SIXTIETH YEAR

NO. 26

CEDARVILLE, OHIO, FRIDAY, MAY 28, 1937

PRICE, \$1.50 A YEAR

NEWS LETTER FROM STATE DEPARTMENTS

COLUMBUS.—The annual report of the State Department of Finance for the fiscal year ending December 31, 1936, has just been issued and will be distributed to state officials, public libraries and educational institutions, it was announced by Finance Director M. Ray Allison. It is a colorful publication, illustrated with numerous tinted graphs and charts, printed on the mimeograph by the employees of the accounting section of the Department of Finance at no additional cost to the state. Director Allison pointed out. It listed total revenues from all sources, excepting liquor revenues, for the year 1936 at \$225,185,196. and total expenditures, including the liquor control fund, at \$219,590,931. "As provided by law," Director Allison asserted, "this office controls all financial transactions of the various state departments, welfare institutions and state universities; excepting the legislative and judicial branches. The proper functioning of this office requires the complete control of all appropriations made by the legislature and necessitates complete, daily information pertaining to all financial transactions of the state government. Records of revenues, encumbrances, disbursements and state funds are kept by the accounting division. The cash accounts of this office are kept in daily check with those of the state auditor and state treasurer. The records of the department are open during business hours for public inspection."

Superintendent of Banks Samuel H. Squire announced that the state division of banks and banking has approved the sale of the assets of the Union Trust Co., of Dayton, subject to the approval of the Montgomery county common pleas court, for a sum in excess of \$1,000,000. The offer was made by the Union Realization Corporation, which represents Cleveland capital. The price will be enough to pay a final eighteen per cent dividend to depositors, which will bring the total liquidating dividend to ninety-three per cent and will mark the finest return of any bank of comparable size," Superintendent Squire said. When Mr. Squire assumed the post of state superintendent of banks in January 1934 there were 191 banks in liquidation. At the present time, there are only eighty, and a goal of "less than fifty" is expected to be achieved by the end of the current year. There has been only one Ohio bank failure since 1934 and that was caused allegedly by misapplication of funds. "The banking situation in Ohio is rosy," Superintendent Squire stated. "Deposits are up, capital structures are in splendid shape and earnings have shown a marked increase."

The appointment of Leigh Tuttle of Springfield as secretary of the Ohio Racing commission was announced by Commission Chairman George H. Blecker. Mr. Tuttle succeeds Thomas J. Ryan, prominent Columbus druggist, who resigned a few weeks ago to accept an appointment to the newly-created position of assistant state fire marshal. The racing commission is empowered by law to enforce rules and regulations pertaining to running and harness horse meetings in the state and to supervise the newly-legalized pari-mutuel system of wagering.

In accordance with the provisions of a legislative measure signed by Governor Martin L. Davey, death in the electric chair will become the penalty for kidnapping for extortion except in cases where the jury recommends mercy. The bill provides that the kidnaper may be given a minimum term of twenty years if he returns the kidnapped person unharmed prior to the start of the trial. Otherwise the penalty will be either death or life imprisonment. The bill is similar to measures enacted or being prepared in numerous other states.

Curtailed farm operations in many sections as a result of heavy rain and cool weather was reported by the agricultural extension department of Ohio State university following a state-wide survey by agricultural agents. Planting has been delayed and in some cases no attempt will be made to plant fields intended for corn, the survey disclosed. Prospects for heavy fruit yields are bright, it was said.

Miss Mary Helen Creswell has returned home after teaching in the Catawba Elementary school. She has also accepted a position there for the next year.

COURT NEWS

INJUNCTION SUIT
A temporary injunction to prevent being disseminated from Fairfield property is sought in a suit filed in common pleas court by Homer Null against Daniel Lang, Pearl C. Lang, and Charles Brown.
Null also requests specific performance of an asserted contract whereby he agreed to purchase the property for \$2,000. Claiming he has paid \$1,500 of the amount and is ready to give a mortgage for the balance, the plaintiff charges the defendants have refused to give him a deed and have threatened to dispossess him. Judge F. L. Johnson is attorney for the plaintiff.

