Santa Claus To Arrive At Airport 5:45 To Lead Parade To Courthouse Square

More Than 15 Floats, 2 Bands To Be Seen Tomorrow In Giant Spectacle

Santa Claus is scheduled to arrive at the Murray airport at 5:45 tomorrow evening to officially begin the Christmas season in this city. He will be met by an official delegation headed by Mayor George Hart.

Santa will be transported by auto to the Triangle Inn, Twelfth and Sycamore streets, where he will head one of the largest parades ever to be seen in Murray.

A state police squad car will precede the giant spectacle, clearing the streets of autos and two-wheeler spectators. The guest of honor from the North Pole, together with city and Chamber of Commerce officials, will follow in a large, open-top automobile.

Next will come the college band and the high school floats which are eligible for prizes. Then more floats and cars will precede the high school band. Still more floats and decorated autos will bring up the end of the parade.

Hiram Tucker, parade marshal, stated this morning that 15 or 16 floats had already been registered with him. He said that the art department at Murray State College is planning a mammoth float which will include Santa's sleigh and reindeer.

Remember SANTA CLAUS PARADE
 Tues., Nov 25

cautioned, however, that all persons who plan to be in the parade must be at the Triangle Inn not later than 6:00 o'clock so that their places can be assigned.

The Christmas lights which have been strung around the square will be turned on for the first time at 5:30 tomorrow to honor Santa Claus' arrival.

Conditions In This Country Far From Hopeless—Dean Nash

Dean Nash, of Murray State College, Friday told the Hopkinsville Kiwanis Club that he did not believe that we should be pessimistic over existing conditions.

Speaking before the group at their regular meeting he said that a glance at the nation's three basic institutions showed conditions in this country "are far from hopeless." He named the home, church and schools as the three institutions.

The educator said that for a number of years he had had contacts with young people through his work, and he found them to be "honest and truthful."

College Library Furnishes Film To 47 Schools

Grown out of its yearling stage, the cooperative library of educational films at Murray State College has advanced well into its second year of service to western Kentucky schools.

Organized in September of 1946, the library regularly furnishes 47 member schools with films covering practically every phase of their school work. M. O. Wraether, director of Murray's extension department, was instrumental in setting up the service and now directs it.

Leading Scientists To Study Atomic Energy for Farmer

AUBURN, Ala., Nov. 23 (UPI)—More than 300 of the nation's leading scientists meet here December 18-20 in the heart of the agricultural South to study for the first time how atomic energy may be put to work to aid the farmer.

Research specialists from Pullman, Wash., to Gainesville, Fla., will explore the possibilities of using radioactive isotopes on fertilizers, plant growth, soil fertility, husbandry, horticulture, gardening, entomology, field crops, cattle raising and many other fields.

The huge agricultural experimental station of the Alabama Polytechnic Institute will be turned over to the scientists during the three-day conference.

Receiving particular attention will be the study of photosynthesis, the process carried on in green plants which uses the energy of the sun to build food elements from carbon dioxide and water. By this means energy from the sun is stored in carbohydrates to be used as food by both plants and animals.

LIONS CLUB WILL NOT MEET TUESDAY NIGHT

Sam C. McKee, president of the Murray Lions Club, announced today that the club would not hold its regular meeting tomorrow night (Tuesday) because of the Christmas program scheduled at that time.

The next meeting of the Lions Club will be held Tuesday night, December 5.

BEING GROOMED—Walter Van Eps, first offspring of his movie father, Willard Parker, poses nicely for his dad in his photographic debut. The husky youngster weighed only six pounds when born to Marion Parker six months ago, but looks today as if he's ready to steal a few scenes.

Farmers Asked To Produce 9 Million More Acres Grain

WASHINGTON, Nov. 24 (UPI)—The government called on the nation's farmers today to produce about 9,000,000 more acres of grain crops next year than were harvested this year.

Secretary of Agriculture Clinton P. Anderson announced the national production goal of 356,000,000 acres for 1948. The goal included 296,000,000 acres of cultivated crops and 60,000,000 acres of hay.

Anderson said the suggested goal would require a "heavy drain on our already strained soil resources. But that is inevitable, he said, "if this nation is to provide a good share of the food needed so desperately by hungry nations abroad."

"Farmers must take all possible precautions to guard against irreparable damage to the land," Anderson said. "In the years to come, there will be an urgent need for greatly accelerated conservation."

