# IMPLEMENTATION OF M-LEARNING: PEDAGOGICAL PERSPECTIVES

Norlia G., Zoraini W.A, Safiah, Y. & Harvinder, K.D.S Open University Malaysia (OUM)

IADIS International Conference Mobile Learning 2009

Barcelona, Spain

26<sup>th</sup> – 28<sup>th</sup> February 2009

### Outline

- Introduction
- Why Mobile Learning?
- Mobile Devices to Support Learning in Authentic Conditions
- Pedagogical Framework for m-Learning
- Key Supporting Factors
- Conclusion

### Introduction

- Open University Malaysia 70,000 registered students
- Blended Pedagogy approach

#### FACE-TO-FACE LEARNING

Classroom Environment

Formal Classroom

Computer Laboratory

Science Laboratory

**Teaching Strategies** 

Direct

Indirect

**Teaching Techniques** 

Cooperative and Collaborative, Brain Storming, Problem Solving, Case Studies

#### COLLABORATIVE ONLINE LEARNING

Resources

Learning Objects

PDF Documents

Microsoft Office Attachments

Digital Library

Discussions

Asynchronous Discussion Forums

E-mailing Lists

Blended Pedagogy Mobile Learning is a supplement for the existing blended learning approach at OUM

#### **SELF-PACED LEARNING**

Specially Designed Modules

With support from:

CDROM Courseware

Digital Library

Physical Library

Peers

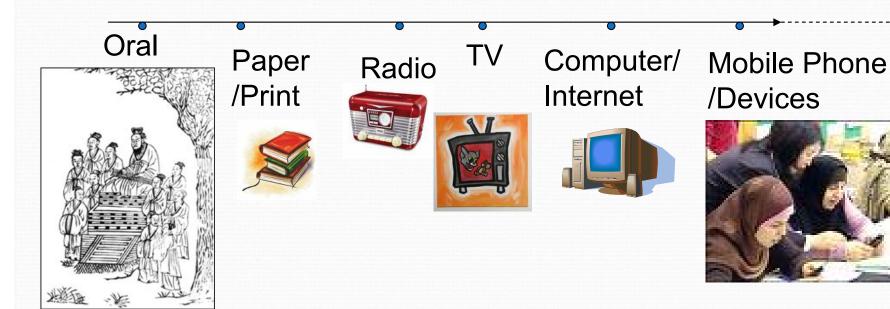

Tutors

Subject Matter Experts

### Why mobile learning?

- Learner & their learning needs are changing
- Ways of disseminating & receiving information has continuously changed

## Why mobile learning?

- Mobility is the buzzword
- Gen Y learners
  - Internet > TV
  - Multitasking is a way of life
  - Doing > knowing
- Wider accessibility due to wireless communication
- 90% Malaysians own a mobile phone
- 98.9% OUM students own a mobile phone

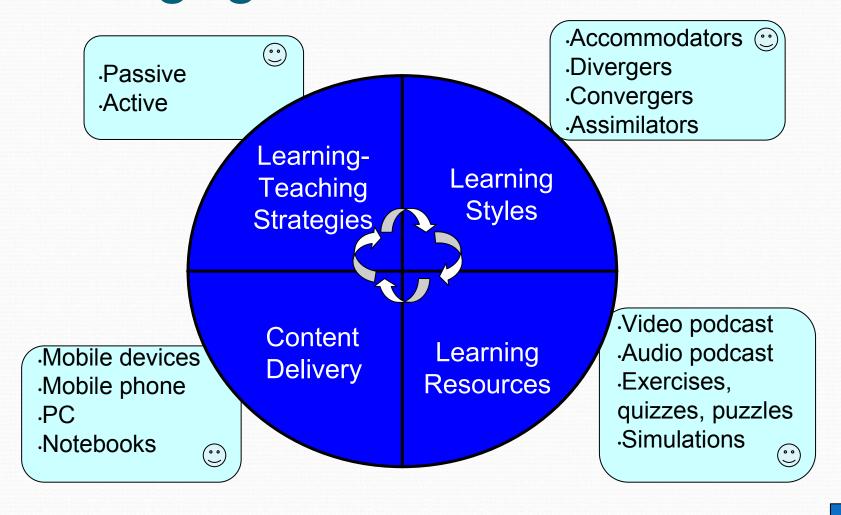

# Mobile Devices to Support Learning in Authentic Conditions

- Simulation exercise
- Problem based learning
- Scenario based learning

## Pedagogical Framework for ML

## Learning Teaching Strategies

- Passive/Direct
- Instructional learning strategies
- Key concepts/information
- Integrate to existing activities/online forum in learning management system
- Re-use LO in repository