FORECLOSURE ACTIONS
The Home Owners' Loan Corp. is plaintiff in a \$2,828.96 mortgage foreclosure action directed against Elva Elliott. Attorney E. D. Smith represents the HOLC.
Martin H. Schmidt, plaintiff in a foreclosure suit against Bertha Greenleaf, H. U. Paullin, Samuel Engelman and the Home Federal Savings and Loan Association, requests judgment for \$448.30. Marshall and Marshall are attorneys for Schmidt.

TITLE QUIETED
Title of the plaintiffs to .57 of an acre of Xenia Twp. real estate, formerly the site of township school, has been ordered quieted in a decision handed down by the court in the case of Herman Haller and others against Elenore Maxey Corbean and others.
The property was used for school purposes from March 15, 1856 to June 3, 1933, after which the school building on the lot was sold by the township board to Elenore Maxey Corbean for \$81. Under terms of the court ruling, the plaintiffs acquired title to the real estate by a deed and partition proceedings, while the defendant gained title to the school building but not the land.

DIVORCE GRANTED
Lillie Hobdard has been awarded a divorce from John Hubbard on grounds of cruelty. She was awarded the household goods, with the defendant barred of interest in her real estate.
FORECLOSURE JUDGMENT
The Home Owners' Loan Corp. has been awarded a \$169.53 judgment in a foreclosure action against Ira Williams and others.

CASE DISMISSED
Upon the plaintiff's request, a petition filed by Florence Thompson against William E. Thompson has been dismissed by the court.
ESTATES APPRAISED
For the purpose of determining whether inheritance taxes should be paid, three estates have been appraised under probate court direction as follows:
Estate of John H. Hart: gross value, \$1,204.68; obligations, \$226.60; net value, nothing.
Estate of Mary Koogler Carlisle: gross value, \$1,500; obligations, not listed; net value, \$1,500.
Estate of Lydia Kremling: gross value, \$4,270.16; obligations not listed; net value, \$4,270.16.

APPOINTMENTS MADE
Mable G. Hale has been named administrator of the estate of the late S. O. Hale, former Xenia city manager, under bond of \$28,000. J. J. Curlett, C. E. Arbogast and T. J. Kennedy were appointed appraisers.
Morris D. Rice has been designated executor of the estate of Susie Chambers, late of Bath Twp., under \$10,000 bond. Howard L. Baldorf, J. J. Curlett and George Beyl were named appraisers.
C. S. Bullock has been appointed administrator of the estate of Martha E. Smith, late of Jamestown, under \$6,000 bond.
H. M. Thomas has been named administrator of the estate of John S. Thomas, late of Spring Valley, under \$100 bond.

College Music Recital Monday
On Monday afternoon at 4 p. m. will be held the Commencement Music Recital at the College Chapel using the Steinway piano. Various solists from the College Music Department will be heard at that time, among them, Beatrice McClellan, Elizabeth Richards, Ruth Flory, Jane West, Rachel Creswell, Martha Jane Creswell, Lois Fisher, Elizabeth Anderson and Wayne Andrew.
The recital will be a pleasant formal afternoon affair, open to the public, which climaxes the series of public performances of the year held under the direction of Mildred Watt Bickett, Director of Music at the College.

