Dear Mrs. Morgan:

Thank you very much for your letter of February 6. I have been out of the city for some time, and apologize for my delay in answering. I, too, have heard things about the attitude of some professors at Mississippi College which causes me concern. Several times Dr. Caskey and I have discussed it.

If you know something specific that I could take up with Dr. McLemore, I would be glad to do so. There are many alumni who would be up in arms if any attempt were made to integrate Mississippi College.

We certainly do appreciate the support of you and your husband in the Citizens' Council work. I am glad you wrote me about this matter, and of course I will not use your name. I'll try to find out what is going on, but it will help to have something definite.

With cordial personal regards, I am

Sincerely,

Bill Simmons