While the grain goals remained high, reductions were suggested in the numbers of grain-consuming livestock. Next year's goal for production of poultry and eggs, pigs and cattle were far below the wartime level but still slightly higher than average for five pre-war years.

Livestock goals will not provide all the meat needed to fulfill demands, but they represent maximum deemed possible in order to save the greatest amount of grain, the Agriculture Department said.

"It predicted there would be about 143 pounds of meat per capita for domestic consumption next year as compared with 156 pounds this year.

Next year's goal for wheat acreage was 4,000,000 acres above last year's goal, but still was 2,000,000 acres below this year.

Tobacco and peanut goals were cut back to prevent waste of production facilities through output in excess of demands, the department said.

Poultry goals were reduced by 20,000,000 birds in accordance with Citizen Food Council's grain-saving program. As a result the goal for egg production was reduced to 4,200,000 dozen, or 92 per cent of this year's indicated production.

The goals represent the department's recommendations to the various states. The final goals will be announced early next year after the department receives reports on production conditions from the states.

Here are 1948 goals for major crops in the nation, followed by (1) Production this year, (2) during the war years, and (3) during the five pre-war years:

Corn—92,120,000 acres, (1) up seven per cent; (2) same; and (3) same.

Tobacco—552,000 acres, down 19 per cent, down seven, per cent, down four per cent.

Sweet Potatoes—651,000 acres, same, down 11 per cent, down 12 per cent.

Wheat—75,095,000 acres, down three per cent, up 19 per cent, up eight per cent.

Milk Production—120,000,000 pounds, same, up one per cent, up 11 per cent.

Egg Production—4,200,000 dozen, down eight per cent, down eight per cent, up 29 per cent.

Chicken Production—696,104,000 head, down seven per cent, down 20 per cent, up four per cent.

Spring Pigs—50,000,000, down six per cent, down 15 per cent, up seven per cent.

Cattle on Farms Jan. 1, 1946—76,322,000, down six per cent, down seven per cent, up 13 per cent.

Sheep and Lamb on Farms Jan. 1—31,500,000, down three per cent, down 27 per cent, down 31 per cent.

Pvt. Harry Hawkins Finishes Basic Training At Ft. Knox

FORT KNOX, Ky., Nov. 23—Private Harry R. Hawkins, Jr., son of Mr. and Mrs. H. B. Hawkins, Murray, Ky., graduated from a 13 weeks basic training cycle as a member of Troop B, 83rd Mechanized Cavalry Reconnaissance Squadron, Combat Command A, Third Armored Division, at ceremonies at Brooks Field here today.

Prior to entering the service Hawkins attended Mayfield High School, where he won letters for playing on the school track and basketball teams.

Callowayans Invited To Participate In Inauguration Ceremonies Dec. 9

Mr. Carl Kingins, Murray, Kentucky.
 Dear Mr. Kingins:

On Tuesday, December 9, 1947, Earle C. Clements and Lawrence W. Weatherly will be inaugurated as Governor and Lieutenant Governor, respectively, of Kentucky, and we are planning a gala occasion for those ceremonies.

Since you were Democratic Campaign Chairman for your county in the recent election, we know you and others in your county will want to be present and participate in those ceremonies, and we would like for you to act as "Inaugural Chairman" for your county, and to assist us in making this the outstanding inauguration in Kentucky's history.

It must be kept in mind that any group or unit proposing to participate in the parade must be in Frankfort and in line not later than 9:00 o'clock on the morning of December 9th. In the event that your county will have marching units in the parade, and upon receipt of information to that effect, we will again contact you with respect to your position in the line of march, where the parade will assemble, etc.

For your general information the following may be of some interest:

(a) The Inaugural Parade will start in downtown Frankfort at or about 9:30 a.m. and will proceed to the State Capitol where it will be reviewed by the incoming and outgoing Governor, and following which Mr. Clements and Mr. Weatherly will be sworn in.

(b) A reception will be held at the State Capitol building on the night of December 9th, beginning about 8:00 o'clock, which will be followed by the Inaugural Ball. Formal attire is neither necessary nor required for either of the foregoing.

(c) It will be extremely difficult for out-of-town visitors to obtain rooms for either the 8th or 9th. It will be impossible to obtain rooms at local hotels as their capacity has been taken for some time. Our Housing Committee will do everything possible to assist out-of-town visitors in obtaining accommodations, but it is suggested and urged that those expecting to attend the Inauguration should arrange for their own rooms.

