October 2017

LEMBAR PENGESAHAN

PENELITIAN KERJASAMA LUAR NEGERI DAN PUBLIKASI INTERNASIONAL

Title of Research : The Community Structure of Ants in Anthropogenic Area of West Sumatera for Urban Pest and Agricultural Integrated Pest Management

Code/Name of Field of science : 113/ Biology (and General Biotechnology)

Chief Researcher:

g. Full name : Dr. Henny Herwina
h. NIDN : 0026027303
i. Academic rank : Lektor Kepala
j. Study Program : Biology
k. Mobile phone : 085363127811
l. E-mail : hennyf91@gmail.com

Member of researcher (1)

d. Full name : Dr. Yaherwandi
e. NIDN : 0014046415
f. University : Universitas Andalas

International Partner

d. Full name : Prof. Dr. Yositaka Sakamaki
e. Name of Institution : Kagoshima University
f. Address of Institution : Kagoshima Prefecture, Japan

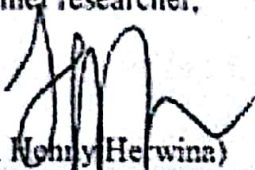

Leng of research period : 3 years
Year of research : 2

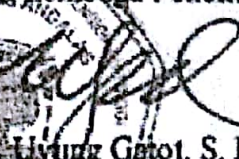

Total research funds : Rp. 196.000.000,00 (14690 USD)

Research funds of current year :- to Dikti Rp. 78.000.000,00 (5850 USD)
- Internal univ Rp. 0.00 (0,00 USD)
- Others Rp. 0.00 (0,00 USD)
- Inkind Laboratory facilities in Kagoshima
