To Whom it May Concern:-

I take pleasure in stating to any one contemplating employing Mr. Freece that I have known him for upwards of five years in a business way, during which time he has been employed by me for short vacation periods. It is my opinion that Mr. Freece possesses those characteristics which go to make one most useful and successful in life. I believe above all that he is thorough, careful, earnest and persevering. I have known others with whom Mr. Freece has been employed and all seem to hold the same opinion of him. To any one contemplating hiring Mr. Freece I would be glad to write further and at greater length.