(d) No formal invitations will be issued. Although at this time we are inaugurating a Democratic Governor, yet the occasion is one in which all Kentuckians, regardless of race, color or political affiliation, will participate. It is a public function in every sense of the word, and all persons are most cordially invited to attend.

Assuring you of our appreciation for your cooperation and assistance, we are,

Very truly yours,
 INAUGURAL COMMITTEE
 By Louis Cox, Chairman.

PRODUCE

CHICAGO, Nov. 24 (UPI)—Produce:

Poultry: Two turkeys; 20 cars; farm; black chickens 20; lens 23; Leghorn hens 19; fryers 30 to 34; broilers 30 to 32; Plymouth Rock springs 31; White Rock springs 31; colored springs 27; Tom turkeys 30 to 1; hen turkeys 43; young geese 28; swan geese 23; ducklings 30; guineas 25; common barn pigeons 1.00 doz.

Cheese: twins 42 to 44 1-2; single daisies 43 3-4 to 44 1-4; Swiss 69 to 72.

Butter: 467,673 lbs; nervous; 93 score 92; score 79; 90 score 75-1-2; 89 score 67; Charlots; 90 score 76; 89 score 67.

Eggs: 20,480 cases; extras 1: 60 to 62; extras 2: 55 to 60; 3 and 4: 49 to 52; standards 1 and 2: 47 to 48; 3 and 4: 45 to 46; current receipts 45 to 46; dirties 36 1-2 to 37 1-2; checks 35 1-2 to 36 1-2.

MSC Thoroughbreds Win KIAC Title By Defeating Traditional Rivals Here

Over 5000 Fans See Breds Take 21-0 Win Over Hilltoppers In Final Game

By DON BRUMBAUGH

The advance ticket sale for the Murray H. S. Memphis C.B.S. Thoroughbred football game begins today. General admission tickets are \$1.00 if bought now, and will cost \$1.20 on game day.

Tickets may be purchased at the Wallis Drug store or at the High School.

Lynn Grove P.T.A. Plans Banquet For 10th Anniversary

The Lynn Grove Parent-Teachers Association met for their regular monthly meeting on November 19 at 2:30. Mrs. Paul Carter, president, presided. The minutes and treasurer's reports were given by Mrs. Lucian Ridings, secretary.

Reports on the fall conference were made by Mrs. Marvin Parks and Mrs. H. S. Rogers. Plans have been completed for a banquet at the school on December 11 in honor of the tenth birthday of Lynn Grove P.T.A. Proceeds will go for the choir fund.

A P. T. A. sticker was given to Mrs. Braumley's room for having the most mothers present. Mrs. Edwin Warren, room representative, and the room mothers are making plans for prizes to be given to the room having the most parents present and with highest parent membership.

Mrs. Herman Lassiter was appointed magazine chairman, and Mrs. J. H. Doran juvenile protection chairman.

Mrs. Prentice Beasas was in charge of the program. The devotional was given by Mrs. Bernell Lawrence with Rev. Luther leading the prayer. Education was the subject and was thoroughly discussed by the high school teachers. Mrs. Otis Lovins spoke on agriculture in the absence of Mrs. Hilton Williams. Mrs. Tommy Sandefer, home ec. teacher, told of the seven-point program, which she is teaching English and its importance was ably discussed by Mrs. Marvin Cohlmeier. Mrs. Burton Jeffrey, social sciences and history teacher, stressed what history will do to the pupil, and as it being one of the ideal and wide-awake subjects in school. Mathematics and arithmetic was presented by Mr. Burton Jeffrey, principal, and his relations to every day living.

The main speaker was Rev. Harold Luther, who spoke on Spiritual Education and its importance.

Refreshments were served by Group 3 with Mrs. Gordon Couch chairman. The Thanksgiving theme was used with decorations and service. —Mrs. Otis Workman.

Grove Blue Devils Still Have No Tilt For Thanksgiving

PARIS, Tenn., Nov. 24—Coach Robert Jelks this morning stated that he had telephone calls in from Lexington and Whitehaven in an effort to schedule a final home game for the hard-scrapping Grove Blue Devils.

Grove attempted to schedule a game with Parsons for the evening before Thanksgiving, but Coach Jelks said this morning that Parsons had advised him that they could not play here.

