Sunday

Dear Rivers,

This has been a hot, sultry Sunday afternoon. Mom came out and had dinner with us at noon, but wanted to go back home and try to get cool soon thereafter.

I was very impressed with the message Mr. Hunter brought to those of us left behind. That is - to try and live a life of Christian devotion to church, family, and friends - which is

had Claremont fixed as a  
honeymoon cottage for us.

Remember there are 24 hours  
in every day - some things  
will have to wait for tomorrow.

Respectfully,  
Joe
