## President's Report

1973

### A Baptist College of Arts & Sciences

#### THE YEAR AT A GLANCE

DR. JAMES T. JEREMIAH  
PRESIDENT

During the past year Cedarville College has experienced encouraging advancement in the spiritual, academic, and material areas of its program. This progress has been made possible in great measure by the gifts of interested churches and friends of the College.

The President's Annual Report is being sent to our entire mailing list as one way of expressing our appreciation to all who have had a part in making Cedarville what it is today. It is our hope, too, that the following pages will motivate others to invest in the lives of young people who have chosen or will select Cedarville College as an instrument in God's hands to aid in their goals of Christian education.

Through the years we have emphasized the importance of the Christian life and service. As never before we have witnessed the evidence of spiritual growth and influence on the part of the College family. In addition to the usual types of Christian service, forty-two students, eight alumni and faculty have served this summer in the Missionary Internship Service in eight foreign countries. One team serving in Brazil held seventy services in twenty-eight days. They reported forty-eight first time decisions for Christ. The summer ministry also included a basketball-evangelism tour of the Philippines and other Far Eastern countries.

The Swordbearers, a gospel team of eleven students, have had an encouraging response in the churches and youth conferences this summer where they have challenged teenagers and adults alike. Some of the Cross Country for Christ men have served in churches while others on the team were in a continual "run" from Portland, Oregon, to Portland, Maine. The program has been so scheduled that they alternate in the preaching and running responsibilities.

Academically the College has also made encouraging progress. In March of 1972 the North Central Association of Colleges and Secondary Schools granted Cedarville candidate

status in our program toward regional accreditation. Recently the American Association of College Registrars and Admissions Officers granted the College an "A" rating thus giving the students better transfer credit when it is needed. New courses have been added to the curriculum that reveal further advances in the academic program. New major fields of study as a part of the interdisciplinary program include Behavioral Science (Psychology and Sociology); Communications (English, Speech and Journalism). In the future, courses will be offered with an emphasis on Missions, the Christian Day School, and Medical Technology.

A number of physical improvements are being made on campus. Additional paved parking space and drive ways are being provided this summer. The Science Center as originally planned is nearing completion. However, we have discovered that the basement of this new building can be developed into biological laboratories. Though this will cost an additional \$75,000 it will provide up-to-date facilities for Biology and make it possible to use the old Science building for much needed class rooms and offices. This addition to the Science Center leaves \$165,000 yet to be realized toward the total cost of \$750,000.

One of the most encouraging aspects of the College from the financial point of view has been the response to the "Passing the Torch" campaign. Many churches and individuals have pledged \$10 a month or more to the General Fund and have in this manner subsidized the educational costs of the student. We set a goal of 800 units of \$10 each month. At this point in the program 525 have pledged financial support to the College in this way. We trust that 275 additional friends will respond before November and that the entire 800 will continue this commitment during the coming year.

It is very difficult to describe the many exciting things that are taking place on the Cedarville College campus. The best way for you to understand what is really happening is to visit the College and observe first hand the spiritual, academic, and material progress of the institution.

## INVESTMENT CLUBS

Investment Clubs are made available to individuals, married couples, churches, and organizations for selection of varying degrees of participation. If the college is to reach its objective, every friend of Cedarville College is encouraged to participate in a manner consistent with ability.

The following Shareholder categories are available to donors. Each Shareholder automatically qualifies for the new Cedarville Associate program. The Shareholder and Associate programs are for gifts received during the fiscal year period, July 1—June 30. The donor report on the following pages is for gifts received from July 1, 1972 through June 30, 1973.

The word "share" has deep meaning. It signifies the opposite of "assess" or "tax." To be able to share something of yours with a person or an institution which you love and admire is no hardship—it is a privilege and a joy. Anyone who has the future welfare of Cedarville College on his heart should welcome the opportunity to share in its development.

Churches, individuals, or organizations already giving regularly to the college are automatically included as shareholders and have received the appropriate certificate.

Also, donors participating in the memorial opportunities of the Science Center program will receive the appropriate shareholders certificate.
