This Book is brought to you for free and open access by the Mississippi City and Counties Postcards at eGrove. It has been accepted for inclusion in Postcards, 2-sided by an authorized administrator of eGrove. For more information, please contact egrove@olemiss.edu.

LONGWOOD set in a forest of moss draped trees, was being erected in 1860-1861 for Haller J. Nutt, Doctor of Science, who died in 1864. It was planned to be one of the most elaborated houses of the ante-bellum period. Sam Sloan of Philadelphia was the Architect of this astonishing edifice which remains unfinished even today as all building was discontinued during the Civil War.