Grove missed a chance to play Dyersburg in the Big Ten Conference playoff by a narrow margin. Brownsville, who nipped the Blue Devils out for a chance at the championship, and Grove had both suffered one conference loss, but the Brownsville team was given the nod in the rating system.

The annual Murray-Grove Turkey Day tilt was canceled after the Murray Tigers scheduled a game with a Memphis team. Coach Ty Holland said that the Murray squad wanted a definite game for Thanksgiving and could not wait to learn of the outcome of the Devils and Brownsville for conference honors.

PIANIST AT PLAY—William Kapell, concert pianist who has just returned from a European tour, relaxes in the back yard of his New York home by working at his hobby, oil and water-color painting. Early in December Mr. Kapell leaves for an extensive concert tour of the U. S.

PUBLICATION NOTICE

The Ledger & Times will not be published on Thanksgiving Day, Thursday, November 27. Any advertising or news intended for Thursday's publication will be published in Wednesday's paper.

WINGED SWORD SWALLOW—Only the hilt of a six-inch-long rounded rod shows above the bill of this pet grackle. The bird was trained to swallow the cod-liver-oil-coated "sword" by the Rev. Wendell Hansen, a bird fancier and trainer. He often uses his birds to enhance his sermons.

Fine Herbs Enhance Good Meat Flavor

A renewed interest in the finer points of cooking has come about with the return of more and more foods to the market since war days. Of the most important of these trends, according to Reba Staggs, home economist, has been the attention given to seasoning meats with herbs.

The use of herbs gives the imaginative homemaker a chance to make each dish a new and delectable combination. A single herb, or a group of herbs with the accent on one, can be used. Perhaps the wisest way to learn how to season correctly is to start with a half a dozen of the most familiar herbs, and use one at a time until the flavor qualities are known.

Miss Staggs suggests making a list of the various herbs appropriate for different meals, which may be tacked on the kitchen bulletin board or inside cupboard door for handy future reference. Here is a basic list to guide the beginner:

BEEF: Basil, sweetmarjoram, summer savory, thyme, rosemary.

VEAL: Rosemary, summer savory, thyme, sage.

LAMB: Sweet marjoram, summer savory, rosemary, mint, dill.

PORK: Sage, basil, rosemary, sweet marjoram, chives.

HEIFERS PROFITABLE
R. K. Kelley, Calloway county soils assistant, tells how good cattle run on good pastures return a profit. V. B. Gardner of Lynn Grove bought nine heifers last spring and sold them in the fall for a profit averaging \$78.40 a head. They ran on 18 acres of redtop, lespedeza and sweet clover four months and a week. They weighed 560 pounds when bought and 930 pounds when sold.

A total travel distance equaling 12 trips around the world in 74 months is the flight record of Seaman R. L. Wickham, enlisted flight orderly of the Naval Air Transport Service. In flying 289,000 miles in that time, Wickham served NATS passengers 4,320 in-flight meals.

Ex-Service Men's News

Veterans, their dependents and beneficiaries in Ohio, Michigan and Kentucky received \$4,583,500 during October in various benefits available to them under the laws enacted by Congress. It was reported today at the Veterans Administration tri-state Branch Office in Columbus, Ohio.

The state totals were: Ohio, \$1,910,100; Michigan, \$13,899,900; Kentucky, \$8,581,000.

The totals include expenditures for educational benefits, disability and death pensions and compensation autos for amputees, G. I. loan interest, burial allowances, and unemployment and self-employment allowances. The latter two benefits, while paid by VA, are administered by the respective states.

VA said expenditures for medical and dental care and payments for insurance benefits are not computed in the totals.

There are 2,057,175 veterans of all wars residing in Ohio, Michigan and Kentucky, according to records at the Veterans Administration tri-state Branch Office in Columbus, O.

The totals by states are: Ohio 985,230; Michigan, 734,310; Kentucky, 337,635.

VA said there are 1,629,900 World War II veterans in the three states including 784,051 in Ohio, 572,027 in Michigan and 273,822 in Kentucky.

In a move aimed at improving the quality of veterans' newly-built homes, Veterans Administration has announced inauguration of a new plan for VA inspection of the houses while they are under construction.

Officials at the VA's Columbus (O.) Branch Office said the plan provides for a pre-construction appraisal of "reasonable value" for G. I. loan purposes, based on complete plans and specifications, and for a minimum of three interim inspections as the work advances to assure adherence to the standards agreed upon. The plan is applicable to new home developments of five or more family units.

