# THE STUDENT SHOWCASE

Digital CSU is happy to announce the third Digital CSU Student Showcase in partnership with the Michael Schwartz Library!

The showcase is a round-table event where students can share their digital work with fellow students, faculty, and staff. The event will take place in the Student Center Atrium on April 23, from 11:30 - 12:30. Light refreshments will be provided by the Michael Schwartz Library.

Student participants must be prepared to share their texts digitally, which requires that each participant brings the necessary equipment (e.g. laptop, power cords, headphones, speakers, etc.). Participants are encouraged to provide supplemental materials such as handouts about their design process, research methods, or other relevant documents; however, this is not required.

Students should register by copying and pasting the following :
