Iowa State College,
Agriculture and Mechanic Arts,
President's Office,
Ames, Iowa.

October 11, 1902.

Pres. W. J. Kerr,
Logan, Utah,

Dear Sir:

Permit me to say regarding E. D. Ball, of the State Agricultural College of Colorado, and who is, I understand, a candidate for the chair of Animal Biology in your institution, that I regard him as a strong man intellectually and morally. In his under-graduate and post-graduate courses here he did most excellent work. Since graduation he has established a fine reputation as a teacher and investigator. Prof. Pammel is well acquainted with his work and what he says concerning him I most heartily endorse.

Sincerely yours,

Acting President.
