55-75 *Risky business*: The person you are working with may want to do some more work with you, and or refer you onto another professional to talk about some of the unsafe risks that you are taking.

35-55 *Watch your step*: Well done you are making some good choices, but you may need to do some further work to ensure that you keep yourself safe and healthy at all times

15-35 *Safe as houses*: Good for you. Your answers tell us that you are making good healthy decisions that reduce your chance of risk. Keep up the good work.
