

# SCIENCE SEMINAR

Thursday, January 30 - Carson Taylor 322

**John I. Quebedeaux, Jr.**

Computer Manager

and

**Gabrielle Broussard**

Grants and Development Coordinator

*Louisiana Biomedical Research Network  
Louisiana State University – Baton Rouge, LA*

## “Paid Summer Research Opportunities with the Louisiana Biomedical Research Network”

The Louisiana Biomedical Research Network Summer Research Program provides undergraduate and graduate students \$4000 to \$6000 in support, including housing if needed, for summer research with LBRN investigators located at various institutions across the state. This presentation will summarize the program and the application process. Additional details can be found at: <https://lbrn.lsu.edu/summer-research-program.html>

**Come for refreshments at 3:30pm - presentation at 4:00pm**
