Overview of AICPA and Its Committee Structure

MISSION STATEMENT AND OBJECTIVES

The current AICPA Mission Statement, as revised in November 1995, states that:

The American Institute of Certified Public Accountants is the national, professional organization for all Certified Public Accountants. Its mission is to provide members with the resources, information, and leadership that enable them to provide valuable services in the highest professional manner to benefit the public as well as employers and clients.

In fulfilling its mission, the AICPA works with state CPA organizations and gives priority to those areas where public reliance on CPA skills is most significant.

Additionally, to achieve its mission, the Institute pursues five objectives:

Advocacy

Serves as the national representative of CPAs before governments, regulatory bodies, and other organizations in protecting and promoting members' interests.

Certification and Licensing

Seeks the highest possible level of uniform certification and licensing standards and promotes and protects the CPA designation.

Communications

Promotes public awareness and confidence in the integrity, objectivity, competence, and professionalism of CPAs and monitors the needs and views of CPAs.

Recruiting and Education

Encourages highly qualified individuals to become CPAs and supports the development of outstanding academic programs.

Standards and Performance

Establishes professional standards; assists members in continually improving their professional conduct, performance, and expertise; and monitors such performance to enforce current standards and requirements.

ROLE OF VOLUNTEER MEMBERS

The AICPA's mission is carried out through the volunteer work of approximately 2,000 members serving on the Institute's governing Council, Board of Directors, and its boards, committees, subcommittees, and task forces. Council is the governing body of the AICPA with 264 members from every state and U.S. licensing jurisdiction. It meets twice a year and is responsible for establishing the Institute's general policy. It is composed of AICPA members from each state/jurisdiction. One AICPA member is designated by each state society for a one-year term and members from state societies with vacancies on Council are elected each year for a three-year term. In addition, the 23 members of the Board of Directors, the past Institute chair, and 21 members-at-large serve on Council.

OVERVIEW OF AICPA AND ITS COMMITTEE STRUCTURE (CONT'D)

The Board of Directors acts as the executive committee of Council, directing Institute activities between Council meetings: It meets seven times a year. The 23-member board includes 16 directors and three public members who serve for three-year terms; the chair, vice chair, and immediate past chair; and the president, who is a member of the Institute staff.

The Committee Operations Committee evaluates activities of all Institute committees against the AICPA Mission Statement and Strategic Plan and advises the Board of Directors on the continuance of existing committees and on the need for appointment of new committees.

Each year, the chair of the Board of Directors appoints approximately 1,300 members to serve on more than 100 committees and subcommittees, and all major segments of the membership are represented. Another 500 members serve on boards, committees, and task forces that are separate from the appointments by the Board chair.

COMMITTEE TERMINOLOGY

Board

The bylaws for a Board of Directors, a Joint Trial Board, a CPE Board of Management, an AICPA Peer Review Board and a Board of Examiners. Hence the term "Board" is used in connection with these bodies.

Special Committee

A special committee is a committee appointed by the Board of Directors or by the Chair of the Board solely to undertake a special one-time project and to be disbanded upon the completion of that mission. A special committee is distinguished from a task force by the fact that it is not responsible to an activity executive committee and is not created or appointed by an activity executive committee chair.

Division

A division is the combination of executive committees, subcommittees, task forces and staff having responsibility for a major area of activity and assigned divisional status by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Executive Committee

An executive committee is the standing parent group responsible for policy-setting in an area of activity that has been assigned divisional status. Executive committee members are appointed by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Committee

A committee is a standing committee responsible for policy-setting in an area of activity that has not been assigned divisional status. Committee members are appointed by the Chair of the Board with the concurrence of the Board of

Directors when required by the bylaws. Committees designated as advisory are not responsible for policy-setting, but are appointed to provide the views of membership groups to policy-setting boards and committees.

Subcommittee

A subcommittee is standing group which may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. Subcommittees shall be appointed by the Chair of the Board except that a planning subcommittee may be appointed by the chair of the related executive committee or committee. The work of a subcommittee is subject to overall review by the related executive committee or committee.

Task Force

A task force is a group appointed to undertake a specific project which will terminate on the completion of its assignment. It may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. A task force is appointed by and reports to the chair of the related executive committee or committee. (Task Forces are not included in this report.)

Senior Committees

The by laws provide that the Council may designate committees as “senior” committees. Appointments to a senior committee require the approval of the Board of Directors. The following committees have been designated as senior:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Auditing Standards Board
- Board of Examiners
- CPE Board of Management
- Information Technology Executive Committee
- Management Consulting Services Executive Committee
- Personal Financial Planning Executive Committee
- Private Companies Practice Executive Committee
- Professional Ethics Executive Committee
- SEC Practice Section Executive Committee
- Tax Executive Committee

The following senior committees have been designated as “senior technical” committees and are authorized to make public statements, without clearance from the Council or the Board of Directors, on matters related to their area of practice:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Auditing Standards Board

