MEMORANDUM IN SUPPORT

The Cuyahoga County Coroner, Elizabeth Balraj, M.D., appears on the list of expert witnesses submitted by both plaintiff and defendant in this case. The Coroner, as an independent elected county official and medical expert, can provide the trier of fact with valuable information in the following areas: autopsy protocol, pathology, injuries to the deceased, cause of death, manner of death. In addition, her staff members including Linda Luke, James Wetzel, Dr. Robinson, and Dr. Lovejoy, can provide similar specialized information to the court by drawing upon the discipline unique to each (DNA analysis, odontology, anthropology, imaging and crime scene analysis).

The Cuyahoga County Prosecutor learned from Dr. Balraj that her report, and those from her staff would be ready for submission to the court and to the parties on December 23, 1999. However, on December 22, 1999, Dr. Balraj communicated to the prosecutor that the reports cannot be ready until January 14, 2000. The reason for the delay is that the Coroner and her staff have not completed the analysis and written report.

Cuyahoga County Court of Common Pleas Loc. R. 21.1 provides in pertinent part, that for good cause shown, the court may grant the parties additional time in which to submit reports. The State of Ohio submits that the testimony of Dr. Balraj and her staff is material to the case and that neither party has control over the demands of day to day business of the Coroner's Staff.

Inasmuch as the information to be provided by the coroner is independent in nature and is extremely important to both parties in this case, the State of Ohio respectfully requests that the Coroner be granted an extension, until January 14, 2000.

Respectfully Submitted,