Many Children Not Vaccinated

Unfortunately a recent survey shows that only a very small percent of our school children have been successfully vaccinated against smallpox. The following figures will give an idea of the acuteness of the problem, the percentage represents those who have not been vaccinated: Old Town 83 percent; New Burlington 80 percent; Beaver creek 51 percent; Bellbrook 57 percent; Caesars creek 3 percent; Yellow Springs (7th to 12th grades) 46 percent; Bowersville 82 percent; Ross 68 percent; Spring Valley 83 percent (only one grade); Cedarville 72 percent (does not include high school).
It will be noted that Osborn-Fairfield school is not mentioned. In this school vaccination is compulsory and enforced, so that very nearly 100 percent of the children have been vaccinated. It will also be noted that about 97 percent of the children in Caesars creek have been vaccinated. Here again vaccination is compulsory. Yellow Springs has compulsory vaccination in the grades, so very likely the percentage of those successfully vaccinated would run higher than the above figures indicate. Jamestown has not been investigated and probably the percentage of vaccinations would run a little higher than some of the other schools.
The condition described above should not be permitted to continue. We trust that during the summer months all school boards will make vaccination compulsory, but whether they do or not it is the parent's responsibility to see that their child is protected. Children will be checked again in the fall to see whether condition has been corrected.

JACOB CLARK SMOTHERED IN COAL HOPPER

Jacob Clark, 55, colored, lost his life by being smothered to death in a coal hopper in the roller room of the Hagar Straw Board & Paper Co., last Saturday evening.
Clark has been a faithful employee with the company for some twenty-five years and was virtually his own boss. For this reason his apparent absence from his work went by for several hours before being missed.
He was first missed about six o'clock when he did not report for his evening meal. The last seen of him by fellow employees was near four o'clock. The company management was notified and a search was started which ended by finding him body erect in the coal hopper, but buried in fine coal dust for steam purposes. The body was found about seven o'clock, and removed at once to the McMullan Funeral Home. Coroner H. C. Schick after making an investigation pronounced death due to accident. There were no physical injuries found on the body.
So far as known Clark left no immediate relatives. The funeral took place at Zion Baptist Church, Tuesday afternoon, with burial in Stevensson Cemetery.

Greene 4-H Club Membership Grows

4-H Clubs work is increasing in popularity this year in comparison to years before in Greene County. Boys and girls from ages of 10 to 21 inclusive find this summer activity both profitable and enjoyable.
Projects studied are for the interest of agriculture and home economics, including: Clothing, Foods Club, Girls' Room, Nature, Personal Accounts, Flower Club, Potato Club, Forestry Club, Vegetable Gardening, Agricultural Engineering, Poultry, Pig, Sheep, Greene County Dairy Club, Calf Club, Green County Beef Calf Club.
This particular "Junior activity" has membership in every state in the whole United States and has the largest corps of unpaid leaders of any organization. These leaders are local people with an interest in the problems of boys and girls, and interested in helping them improve their talent for a certain piece of work. 4-H Club leaders also appreciate their opportunity to teach wholesome recreation.
The Greene County 4-H Club Leaders for 1937 are as follows: Orville Harner, Xenia Twp.; Rev. Geo. H. Weaver and Raymond Carr, New Burlington; Wm. Scarf, Spring Valley Twp.; Donald Mossman, Ross Twp.; Frank Jink, Beaver creek Twp.; Heber Keach, Silver creek Twp.; Franklin Bootes, New Jasper Twp.; Wilfred McDonald, Caesars creek Twp.; A. B. Rio Grande Forgot; Cedarville Won

Cedarville College Yellow Jackets added another victory to their string of baseball games this season, Rio Grande being the victim.
The Yellow Jackets had scheduled a game with Rio Grande College for Monday afternoon on the Cedarville diamond. Game time neared and the Cedarville players had donned uniforms, but the Rio Grande team was nowhere in evidence. Finally Coach John W. Ault made a telephone call and learned that, because of a mixup in dates, the Rio Grande ball players had not made the trip. However, they appeared Tuesday and Cedarville trounced them, 11-1, adding a fourth to the season's string of victories.

College Summer School Will Open June 7

The first term of Cedarville College Summer School will open June 7 and close July 10. The second term will begin July 12 and end August 14. Each term will be for five weeks, six days each week.
Classes will be organized in any subject for which there is an adequate demand, officials said, and six semester hours of college credit may be earned each term. All credits earned in education and college subjects will be accepted toward the bachelor's degree, or the two-year diploma provided regular requirements are met.
Members of the regular college faculty, supplemented by educators specially qualified for the work in which they will be engaged, will be in charge of the summer school work. The course is open to high school and college students and graduates, teachers in service who need additional credits and undertrained experienced teachers who plan to meet requirements of the state department of education under the new certification law.

