Apr. 2nd. 03,

Pres. W. J. Kew
A. C. of W. Logan

65

Dear Prof. Kew:—

Allow me to commend your sterling efforts in defending the A. C. of W. before the legislature in the recent controversy. I have followed the articles in the Salt Lake papers with great interest & was sorry to learn how it terminated.

I see that the bill for creating the office of State Veterinarian was defeated.

I beg to inquire again, what my prospects for a position with you at the College, will be? I will graduate June 8th with the degree of D. V. M.

This school has a reputation second to none in the continent, as to my qualifications I refer you to Dr. J. H. Merrill Dean of the Veterinary Department of the Iowa State College.

During my stay here I have also been observing as well as studying along other lines.

I have been present at the short courses offered here, in Grain Judging & in Animal Husbandry.

In the first place I have had extensive experience on the farm & ranch;

also having spent 3 years abroad where by continual observations I have noted considerable along agricultural lines.

I can get a position in the Philippines as Veterinarian, also in the U S Civil service as Veterinary Inspector, but I much prefer something around home where my interests lie, & among my people.

I would be glad to hear from you soon in regard to a position at the A. C. of W. I think I could help considerable in maintaining the high standard as well as increasing the reputation of the institution, as well as persuading many as to the benefits of an agricultural education. Trusting to hear from you at your earliest convenience & wishing you continued success

I am very truly yours
H. J. Frederick.
