A. M. TEN EYCK, M.S.,
PROFESSOR OF AGRICULTURE.
SUPERINTENDENT OF FARM.

V. M. SHOESMITH, B.S.,
ASSISTANT IN AGRICULTURE.

KANSAS STATE
AGRICULTURAL COLLEGE.
FARM DEPARTMENT.

MANHATTAN, KAN., September 2, 1903.

Pres. William Jasper Kerr,
Logan, Utah.

My Dear Sir:-

My sister wishes to secure a position in Domestic Science in some of our Agricultural Colleges. She has a special training for this line of work and has had considerable practice in teaching and in the practical application of her education in the home. Graduating from the Wisconsin State University in 1895 with the degree of B. S., she taught in College and school for three years, then at my advice, took a couple of terms special work in Domestic Science in the North Dakota Agricultural College (where I was located at the time), after which she completed a course in the Armour Institute, Chicago, Illinois. For a year or more she held the position of instructor and lecturer on Domestic Science in the Y. W. C. A., at Aurora, Illinois, but was obliged to give up this position a year and a half ago to assist mother who was in poor health and without competent help in the old home. She has filled the last position nobly and to the entire satisfaction of all concerned. But opportunity has come to again take up her chosen work in the College line.

I am writing this letter in her behalf with the hope of finding a favorable opening. I can recommend her to be faithful, willing and capable of carrying out whatever she undertakes.

Address, Miss Lena Ten Eyck, Broadhead, Wisconsin.

Yours very truly,

A. M. Ten Eyck

Sept. 14, 1903.

Mr. A. M. Ten Eyck,
Manhattan, Kansas.

Dear Sir:

Replying to your favor of the 2d inst., will say that all of our instructors in domestic science have been employed for this year. Should there be a vacancy in the near future, I shall be glad to correspond with you^{sister}.

Yours truly,

W. J. Kerr, President.