VISION AND VALUES

In carrying out the mission and objectives of the AICPA and supporting the work of the Institute's committees, the staff of the AICPA developed the following Vision and Values Statement to guide them in their efforts:

The AICPA is the Premier National Professional Association in the United States. Our employees are a diverse, Unified Team Who:

- Are committed to member service and the public interest, providing the highest quality products, services, and support possible.
- Listen and respond to the needs and expectations of members, prospective members, the public, and one another.
- Serve members with excellence.
- Act with the highest ethical behavior, performing with integrity and professionalism.
- Are committed to learning and using new or existing tools and technology to its maximum potential.
- Are responsive to others in a respectful and courteous manner.
- Embrace change and approach challenges with "can do" enthusiasm and creative thinking.
- Constantly seek opportunities to attract and retain members, offer additional products or services, reduce costs, and improve productivity.
- Are empowered to problem-solve and make decisions with the expectation of support by the AICPA.

The AICPA is Committed to Providing Its Employees With:

- Timely training to acquire the knowledge and skills needed for current and future jobs.
- Opportunity for professional and personal growth through job enlargement, rotation, and education.
- A team environment that fosters participation, diversity, differences of opinion, and a commitment to excellence.
- Technology and related training and support needed to do an effective job within budget limitations.
- A system that recognizes and rewards outstanding performance, ongoing contributions and innovations of individuals and teams within the AICPA.
- Empowerment to problem-solve and make accountable and responsible decisions.
- A process that respects and utilizes contributions from staff throughout the Institute.
- Opportunities for promotion from within, when qualified and possible.
- Above all, a professional environment that values open and candid communications based on honesty, trust, respect, healthy competition, and conflict resolution.

AICPA Board Policy Statement on Discrimination and Sexual and Other Forms of Harassment in the Workplace

Committee members are reminded that the following AICPA Board Policy Statement which was recently published in The CPA Letter applies not only to Institute Staff but also to all committee members while engaged in committee activities.

The purpose of this statement is to reaffirm the policy of the American Institute of Certified Public Accountants of condemning discrimination and sexual and other forms of harassment — which are violations of federal, state and municipal law — in the accounting workplace and the client organizations our members serve. The AICPA believes that incidents of discrimination and harassment are inexcusable and should not be tolerated in the accounting profession.

The AICPA encourages all employers in the accounting profession, regardless of size, to condemn discrimination and harassment of all kinds by communicating to their management and employees that such discrimination and harassment will not be tolerated; that they will investigate complaints of such discrimination and harassment immediately and confidentially; and take whatever action is necessary, including dismissal of personnel, to eliminate the problem. The AICPA also encourages all such employers to attempt to prevent discrimination and harassment of all kinds through the adoption of comprehensive policies and by implementing education programs to inform management and employees of their rights and obligations under such policies.

No person, either male or female, professional or administrative, should be subject to unsolicited and unwelcomed verbal or physical conduct of a discriminatory or sexual nature. Such conduct could include stereotyped or demeaning remarks or gestures offensive to either gender or to racial, ethnic or religious groups. Accordingly, all professional and administrative personnel who believe they have been subjected to discrimination or harassment from other personnel or third parties should be encouraged to report such incidents or conduct to appropriate persons in the organization immediately to assure that suitable actions are taken to curtail and prevent such conduct.

In the event of substantiated discrimination or harassment by a client, customer, supplier or another employee, the organization's management should take prompt remedial action to ensure a discrimination/harassment-free workplace for the individual. Although there are limits on the ability to influence client or supplier behavior, possible remedial steps could include immediate discussion with the client, sending a letter of objection or refusal to continue the business relationship. In any event, the message should be clear that such conduct will not be tolerated and must stop immediately. All workplace policies against discrimination and harassment should be clear that it is the obligation of every person within the organization to comply with the policies against discrimination and harassment in both practice and spirit.

OVERVIEW OF AICPA AND ITS COMMITTEE STRUCTURE (CONT'D)

The AICPA is committed to raising awareness about discrimination and sexual and other forms of harassment and its prevention in the accounting workplace through the following activities:

- Publishing articles in the *Practicing CPA* and the *Journal of Accountancy* relevant to the identification, prevention and resolution of discrimination/harassment complaints.
- Publishing guidance for firms in the *Management of an Accounting Practice Handbook* for the establishment and management of an antidiscrimination/harassment policy, including a sample of such policy.
- Presenting educational workshops that enhance awareness of such discriminatory/harassment conduct and its prevention.

ASSURANCE SERVICES SPECIAL COMMITTEE

OBJECTIVE: To analyze and report on the current state and future of the audit/assurance function and the trends shaping the audit/assurance environment, focusing on the current and changing needs of users of decision-making information and other stakeholders in the audit/assurance process and how best to improve the related services provided to those parties. The Committee shall consider whether the definition of the audit/assurance function should be modified or supplemented and whether the profession needs an additional set of concepts. In formulating recommendations for improvement and ideas for implementation the Committee shall balance practicality, vision, and the need for change which the study reveals and shall take a long view (e.g., five to ten years or longer).
