TO WHOM IT MAY CONCERN

We take pleasure in saying that we have known Mr Albert W Casey for a number of years and that ever since we started our poultry business about four years ago he has taken great interest in our enterprise and its progress. We have often talked with him of different points in the work and know that Mr Casey is well informed in modern methods of breeding and caring for fowls.

He has shown his interest as a student of poultry problems and we have no hesitation in expressing our confidence in his ability to successfully conduct investigations and experiments in poultry breeding and management.

Our Mr T J Fanning is Secretary of the Utah State Poultry Association and our own business is increasing in practical lines, and our remarks are from this point of view as well as from our long acquaintance with Mr Casey.

Yours truly,

Fanning Bros.,

Per.

J. B. Fanning
