

Erratum

Erratum in Volume 2, Issue 3

The article by Kotsi *et al.* entitled "The biochemistry of male homosexuality" (Volume 2, Issue 3, pages 123-136) has been retracted, as it was found to contain extensive plagiarism from the works of Mustanski *et al.* (2005) and Hamer & Copeland (1994). Dr George Tsitsas, who is the corresponding author of the article was notified about this incident but he came up with no reasonable explanation to support his case. He is thereof banned from publishing again in the Journal of Molecular Biochemistry.
