If, as you point out in your last paragraph, it would b the volume of toxic material that would be necessary to survive dilution and water treatment facilities, I am curious as to why you chose this as your answer to the question?

Also, remember that you need to give the full reference citation for your sources - not just in-text.

Thanks.

AAL

Do you have any thoughts or theories on how we can protect the water supply? Also, do you see the inability of the Santa Fe river (and similar watersources) to provide water for everyone be something that needs to be addressed? And how?

Thread: Very interesting

Very interesting

I was most intrigued by the amount of stress the characters seemed to go through. I could really relate to that.

Traditional Discussion Boards

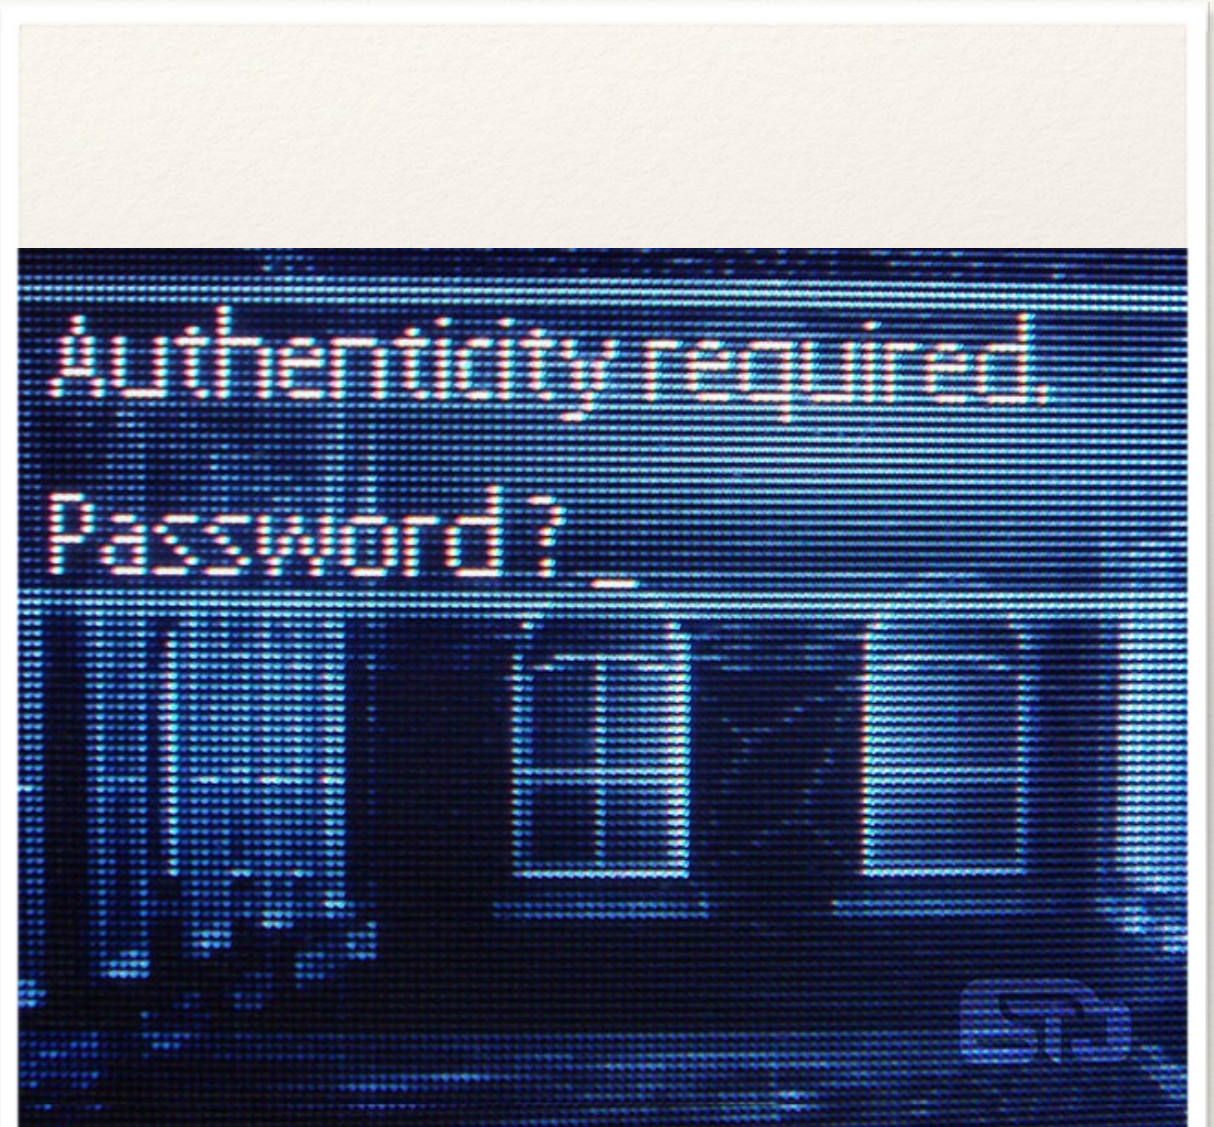

* Definition *

Authentic Assessment

is....

