PRESIDENT'S OFFICE

J. H. PAUL

SALT LAKE CITY, UTAH, Apr. 4, 1903.

This will recommend Joseph W. Jensen, S.B., who for the past two years has been professor of mathematics in this institution and for one year has acted as principal of the high school department. He is an accurate scholar in his line of work and an excellent teacher. I cordially recommend him. He is a man of integrity and of amiable disposition, who succeeds well in class work and attends carefully to details of administration.
