Providence Campus
Annual Report 2018-2019

I.	Overview

While there were declines in budgets, staffing and usage--reflecting a general trend across the higher education sector--JWU Library Providence continued to provide critical educational resources and services, while also offering an inclusive, supportive environment for individual or group studying and related activities both in-person and online.

| VII. | New Initiatives in 2019-2020 |

- Establish a workflow for determining the percentage of newly added book and video resources that are representative of culturally diverse perspectives
- Utilize Blackboard/Springshare learning technology integration tool (LTI) to more seamlessly integrate into Blackboard course sites online library guides customized to the information resource needs of specific programs or courses
- Develop and pilot the use of an information literacy training and assessment online module for use in English Composition courses (ENG1020)
- Contribute metadata from JWU Library digital collections to the Digital Public Library of America, Rhode Island Collection
