# 2019 COMMENCEMENT SPEAKER

## **DR. ALBERT BORGMANN**

Regents Professor Emeritus of Philosophy

I was born and raised in Freiburg, Germany, in the shadow of the Black Forest, the University of Freiburg and the great Gothic Minster, and hence the natural environment, the life of the spirit and Christianity have been the focal points of my life.

Coming to this country in 1958 was a liberating and invigorating event. It changed my life and gave me ambition and energy. I received an M.A. in German literature from the University of Illinois (Urbana-Champaign) in 1961 and then returned to Germany to get my Ph.D. in philosophy from the University of Munich in 1963.

My family and I returned to this country in 1964. I taught at the University of Illinois in Urbana-Champaign, DePaul University in Chicago and the University of Hawaii in Honolulu. In 1970 we came to Missoula and settled down, grateful ever since for the good fortune of the place and the privilege of being a member of the philosophy department and the University of Montana.

The University has been a place of deliberate and unhurried thinking, teaching and writing. The outcomes of this favorable setting have been "Technology and the Character of Contemporary Life" (University of Chicago Press, 1984), "Crossing the Postmodern Divide" (University of Chicago Press, 1992), "Holding On to Reality: The Nature of Information at the Turn of the Millennium" (University of Chicago Press, 1999), "Power Failure: Christianity in the Culture of Technology" (Grand Rapids, MI: Brazos Press, 2003) and "Real American Ethics: Taking Responsibility for Our Country" (University of Chicago Press, 2006).

- Dr. Albert Borgmann

During his years in the philosophy department, Professor Borgmann has been an unfailingly good citizen of the department and the University. In addition to writing and publishing five important books and being named a Regents Professor, Borgmann has always carried, generously and thoughtfully, a full share of the ordinary work of the department – serving as chair, serving on department and University committees, mentoring colleagues and students and always being available in his office, literally from 8 to 5, five days a week, for counseling and conversation. He created and managed for more than 30 years the Philosophy Forum, a place where, once a week, anyone from across campus and in the community could present their scholarly work. While a deeply kind and lovely human being, often generous with praise, Borgmann has also been a forceful critic of sloppy intellectual work and bad ideas. He believes stubbornly in the life of the University and in the life of the mind. He has been an honorable part of the life of this University for almost 50 years, and we've all been lucky for his presence here.

- Dr. Tom Huff

Emeritus Professor of Philosophy  
long-time colleague of Dr. Albert Borgmann
