This investigation is being conducted solely to prepare the Company's objections to conduct which we believe improperly affected the results of the Union election which was held on August 17, 1979. Your participation or lack of participation in the investigation will in no way affect your job or your rights as an employee.

You have the right to decide whether or not to participate without affecting your job or your rights as an employee.

We are not interested in ascertaining how you voted or whether you are for or against the Union, and we positively assert you have the right to join or refrain from joining any labor organization without fear of reprisals.

We are interested only in the truth.