QUESTIONS AND ANSWERS

Q: What veterans have preference to VA hospital beds?

A: Veterans suffering from service-connected disabilities and those requiring emergency treatment are given preference to hospital beds.

Q: Can you tell me what the deadline is for a disabled veteran to apply for one of the special equipped automobiles?

A: The last date on which applications can be approved is June 30, 1948. However, in order to give ample time for the processing, you should apply at least 30 days prior to that date.

VA PAYMENT

Veterans Administration paid \$8,581,000 in various benefits during October to Kentucky veterans, their dependents and beneficiaries, it was reported today by the VA's Regional Office in Louisville.

The major expenditure was \$3,654,900 in subsistence allowances paid to veterans enrolled in educational and job training courses. Another major item was an outlay of \$2,916,500 in disability compensation payments.

The October total also included death pensions, autos for amputees, G. I. loan interest, burial allowances, and unemployment and self-employment allowances. The latter two benefits, while paid by VA, are administered by state agencies.

VA said expenditures for medical and dental care and payments for insurance benefits were not computed in the totals.

At the outbreak of the Revolutionary War, the United States had no Navy Department or ships and only a few armed merchantmen.

PLEATS APLENTY—Accordion pleats in peppermint pink satin, gathered in tight rows at the skirt and spread in wide sunburst folds for the blouse make a luxurious negligee for actress Janis Paige. This Milo Anderson creation follows graceful Grecian lines, with interest centered on the full, bloused back.

QUITE FEMININE—Swiss lace motifs decorate the round-necked and filmy front of a dainty gilet in frosty white, transparent Swiss organdy for resort and springtime wear as a feminine trill with tailored suits.

BY EWING GALLOWAY

Once in a long while somebody comes along with material for this column and I don't have to do the writing myself. This time it is Harry W. Schacter, President of the Committee for Kentucky. The paragraphs are lifted from his 44-page history of the committee.

To me, the profoundest tragedy of our Christian civilization is that throughout these 2,000 years, we have spent the greater part of our effort, our thought, and our care to the idea of pulling apart. We have made of it an art and a science. We have become expert at it. We have become professional at it. Tragically, our approach to the idea of pulling together throughout this time has been weak, inept, bungling, and amateurish.

"I think that you will agree that self-preservation is the strongest instinct in man. It must be perfectly obvious that the idea of pulling apart is detrimental to self-preservation, whereas the idea of pulling together is conducive to it.

Isn't this, then, the most important question that we should ask of our Christian civilization: Why is it that in these 2,000 years, we have devoted most of our time, our thought and our care to the idea of pulling apart, when that idea is so inimical to self-preservation? Why have we done so little or the idea of pulling together, which alone can save our civilization?"

"I don't profess to have the answer, but I do have my answer: It is that in all these years, because of lack of and sense of insecurity, we have enthroned mistrust, misunderstanding, and hate in our minds and in our hearts. Had we followed the ethical precepts of Jesus and enthroned mutual trust, human sympathy, and understanding, the history of our Christian civilization would have been profoundly different.

"For the first 1945 1-2 years we were able to survive the struggle between these two ideas. We could pull apart all over the world and then, when exhausted, try to pull together again. Somehow we always had another chance. But on the morning of August 6, 1945, with the dropping of the atomic bomb on Hiroshima, a new world began. Never again will we have another chance to pull together after we have pulled apart. If once again we pull apart in this world, it will be the end of our civilization."

self-preservation is the strongest instinct in man. It must be perfectly obvious that the idea of pulling apart is detrimental to self-preservation, whereas the idea of pulling together is conducive to it.

Isn't this, then, the most important question that we should ask of our Christian civilization: Why is it that in these 2,000 years, we have devoted most of our time, our thought and our care to the idea of pulling apart, when that idea is so inimical to self-preservation? Why have we done so little or the idea of pulling together, which alone can save our civilization?"

Never again will we have another chance to pull together after we have pulled apart. If once again we pull apart in this world, it will be the end of our civilization."

Meaty Dishes Save, Share Popular Food

This is the day of the leftover. It is important from the standpoint of both sharing and saving to save every bit of food available, and serve it attractively.

The average homemaker needs constant addition to her file of recipes for serving left-overs, says Reba Staggs, home economist. Miss Staggs suggests clipping recipes and serving suggestions from newspapers and magazines, then mounting on recipe cards for easy reference.