“An assessment task is one that is realistic and values worthwhile skills and strategies.”

(Wiggins, 1998, 2002)

Traditional Assessments	Authentic Assessments
Curriculum drives the assessment	Assessment drives the curriculum
Selecting a response	Performing a task
Contrived	Real-life
Recall / recognition	Construction / application
Teacher-structured	Student-structured
Indirect evidence	Direct evidence
Discourage teaching to the test	Encourage teaching to the test

Traditional vs. Authentic

Demonstration of Learning

Why We Care...

- * Imitates real life
- * Performance-based
- * Demonstrates understanding

Photo Credit: <https://www.flickr.com/photos/colinkinner/2200500024/>

Who Can Use It?

* Online classes

* Face-to-face classes

* Blended classes

Photo Credit: <http://en.wikipedia.org/wiki/Typing>

Activities

* Engage students

* Gather data

* Bring the world
to the students

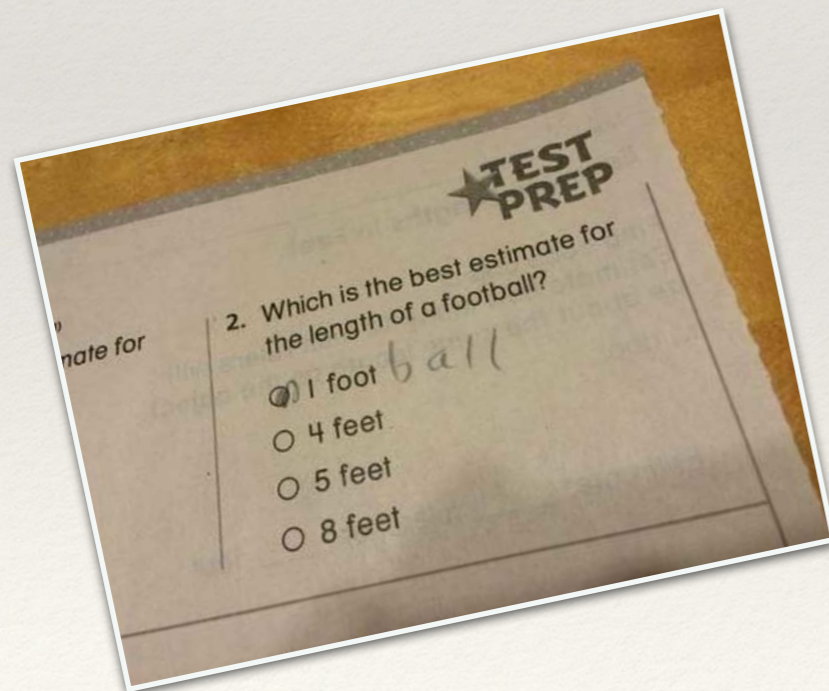

Photo Credit: <http://pixabay.com/en/hands-protection-protect-tree-65342/>

* * CHARACTERISTICS * *

* Real-life scenarios

* Transferrable skills/
lifelong learning

* Multiple possible outcomes:
More than one right answer

* Requires problem solving

* More fun!

* Challenges *

* Student expectations (or lack there of)

* Instructor time constraints

* Benefits *

Photo Credit: http://commons.wikimedia.org/wiki/File:The_Thumbs-up_position.jpg

* HOT Skills
(Higher Order
Thinking)

* Real world applicability

* Collaborative learning environment

Photo Credit <http://blog.4tests.com/critical-thinking-essentials-no-1/>

Thinking

Please Wait

- * Comprehension:
 - check for understanding
 - provide immediate feedback

* Cross-curricular

Photo Credit http://commons.wikimedia.org/wiki/File:Interior_view_of_Stockholm_Public_Library.jpg

* * LEARNING EXPERIENCES
& TECH TOOLS * *

* Concept Mapping *

Tech Tools:

