Dear Sir:-

I find that I will not be able to get my recommendations around as soon as I had hoped on account of the meeting at Atlanta Ga.

I wrote asking Prof. Osborn and Prof. Schaffner of Ohio Univ, Dr. Beyer, Dr. Pammel and Acting Pres. Stanton of Ames, Prof Hays of Univ. of Minn., Dr. Lewis of Stillwater Okla., Mr. Titus of Urbana Ill., Prof. Gossard of Lake City Fla., and Prof Buffum of Laramie Wyo. to endorse me. Of these I find that Prof. Hays and Prof. Buffum are at Atlanta and I think Pres. Stanton, also, as I have not heard from him. Dr Aylesworth our Pres. is also at Atlanta and Prof Paddock away attending a meeting of Plant pathologists at New Yory City. Prof. Paddock will be home to-day or to-morrow and those at Atlanta the last of this week when I will be able to get their endorsements if not then too late.

I am writing this so that you may understand the situation and in hopes that the election may be held off another week in which time I will be able to get in all my endorsements.

Sincerely yours,

E. D. Ball