HIGH HONORS FOR ALUMNUS OF COLLEGE

The one hundred seventh annual commencement of the Western Theological Seminary numbered in its graduating class an alumnus of Cedarville College; Mr. Walter Smith Kilpatrick, '34. The all "A's" which "Pat" had made in his first two years at the Seminary predicted in a measure his final triumph. In addition to the S. T. B. degree which he received there were several awards conferred upon him: The Sylvester S. Marvin Memorial Fellowship (\$300.00); the Keith Memorial Honorary Prize (\$100.00); and the John Watson Prize in New Testament Greek (\$50.00).
The fellowship which Mr. Kilpatrick received is an award which must be used in post-graduate study. His homiletical prize is a cash award indicating his superior ability in this particular phase of Seminary work. The Greek prize is also a cash award on the basis of competition in Greek exegesis.
In addition to his Seminary work Mr. Kilpatrick has been the regular supply pastor of the Valley View Church of Pittsburgh and an assistant in the Young People's work of the East Liberty Presbyterian Church. It might be added also that he found time to play indoor tennis and was a winner in the city championship.
Mr. Kilpatrick was ordained to the Gospel Ministry at the spring meeting of Dayton Presbytery.
Cedarville may well be proud of Mr. Kilpatrick. But he has not finished. His plans include a Ph. D. degree, a pastorate in the Master's Kingdom, and many activities in his name.
REV. DWIGHT R. GUTHRIE.

Harry McCampbell Dead in Preble Co.

Harry, aged 12, the eldest son of Mr. and Mrs. Gray McCampbell, died Sabbath morning in Reed Memorial Hospital, Richmond, after an illness of two weeks from pneumonia. The family resides on a farm near Fair Haven.
The funeral was held Tuesday from the Fair Haven U. P. Church, the service being conducted by Rev. R. A. Jamieson of this place, in the absence of the regular pastor, Rev. Neil Ferguson, who has been preaching in a mission church in Tennessee. Rev. Jamieson was assisted by Dr. Gray of Jamestown. Burial took place at Fair Haven.
Mr. McCampbell is a son of Mr. John McCampbell of this place and formerly resided in Cedarville.

Plan College Picnic on Friday

Cedarville College's annual picnic will be held Friday afternoon and evening at the Miami Valley Chautauqua grounds, near Franklin.
The students will leave the college about 1:30 p. m. Friday. A basket dinner will be served at 6 o'clock. During the outing the group will enjoy games and other entertainment features provided on the Chautauqua grounds.

PRESBYTERIANS OPPOSE COURT PACKING PLAN

A resolution protesting against passage of any measure that may render the supreme court or any other court subservient branches of the government is before the Presbyterian General Assembly now in session in Columbus. The resolution refers to constitutional guarantee of religious and civil liberty both of which are at stake under the New Deal.

Never before in the history of this country has the Christian religion faced the danger of being crushed by political non-believers, atheists and enemies of the church. Not only are the different branches of the Protestant church alarmed but the Catholic and Jewish churches face the same issue. Communism and radical reds with Russian background hold important places under the New Deal government. These enemies of a democratic government surround the Chief Executive, being of his own choice. The same brand are installed in every branch of the government as well as the diplomatic service.

Not only the future of the Christian religion is at stake in this country but fraternal orders such as the I. O. O. F., K. of P., Junior Order American Mechanics and Masonic Order are now feeling the crushing hand of the New Deal Communist dictator in more ways than one. In every foreign country where Communists have a hold the Christian religion has been abolished and fraternal orders crushed out of existence.