A good idea which will win favor with the family is to serve from cubed left-over meats. Here golden brown meat fritters made is a recipe suggested by Miss Staggs:

- Meat Fritters**
1 pound left-over beef, lamb, pork or veal roast, cut in pieces about 1x1x3 inches
- 1-2 cups sifted flour
 - 1-4 teaspoon salt
 - 2 teaspoons baking powder
 - 1 egg, well beaten
 - 2-3 cup milk
- Lard for deep-fat frying
Sift dry ingredients and add eggs and milk. The batter will be thick enough to completely coat the meat. Dip the meat in batter and fry in enough lard at 360 degrees F. to cover until golden brown. Serve 6.

BOY WONDER—Ferruccio Burco, eight-year-old Italian orchestra conductor, is considered so good that his name is being mentioned with Mozart's. After successfully conducting a performance of "Cavalleria Rusticana" at the Scala in Milan, he is currently in Paris to lead the celebrated "Concerts Colonne," and has been offered many new contracts.

- 2-3 cup milk

Lard for deep-fat frying
Sift dry ingredients and add eggs and milk. The batter will be thick enough to completely coat the meat. Dip the meat in batter and fry in enough lard at 360 degrees F. to cover until golden brown. Serve 6.

BELIEVE METEOR
NASHVILLE, Tenn., Nov. 17—(U.P.)—Scientists estimated today that it probably was a ton-sized meteor which exploded over the mid-state area last night and caused a bright multi-colored light reported seen at points as much as 185 miles apart.

The meteor, as it was believed to have been, apparently exploded in the air in the Shelbyville-Manchester area of middle Tennessee, as reports said an explosion was heard in that area. Reports of the flash having been seen also came from Nashville, Springfield, Cookeville and Manchester in middle Tennessee and from Knoxville, Chattanooga and Athens in east Tennessee. Knoxville and Shelbyville are 185 road miles apart.

Two military planes aloft in the Nashville area also reported seeing the brilliant flash of white, yellow and blue light.

Dr. Carl K. Seyfert, Vanderbilt University astronomer, estimated the meteor must have weighed at least 1,000 pounds and probably a ton. He said he believed large fragments probably plunged into the earth.

The Nashville fire department sent engines to the airport on receiving a report a plane had exploded in Unionville, near Shelbyville. A man reported seeing the light and hearing an explosion and then "smelled powder burning."

READ THE CLASSIFIEDS

Speaking of Values

The true value of telephone service is much greater than its cost. Many types of concerns depend entirely upon the telephone to secure business. To them it is indispensable—yet the cost is only a few dollars a month. In fact, in all business, the value of telephone service is far greater than the cost.

The same is true with respect to the everyday home and social use of the telephone. There are times when just one call alone may be worth the cost of the service for several months. If you kept an account of trips your telephone saves you each month and of the comfort, protection and pleasure it affords, you would find that the price you pay is much less than the value you receive.

The amount you are asked to pay, however, is never more than enough to pay operating costs plus a return on investment sufficient to enable the Telephone Company to secure from investors the millions of dollars of new money needed for improvement and expansion of the service.

Eastside Homemakers Meet With Mrs. Shipley Wednesday

Seeing is believing say members of Eastside Homemakers Club, who enjoyed an all-day meeting in the home of Mrs. Eugene Shipley last Wednesday. They believe they can piece a pattern on any kind of material and cut same for they saw the project leader, Mrs. Curtis Hays, demonstrate this very important step in making a dress.

Mrs. Thomas Parker assisted Mrs. Hays by explaining how to prepare the fabric for cutting and how to place patterns on various types of material such as stripes, plaids and solids. She also explained the different kinds of seams.

The minor project lesson on shrub border was given by Mrs. Hilford Rogers, with a lesson sheet illustrating the proper arrangement of shrubs.

Mrs. J. D. Wall presided over the meeting which was opened with group singing followed by the devotional given by Mrs. Rupert Lassiter on "Gratitude to God." Roll call was answered by telling what makes an attractive centerpiece for the Thanksgiving table.

Commitments were made by Miss Rowland about different phases of the club work. Mrs. Wall was elected delegate and Mrs. Clifford Smith alternate delegate to the Farm and Home Week at Lexington, January 1948.

Miss Joe Hays asked for the meeting in December, which will be an all-day meeting. Plans were made for a Christmas cheer box.