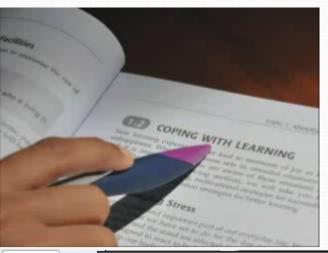

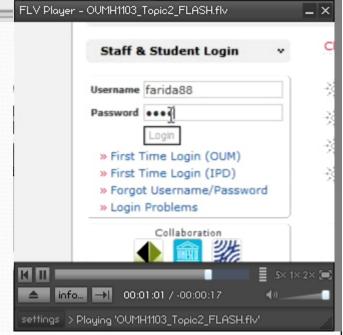

# Learning Styles

- Information presentation in a variety format
  - Audio, visual, simulation
- To meet different learning needs
  - Divergers
  - Convergers
  - Accommodators
  - Assimilators
- Help learners to pace their learning
  - personal ability and needs
  - device's processing capabilities

### Audio/Visual File

# Learning Resources

- Variey format:
  - notes
  - audio/video podcast,
  - stimulating learning activities,
  - audio modules,
  - quizzes/exercise
  - tips/reminders, etc.

### Coping With Your Learning

- 1. Manage stress
- 2. Set goals
- 3. Motivate your self
- 4. Manage time
- 5. Be focused
- 6. Know your learning style

# **Content Delivery**

- Public blog:
  - http://mlearn-oumh1103.blogspot.com/
- web portal
  - http://mlearn.oum.edu.my/
- File format: MP3, MP4, 3GP
- Features of mobile devices
- Content delivered to variety devices
  - Mobile devices: phones, iPod, MP3 player
  - Computer/Notebook
- File size: ~60 seconds

### LEARNING SKILLS FOR OPEN AND DISTANCE LEARNERS

#### Welcome Note

#### Salam and Greetings,

I wish to welcome OUM m-learning as an exciti

### WELCOME NOTE

### BY HARVINDER KAUR DHARAM SINGH

Mobile Learning @ OUM Welcome to mobile learning for OUMH1103! In this blog, uses mobile technologies We will share mobile learning podcasts in both MP3 and MP4 formats for your easy listening or viewing while you are on the go. So, how will this benefit you? Each podcast will provide key information that you will need to know about a particular topic. The podcast will also include important facts of the course content in the module. Because we want you to download it quickly and free of hassle, the podcasts are made to listen/view for about 60 seconds only. We hope OUMH1103 mobile learning will serve as a useful supplement to your existing module and e-content in the myLMS. Please do not forget to provide inputs of your thoughts in the poll. We look forward to make your mobile learning experience, a

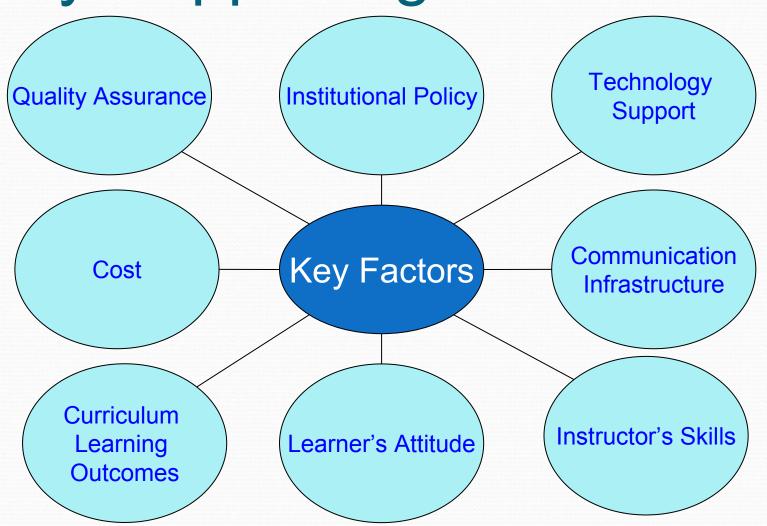

m-Learning at OUM thriving one.

Imagine that you are on a EVIEW MY COMPLETE PROFILE you do to while away all thon
a book, listen to drift off to already: travellers or simply

# **Key Supporting Factors**

### Conclusion

- Next big wave in higher education
- The success of implementing m-learning is how successfully the 4 components of the pedagogical framework are considered in the development of ML
- If implemented effectively, it has potential to cultivate knowledge sharing skills, critical and thinking skills among OUM learners

# Thank you Gracias