While the Presbyterians are taking action against the Roosevelt court packing plan to enthrone a Communist-Laborite on the bench, a representative of the American Federation of Labor in a speech in Cincinnati, Monday, charged that Communists had full control of the John L. Lewis union that has had the active support of the New Deal. More than one fraternal order has dropped the use of the name of the Chief Executive in open meetings. The oldest citizen never before experienced such a situation in this country.

ROOSEVELT WANTS HIGHER FARM WAGES

Some weeks ago the Herald carried a boxed editorial on this page which provided for signatures of farmers that approved higher wages for farm hands. The appeal was directed to those who have so warmly supported the New Deal and gave passive support to higher wages for all other classes of labor.

We were not surprised that not a single farmer signed in behalf of higher wages for farm help. Our object was to impress on the reading public that the Roosevelt program thus far was all one-sided and that social security, old age pensions, unemployment insurance, etc., would be paid for by the rural consumer and little of this form of tax that is to fall directly on the consumer would be returned to rural sections. Under this plan small business in rural sections would suffer most because the Roosevelt plan up until that time was mainly to boost the interest of organized labor in the cities.

We had been informed through a friend in Washington that New Deal leaders were being severely criticized in their own political ranks because farm labor, domestic labor, those in the professions were not included. The situation worried not only Roosevelt but leaders in Congress that face re-election next year.

Monday of this week you have the answer which we asked for some weeks ago. This time it comes from Roosevelt himself and not the New Deal farm supporter. The open statement is made by Roosevelt himself that factory as well as farm labor must be guaranteed minimum wages and hours of labor. He leaves the rate of pay and the hours to be fixed by Congress but it is suggested from the White House that the minimum wage should be 40c an hour with either a 35 or 40-hour week. It was just last week that Mrs. Roosevelt urged legislation for minimum wages and hours for all domestic help and this meets our approval. Rather than have part of our citizenship protected with the Communistic form of government control of private affairs, we think it not only just and fair to all that labor, male, female, old or young be fixed by law with the legal number of hours.

Down in Cuba the hours of labor and wage are fixed by law in addition all labor gets two weeks vacation with pay. Labor unions will oppose the fixing of the hourly wage for when a legal rate is fixed every one will benefit by the minimum and if the experience of Cuba is followed that will be the maximum wage.

We hope the Roosevelt proposal of fixed wages and hours for farm labor does not prove objectionable to the New Dealers that have been whooping it up for Roosevelt for more than four years. If the rubber stamp congress jumps at the crack of the whip as it has been doing, the wage and hour proposal will become a law and the directions will say "Take It and Like It." Let's have no back-sliding now. The New Deal millennium is at hand.

SENATOR ROBINSON FOR SUPREME COURT

For weeks Roosevelt has had members of the Supreme Court on the spot and by his insinuations has built up a wrathful antagonistic group in this county against the high court.

One of the older members resigned a few days ago which will enable Roosevelt to make the appointment but the constitution provides that the Senate must confirm the appointment. Over a period of years several prominent men have felt the sting of defeat at the hands of an opposing Senate.

Roosevelt found himself on the spot no sooner than when the announcement of Judge Van Devanter's resignation reached the Senate. At once a friendly Senate, with a large Democratic majority, welded itself into a concrete block bound to dictate for once just who the next Supreme Court Justice would be. When the Senate said that Joe Robinson was the only man it would confirm as justice, that was using the Roosevelt power of dictatorship.

The Senate is aware that Roosevelt faces three hard issues in making the appointment. He is obligated to John L. Lewis and other Communist labor leaders. He must have the backing of the liquor interests and he must have the support of the solid-south. Having promises on both sides of the anti-lynching law he could not hope for success without keeping southern senators sweet. Robinson comes from Arkansas where lynching is a public holiday. Southern Senators have swallowed prohibition repeal as a part of the party platform knowing the south still wants prohibition. The Senate takes the lead and ties Roosevelt's hands when the ultimatum is issued that it will be Joe Robinson, always in the past a conservative Democrat, and not a hiring of John L. Lewis, who would dictate court decisions if Roosevelt has his way in packing the court.

