

*Highlight***Moving Up The Academic Ladder:
Road to Promotion Series**

6 & 7 August 2019 | Rumah Universiti

In these two separate sessions focusing on different positions, we invited Madam Edzura Jahari and Madam Nohzah Zulkarnain from the Recruitment and Career Enhancement Unit, Human Resource Division to give a briefing on the process of application of promotion.

We were also very honored to have Prof. Dr. Zuraida Md Don to come and give a professional and personal insight to Senior Lecturers and Associate Professors in UM.

Not only Prof. Zuraida showed the steps in a long term planning and a careful strategy for a promotion, but she also emphasized the importance to adapt positive moral values of becoming an academician.

*Highlight***Complex Problem and Activities Assessment for
Undergraduate Students**

19 August 2019 | Red Cube, Faculty of Engineering

We had the honor to have Prof. Dr. Abdul Aziz Abdul Raman to share his experience on implementing complex problem assessment in his undergraduate courses in the Complex Problem and Activities Assessment for Undergraduate Students workshop. Prof. Aziz also shared how the complex problem and activities used in engineering profession can also be adapted in other science and non-science programs.

Highlight

Introduction of SPeCTRUMX in Emerald Teaching and Learning

ADeC introduced the SPeCTRUMX module in the recent series of Emerald Teaching and Learning, a gamified learning experience on SPeCTRUM which was created by Madam Jazihan Mahat with Dr. Farrah Dina Yusop. SPeCTRUMX was introduced in a hope to a better approach to blended learning and give the lecturers the experience of being their own student in the class.
