

مطعم المر السني

RESTAURANT MARRAKESH

THE KINGDOM OF MOROCCO

The first country to recognize the U.S.A. as a nation, Morocco enjoys the longest, unbroken treaty relationship with the United States of any country in the world, and has been a close friend and steadfast ally since 1787.

Morocco is a country of contrast, magic and timeless wonders. It is blessed with rich, nourishing land and mountain snows; beaches and deserts and lush oases. Its ancient mosques, synagogues, souks, churches, and kasbahs exist in harmony with ultra modern cities. It is an exotic blend of Berber, Arabic, Jewish and European cultures.

Moroccan culture is rich and distinctive. Our cuisine is considered by many culinary experts and famous chefs to be among the top three cuisines in the world.

You are in a marvelous restaurant palace magnificently reproduced by Walt Disney World Company with the authentic architecture, carvings, tiles, paintings and crafts which resulted from twelve centuries of development of Arabic art.

Our music and dances followed the same path as did the art; with progress and refinement as well as fidelity to the authenticity of our folklore.

In the presence of such magnificence and majesty, Moroccan cuisine is also presented in a fashion that enhances its surroundings.

It is within the true Moroccan tradition that we take the great honor and pleasure to share this experience with you.

By presenting you this menu, our friendly team of young Moroccans, loyal representatives to the legendary hospitality of the Kingdom of Morocco, will introduce you to our culture.

مقبلات APPETIZERS

مختارات