Senator Vic Donahey stood up to be counted against the packing process but Sen. Bulkeley, an early supporter of the packing plan, has gone into personal retirement. Senator Senator Bulkeley must soon announce whether he is to stand for constitutional government or a Supreme Court that will take orders from a labor union organizer that has built a racket with federal support that outshines anything Al Capone ever attempted in gangsterism or bootlegging. Between Robinson and Lewis on the court issue we would cast our lot with the former.

Luxuries often indulged become necessities.
We spend \$15,000,000 a year for fraudulent cures.
A child is just a stomach, surrounded by curiosity.

It really is amusing what you can pick up when you circulate about those things that deal in politics, state and county contracts and the inner workings of a successful lobbyist that not only watches legislation for his company but organizes his key men in each county as to certain contracts. Some days ago in Columbus we had a pleasant two hours with a friend of ten years acquaintance that is regarded one of the successful lobbyists that "cover" the Ohio legislature. We use the term "cover" as if this friend served as by assignment for the reason he has had the background of a successful reporter.

The matter of selling to the state departments, and to counties calls for a wide experience and personal knowledge of the kind of a circle the buyer, in this case a political appointee or an elective official, moves in. The lobbyist has a data book that tells a complete story for it matters not whether the office holder is in the state department, legislature or a county official, the little book gives a world of detailed information. It will tell you who likes to play poker, cocktail parties, night-club life and best of all just who have the itchy palm that can be relieved only by placing nice clean and crisp bills of a denomination that is in keeping with a certain percentage of the contract price in the affected hand.

Now in this little gathering of two beside the writer there was a discussion of "business" as it related to certain counties and before we could hardly realize it Greene county was under discussion. It so happened that the "key-man" in this county, a Democratic attorney, had fallen down and had not been able to turn in an order. The well groomed lobbyist is always able to work both sides of the political fence. For once we learned that Democratic office holders are made out of the same stuff Republicans are made of and that the old game of politics and dishing out the grave are played under the same rules. This week we made a little checkup to see just what had been taking place in Greene county. You can be assured no civil or moral law has been broken for the reason the Democratic attorney has had a poor field for operation. The Democratic attorney cannot get away from his shadow from now on.

Senator Copeland, (D.) New York, in a radio address some days ago advocated that the government drop HOLC foreclosures, extend all loans from 15 to 30 years and reduce the interest from five per cent to two and one-half per cent. The HOLC now has brought suit against 160,000 property owners that borrowed money under the new system. The government interest rate on the HOLC bonds is 2.624 per cent and if the property owner interest rates is cut from five to two and one-half, Uncle Sam would lose plenty of money each year if every dollar of principle and interest was paid. Certain Democratic politicians have organized a new racket to high-pressure congress in passing this proposed bill. Each borrower is asked to join the Democratic racket by paying an initiation fee of three dollars and twenty-five cents a month dues, doubt some deserving Democrat on relief can get his name on the payroll of the newest racket. We mentioned the plan of this organization to a well-known Democrat some days ago, he himself holding down two jobs. He doubted if there were many on relief that could hold down such jobs and already it was necessary for Democrats to take the second job as the list that could read and write had been exhausted on the first call.

The nuts and the McNuts have complicated the social procedure as to group drinking. Paul McNutt, former Democratic governor of Indiana, that left that state several million dollars in the hole, was shipped to the Philippines by the New Deal, as Consul General. The argument over drinking caused McNutt to issue new orders to Philippine leaders as to toasting before the drinking-gets-to-a-stage—that no one present will remember whether Franklin D. Roosevelt is the Communist King of the U. S., or High Potentate of Liberia down in Africa. McNutt says that Roosevelt's name must come first, McNutt second and President Quezon of the Islands last. The press reports say nothing as to the brand of liquor used but certainly the Roosevelt New Deal rum has a place on the drinking toast list.

