Energy

THE WHITE HOUSE

WASHINGTON

October 23, 1973

Dear Senator Eastland:

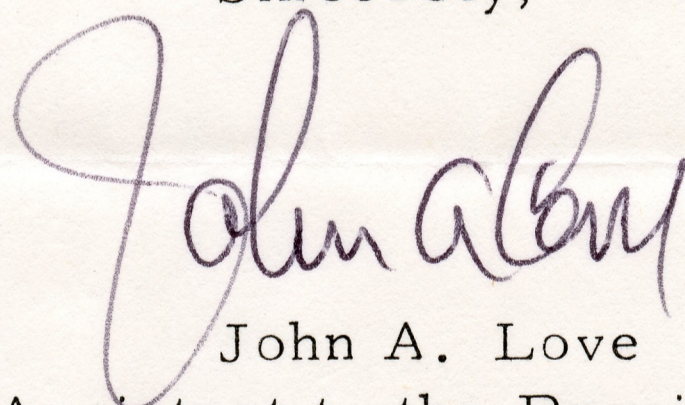

Thank you for communicating to us your interest and concern about the propane situation.

As you probably know, a mandatory propane allocation program has been put into effect as of October 2, 1973.

Although all users may not have received the priority they would choose, it is hoped that this program will stimulate the flow of product and thereby increase its availability to even the non-priority user.

All questions about the program should be directed to the Propane Division, Office of Oil and Gas, U.S. Department of the Interior, P.O. Box 19407, Washington, D.C. 20036.

Sincerely,

John A. Love
Assistant to the President

The Honorable James O. Eastland
United States Senate
Washington, D. C. 20510
