EDITORIAL REMARKS

We are pleased to announce the publication of the PROCEEDINGS OF THE 8TH JAPAN-CHINA TEACHER EDUCATION CONFERENCE.

The Japan-China Teacher Education Conference was founded as an International Conference in 2004 between Naruto University of Education (Japan) and Beijing Normal University (China). Since then, the conference has been held at the two universities alternately approximately every two years.

The 8th Japan-China Teacher Education Conference was held on November 9th and 10th, 2019 under the theme of “Teacher Education corresponding to Change in School Education.” It was organized by Hyogo University of Teacher Education (Japan) at Kato campus and Kobe Harborland campus.

This Proceedings contains 12 papers that were orally presented, and 10 papers that were presented as poster presentation. It is noteworthy that the oral presentations and poster presentations were reviewed by referees in some way when they applied for submission.
