion, and I shall think of you and wish you all a happy day.

Mr. DESERT, Aug. 29, 1910.

Dear Aunt Madge: I wonder if there is room in your colum for another niece. I have always read the part of our paper with interest, and have been helped in many ways. No one can read the poem selected by Aunt Emma without realizing how true it is. How many times we look at the dark clouds but fail to observe their silver linings. We cannot expect to have sunshine all through our lives fo each life some rain must fall, some days be dark and dreary." But when the dark day have passed, we can fully appreciate the sunlight

I hope you will have a fair day for your re-union and a large gathering of M. B. friends AGNES.

We welcome Agnes as an arrival on ou reunion day. Sept. 1 is her M. B. birth-day. We hope to hear from her again. Thank you all for the letters sent for the "gathering". We enjoyed them and others have been received since, which will have a place in the column in due AUNT MADGE. time.

### BLUEHILL FAIR.

### GOOD ATTENDANCE IN SPITE OF DULL WEATHER.

#### GOVERNOE FERNALD GUEST OF HONOR WEDNESDAY - FINE EXHIBITS PREMIUMS AWARDED.

The Hancock County Agricultural so the Hancock County Agricultural so-ciety fair as Mountain park, Bluehill, despite theatening weather on all three days, dodged the raindrops and drew good crowds, though the attendance doubtless was materially lessened by the dull weather.

As an exhibition, the fair was a pronounced success, though the racing was comparatively tame, all but one race going off in straight bests.

The presence of Governor Fernald on the second day was a feature. The governor spent the afternoon at the grounds, meeting and chatting with many people. He occupied seats reserved for himself and party in the grand stand, and during the day visited the hall and the judge's stand.

He was entertained at supper by E. J. Brooks, at his summer home, "Elwin In the evening the governor spoke Cove. Cove: In the evening the governor spoke in the at the village. The crowd, estimated at from 1,200 to 1,500 people, was too large for the hall, and the governor spoke in the open air. After the speech, the governor went to the ball and led the grand unarch with Miss Margaret Hinckley. He remained to participated in the dancing for a short time, and seemed to enjoy himself immensely. He was entertained over night at "Elwin Cove", leaving Bluebill early Thursday forenoon.

### IN THE HALL.

The hall exhibition at the fair this year was exceptionally good, not so much in quantity as in the quality of produce shown. Thomas Grieve had the largest exhibit of produce, with A. C. Osgoo second. There was an especially fine showing of potatoes, beans and apples.

E. J. Brooks has set a pace for summe visitors which several are following. In addition to being a large exhitor himself, he has given a big boost by the special prizes offered. His prize of \$10 for the biggest potatoes raised in Hancock county was won by Daniel L. Emerton, of North Bluehill, the second prize, \$5, being won by Eugene Leach. Another special prize offered by Mr. Brooks was for the finest potatoes grown by one who had never before raised potatoes, from seed furnished by Mr. Brooks, first prize being \$10 and second \$5.
