Correction: Thermoresponsive polysarcosine-based nanoparticles

Huayang Yu, a Nicola Ingram, b Jason V. Rowley, a Sam Parkinson, c David C. Green, a Nicholas J. Warren^c and Paul D. Thornton*^a

Correction for 'Thermoresponsive polysarcosine-based nanoparticles' by Huayang Yu et al., J. Mater. DOI: 10.1039/c9tb90172h Chem. B, 2019, 7, 4217-4223.

rsc.li/materials-b

The authors regret that the reagent HPMA was incorrectly named in the original article as (N-(2-hydroxypropyl)methacrylamide). The correct name of the reagent is 2-hydroxypropyl methacrylate. Therefore, (N-(2-hydroxypropyl)methacrylamide) in the Abstract and Introduction should be 2-hydroxypropyl methacrylate, and poly(N-(2-hydroxypropyl)methacrylamide) in the Abstract should be poly(2-hydroxypropyl methacrylate).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