Mr. McGee was announced with the program and discussed control program which the club will explain the 1948 program for 1948.

A covered luncheon was served at noon. Several games were conducted by the recreational leader.

Members present were: Mesdames J. D. Wall, Clifton Smith, Hazel Love, Thomas Parker, Curtis Hays, Rupert Lassiter, Joe Hays, Phyllis Overby, Hilford Rogers, Clifton Morgan, and the hostess, Thelma Morgan, and the hostess, Thelma Morgan.

Mrs. Velma Miller, Mrs. G. G. G. has just returned from Chicago, Ill. where she attended her sister's wedding. Orla R. is also married to Floyd R. at Chicago.

Maytag Company Sets Washer Production Record

When the 54-year-old Maytag Company of Newton, Iowa, produced its five millionth washer recently, the occasion was marked by a special ceremony. Iowa Governor Robert Taylor, industrial, labor and civic organizations gathered to celebrate the event which set a new record in business production history.

Tom Smith, head of the research division, which developed the modern Maytag, is shown upper left, autographing the one-piece aluminum tub which has a large share in building Maytag's popularity. Assembly workers are shown below lowering the tub into its enameled steel jacket. At right, Miss Rosanne Morgan, 1947 Maytag Queen, is christening the machine with a bottle of milk. Looking on, nearest the camera from left, are: W. I. Sparks, secretary of the Maytag Company who has been with the firm forty-nine years; Letha Trent, Miss Morgan's predecessor as Maytag Queen; Roy Bradford, Maytag vice-president in charge of sales and advertising and president of The American Washer and Ironer Association; Verne R. Martin, Maytag sales manager; Fred Maytag, II, Iowa State Senator and third generation president of the washer company, and Iowa Governor Blue.

The Maytag Company made its first washer in 1907 and its millionth machine in 1937. Between the two millionth Maytag in 1937 and the five millionth machine, Maytag took three years time out from peace-time production to engage in war work. The five millionth washer is being retained by Maytag as a souvenir.

SUMMER BEAU

By MARGARETTA BRUCKER

CHAPTER XXXIII
DEBORAH plodded home wearily, filled with remorse over the sharp way in which she had spoken to Maud when the latter attempted to talk about Rosetta Harriman. She had hurt her friend's feelings. Her only excuse was that she was utterly wretched, but she had no right to take her wretchedness out on others—certainly not on Maud.

Reaching home, she went into her room and sank down on a chair. Oh, why had she had to fall in love again after being hurt last summer? Why had she had to meet Geoff? Now, she had to face the fact that he was married and that Rosetta would probably never see him free.

Oh, Geoff, Geoff, why couldn't things have been different? she thought. "If we had to meet, why did we have to fall in love? Why couldn't we have had just a casual friendship? Why did I have to be so stupid?"

She buried her face against the back of the chair and gave way to tears. Despite all her resolutions to accept the situation bravely, she was overwhelmed by despondency. With Nan away, with no one to see her, she could cry her heart out.

Finally, she sat up and wiped her eyes. The tears had been a relief—had washed away some of her bitterness. She rose and went into the bathroom and dashed cold water on her hot, flushed cheeks.

She turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other.

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

"Geoff! Geoff!" she called. "I've turned and came hurrying back without speaking, he caught her in his arms and held her fast, kissing her hair, her cheeks, and then her lips. They clung to each other."

ALL IS NOT CAKE THAT'S FROSTED—James P. Fosco and his bride, of Chicago, sample the frosting on their 15-foot wedding cake. The cake itself perches atop the seven-tiered base, but the false tiers are all frosted.

Savings Go Into Homes

CHICAGO (UPI)—RALPH M. Smith, West Somerville, Mass. president of the United States Savings and Loan League, said the volume of dollars which savings associations are providing today for new home building is the greatest in their 117-year history.

PLENTY OF TIME FOR SPICY APPLE CAKE

AS THEY prepared for bed, Nan talked of the plans for the style show at the Island Club on Thursday evening. "It's going to be swell fun. The show will be followed by a dance, Tony's coming. He doesn't have to leave until the end of the week." She ran on until they were in bed.

For a while, she lay silent in the darkness. Deborah thought she had dropped off to sleep. But she had not.

"Debbie—"

"Yes."

"I'm in love with that crazy boy. Isn't that a riot?"

Was Nan really in love, Deborah wondered. If so, how could she be so firm about refusing to marry him?

"Go to sleep, baby," said Deborah.

