Pres. W. J. Kerr,

Logan Utah.

Dear sir;

Enclosed please
find recommendation. Will
state I am on ~~leave~~ of absence
from the Kansas Wesleyan Univ.
pursuing graduate work in
Harvard. Most of my work is
in Math. Have made long
and careful preparation for
teaching this branch. If you
will correspond with me I think
I can make it of great interest
to you as well as myself.

Respectfully,
W. G. Medcraft

To whom it may concern;

I would like to speak a word in favor of Prof. W. G. Medcraft who is at present pursuing graduate work in Harvard Univ. He is a classical graduate of the K. W. U. and for five years taught mathematics in the college. As a teacher in the Wesleyan, he was second to none of the faculty in the results obtained and won the esteem of his pupils as no other of his associate teachers was able to do. The secret of his success lay in his wholesome manly character and bearing, a thorough knowledge of and ardent enthusiasm for the branches taught. We found Prof. M.

W. G. Medcraft.

not only a splendid instructor but
that he possessed the qualities
which made him a valuable member
of the faculty in the discipline
and management of the school.
Prof. Medcraft is a thorough going
cultured Christian gentleman
amply qualified for work in
any college. I have no hesitation
or reservation whatever in recom-
mending him to all seeking
a competent teacher. We should
regret to lose him at the Wesley-
an but realize he is worthy of a
position and salary beyond the gift
of the K. W. W. at present.
