WASHINGTON

Dear Professor Carbone:

I have received your letter of April 27 concerning the possibility of my coming to the University of Mississippi to lecture during the fall term.

I am grateful for your interest, but I think it is extremely unlikely that I shall be in a position to do any lecturing during the coming academic year. My plans are not yet definite, but I expect to undertake a program of intensive study and research which will of necessity preclude this type of outside engagement.

Very sincerely yours,

George F. Kennan