Nan frowned over. "Listen—there's something you should know about Rosetta Harriman."

However, after Nan slept, Deborah lay awake wondering. Could Nan know the same thing that Maud had tried to tell her this afternoon when she had refused to listen? Could it have any bearing upon herself and Geoff?

She determined to ask Nan in the morning—but, in the morning, she forgot.

College Calendar

November 25, Tuesday—Basketball game with Anna, Illinois, Independent, 8:00 p.m.

November 26, Wednesday—Chapel, Thanksgiving program.

November 27, 28, 29, and 30, Thanksgiving vacation.

The Citizens Food Committee Suggest:

A "PEACE PLATE" FOR TODAY

Save Wheat! Save Meat! Save the Peace!

MONDAY PEACE PLATE

To help get your food budget in fighting trim for its big bout with Thanksgiving dinner, the Consumer Section of the Citizens Food Committee suggests as an inexpensive main dish for Monday's dinner this Hot Frankfurter and Potato Salad Casserole. Besides making a few frankfurters go a long way, it's deliciously good eating and quite in line with good nutrition and food-conservation recommendations. For a meal that will please with color and flavor contrasts, serve parboiled carrots and sweet pickles, and a warm Cherry Cobbler, with or without cream, for dessert.

HOT FRANKFURTER AND POTATO SALAD CASSEROLE

4 frankfurters
4 cups thinly sliced cooked potatoes
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 cup salad oil
1/2 cup mayonnaise
1/2 cup canned or cooked green beans
1/2 cup thinly sliced onions

Simmer frankfurters in boiling water for 5 minutes. Drain and cool. Combine the potatoes, salt, pepper, oil, and vinegar. Arrange the potatoes in the bottom of a greased 1 1/2 quart casserole. Layer the frankfurters, salad oil, mayonnaise, and onions. Cover and bake

TIMELY TURKEY TIP

When you buy your Thanksgiving turkey, choose one that is suited to the size and appetites of your family. If you allow 3 to 4 pounds for each person, there will be enough for second helpings and an easy-to-use amount left over. For the very small family, a half or quarter turkey may be preferred.

Otis Woods Marries Miss Nell Adams At Colorful Ceremony At Home Of Groom

On Saturday evening, November 22, a colorful ceremony entered together with the bride, wearing a purple dress with black accessories and a typical bride's smile in marriage at the home of Mr. and Mrs. A. O. Woods.

The simple ring ceremony was read by Rev. Wilson in the presence of relatives and close friends of the bride couple. Immediately after the ceremony, Mr. and Mrs. A. O. Woods gave a reception for the wedding party after which the couple left for an unannounced honeymoon.

Mrs. Woods is a graduate of Hazel High School. The bridegroom is an employee of Mrs. A. O. Woods' florist. The couple will be at home to their many friends on North Fifth street.

Prayer Week Is Observed At New Concord Church

The Women's Society of Christian Services of New Concord Methodist Church, and New Hope W.S.C.S. met at New Concord November 12 for an all-day program in observance of Prayer Week.

New Concord had charge of the morning program, which was prayer.

New Hope had charge of the afternoon program. Their subject was "What Our Missionaries Are Doing for the People Who Don't Know About Christ."

A prayer table was spread for

Homemakers Clubs Schedule

Tuesday, November 25, Stella Club at 1:30 p.m. at the home of Mrs. Brent Butterworth.

Dr. Pat Jones of Louisville was called upon this week by Roy F. Feltner who is a patient of the Houston-McDevitt Clinic.

Social Calendar

Monday, November 24
The Book Review of the A.A.U.W. will meet at 7:30 with Dr. Ora Magon at her home on South Ninth street.

Mrs. Herbert Halpern will read the book entitled "Peter Abelard" by Weiden.

Thursday, November 27
The November meeting of the Children's Guild, has been cancelled. The next meeting, which will be a Christmas party, will be held with Mrs. Wilbert Outland in December.

Mrs. Warren S. Swann is spending the winter in the South where she is visiting Mr. and Mrs. Paul B. Willis in Atlanta and other friends and relatives in Biloxi, Miss., and Florida.

More than a million kits of emergency paraphernalia (food rations) have been sold by the War Assets Administration in two postwar relief agencies.

The Kingdom of Norway has signed an agreement for a credit of \$12,000,000 with the War Assets Administration for the purchase of some surplus property on a non-priority basis.
