LECTURE

Star Wars—Science Fiction or Reality?

B. Gentry Lee, Wednesday, September 24, 8 p.m., Fine Arts Village Theatre. Could the future of man in space be threatened by real star wars? B. Gentry Lee, a scientist, will probe these questions about the future of man's future. Associated with the Jet Propulsion Laboratory in Pasadena, Lee is a director for the Viking and Jupiter orbit projects and received the Exceptional Science Achievement Medal from NASA in 1977. He is the Series Manager for the television series Cosmos, coproduced by Carl Sagan Productions and television station KCET, which will premiere September 28. "Let the Gentry Darrh thing!"

What Price - Hostages?

Ramsey Clark
Wednesday, October 29
8 p.m.
Science Lecture Hall

In defiance of a U.S. government travel ban to Iran, a 10-member delegation headed by former Attorney General Ramsey Clark attended an Iranian-sponsored conference on U.S. "intervention in Iran" last June. What prompted the former cabinet officer to deliberately disregard a presidential order and risk up to 10 years in prison and \$50,000 in fines? And what about future hostage situations—is this only the beginning?

of the
University of California, Irvine*

Retrospect

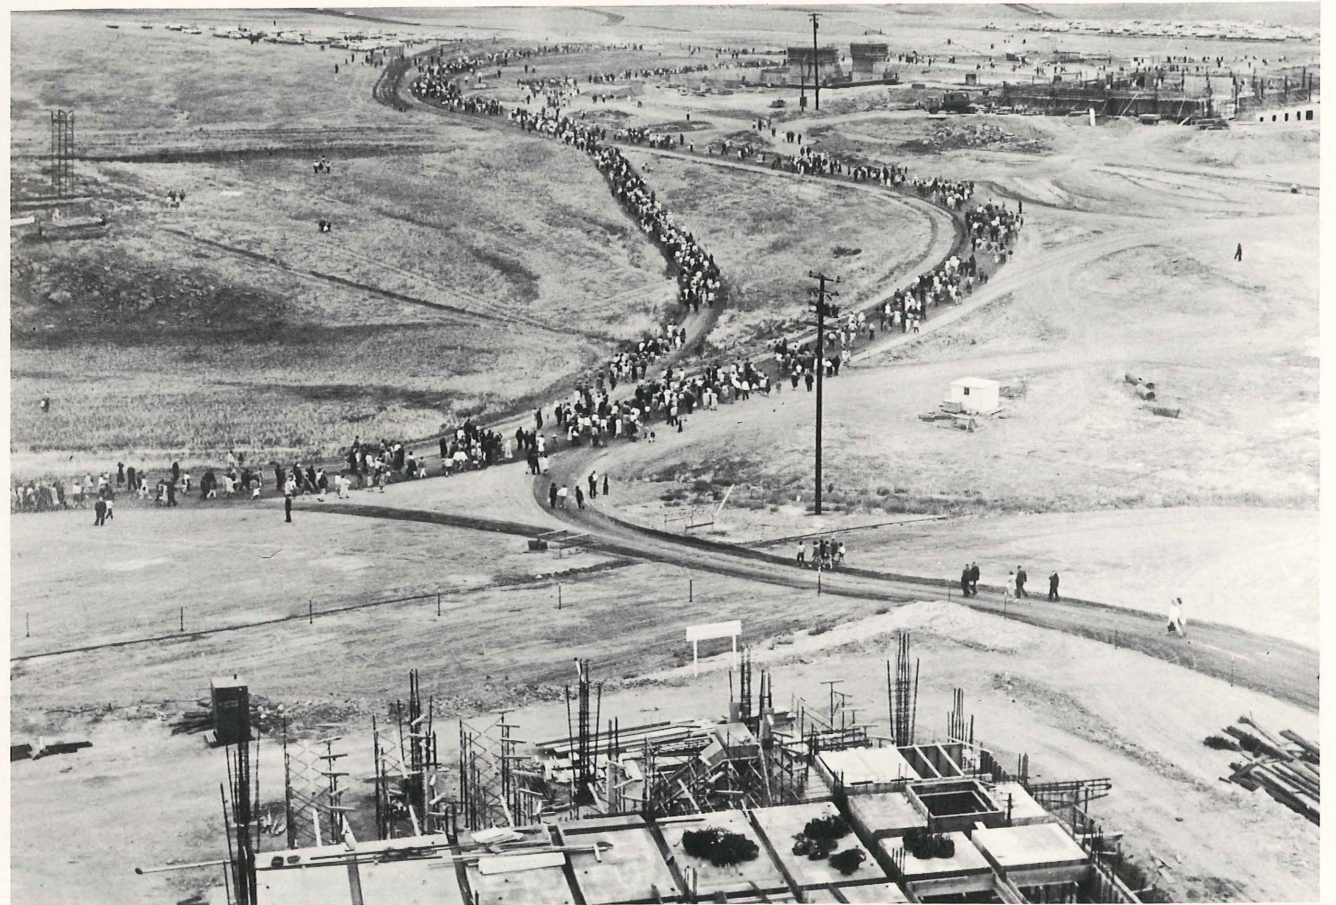

As we lift our eyes from this place across the valley to the magnificent hills beyond, we are reminded of our responsibility to build here not merely an institution to prepare our youth for the traditional learned professions and career interests, but one which shall provide them opportunity to seek deeper insight into human experience and shall lead them to know the vast body of knowledge and heritage of beauty in all forms upon which our society rests.

What Price - Hostages?
 Ramsey Clark
 Wednesday, October 29
 8 p.m.
 Science Lecture Hall

In defiance of a U.S. government travel ban to Iran, a 10-member delegation headed by former Attorney General Ramsey Clark attended an Iranian-sponsored conference on U.S. "intervention in Iran" last June. What prompted the former cabinet officer to deliberately disregard a presidential order and risk up to 10 years in prison and \$50,000 in fines? And what about future hostage situations—is this only the beginning?

Financial Aid Awards Are Announced