If you want to see a monumental blunder for investment just drive down to Cincinnati and follow Victory boulevard to the west side where a New Deal housing project is under way. More than 500 homes and apartment buildings were demolished for the new fangled way of wasting money. Streets and alleys have been closed. Huge water and gas mains had to be moved as well as sewers. Telephone and telegraph lines were

moved. These crazy quilt houses will rent for \$8 a room a month. There will be no back yard for dogs or chickens. Take a view of how a common laboring man is to finance his new home, pay for gas, electric light and telephone. This class of labor under the wage control plan will draw \$16 for a five day week, or \$64 a month. Rent for five rooms will be \$40, which will leave the "forgotten man" \$24 with which he must pay electric light and gas bill, purchase clothing and groceries. But where is he to get funds to buy gasoline for his auto, have a few drinks of Roosevelt rum and take the family to a new picture show each week?

Franklin county trustees that have the relief program placed in their lap began to cut the relief list first. In one township the trustees cut the list from 241 to 5 families and ordered the others to go to work. But that is a poor way to buy and hold Democratic votes. And the taxpayers of the township are backing the trustees to the man. Farmers had been unable to hire scores of the men on relief.

COLONIAL CUSTOMER COMMENTS

Here are just a few of the typical comments customers have made about the goodness of Colonial service.

PAID BILLS

"At first, the idea of borrowing money to get out of debt sounded funny to me. But I found it works—when you take the Colonial Plan route."

REDUCED PAYMENTS

"I bit off more than I could chew when I bought my last new car. Colonial saved my car by refinancing it and cutting my payments in half."

MONEY FOR DOCTOR

"Gee, it's good to be out of debt! We had one case of sickness after another for two years. Don't know what I'd have done without my Colonial Plan loan."

BOUGHT A CAR

"Colonial Plan made it possible for us to buy the car we wanted—without inconvenience."

SPECIAL SAVING

The cost has been reduced on Colonial Plan loans over \$100. Our combination rate saves you money. For more information without obligation, come in or telephone.

100,000,000 pounds of milk baked into bread

Bakers used more than 100 million pounds of milk powder to bake their 1936 bread—four times as much as they used 10 years ago. Milk improves quality and adds food value to bread. But technical difficulties for many years limited its use in commercial baking.

To make it easy to use more milk in baking, Borden research developed a milk powder which is pre-tested under actual baking conditions, so that it doesn't fall. Borden's "bakery-testing" has greatly enlarged the use of all milk in baking, by giving bakers faith in the quality of powdered milk.

New and greater uses for milk are the aim of Borden research. Through research and merchandising, farm income from milk is sustained.

THE TOPIC FOR TODAY IS

Grain Shortage

There seems to be no doubt now that there is a shortage of grain in and around Cedarville. A little now and then is released as some feeder sees he has set aside a little more than he needs to feed out. The price has been variable but mostly high.

Just this week Allied Mills has offered what they call "GRAIN SUBSTITUTES," a cereal feed to replace corn, and made up of the following ingredients: GROUND CORN, HOMINY FEED, FINE GROUND OATS, STANDARD MIDDINGS, GROUND BARLEY, LIMESTONE, CANE MOLASSES and SALT. Protein content is that of highest grade corn, 10 per cent minimum, with fibre only 7 per cent. It is priced considerably under local corn and less than hominy while offering a better feed. This feed is a general substitute and can replace corn for hog, stock or chicken feeding.

This looks like the answer to many local feeding problems where grain is short. Come in, look it over, try it and forget about the local grain shortage.

If it's worth knowing WHY WAIT?

With long distance rates so low, it's no longer worth while to tamalize yourself by waiting for information which you could get easily by telephone. • If you want to know something—anything—from a relative or friend, why not phone and find out. The low night and Sunday rates have made REGULAR talks with out-of-town friends easy on the budget. • By phone you can talk it over... find out EVERYTHING you want to know. Why not... TONIGHT.