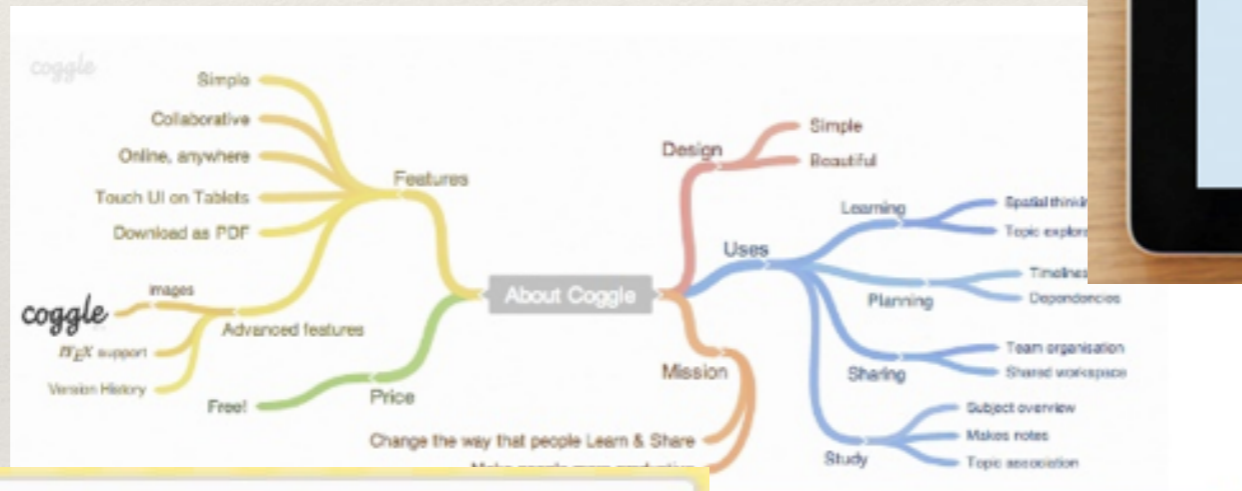

* MindMeister

* Coggle

* bubbl.us

* Popplet

Use to Assess:

* Synthesis

* Brainstorming

* Research topic development

Brainstorming made simple.

* Online Presentations *

Tech Tools:

- * Prezi
- * Google Docs
- * Padlet
- * Infographic makers
(Piktochart & easel.ly)

The collage features several infographics and a presentation slide. One infographic titled 'WATCH THIS SPACE INFOGRAPHICS ARE THE NEW TV' includes statistics like '100% OF BUSINESSES CAN BENEFIT' and '90% OF JOURNALISTS AND BRANDS'. Another infographic shows 'European vs Asian Immigration since WWII' with a line graph. A large infographic titled '2011-2012 IMMIGRATION DATA' lists top migration sources for various categories like 'Top 20 Ethnic backgrounds by total population?' and 'Top 20 Family Stream Migration sources?'. A presentation slide titled 'Asian Migration to Australia' shows a line graph and lists migration sources.

Use to Assess:

- * Presentation of materials
- * Research projects
- * Summative assessments

* Multimedia *

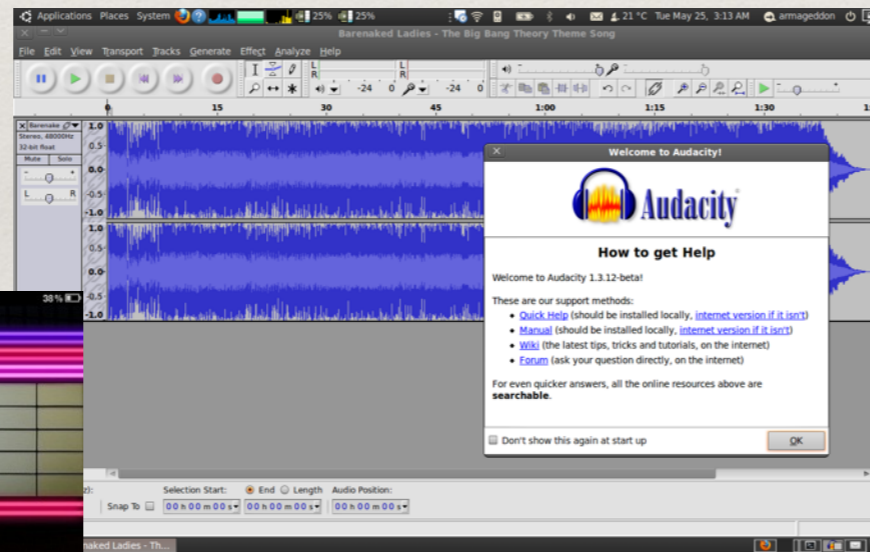

Tech Tools:

* Blogs (KidBlog, Blogger)

* Podcasts (Audacity)

* Videos (iMovie)

Use to Assess:

- * Demonstrations
- * Experiments
- * Story retelling

* WebQuests *

Tech Tools:

- * Skype
- * Twitter
- * Google Earth / Maps
- * Variety of websites

Photo Credit: http://en.wikipedia.org/wiki/Akron,_Ohio

Use to Assess:

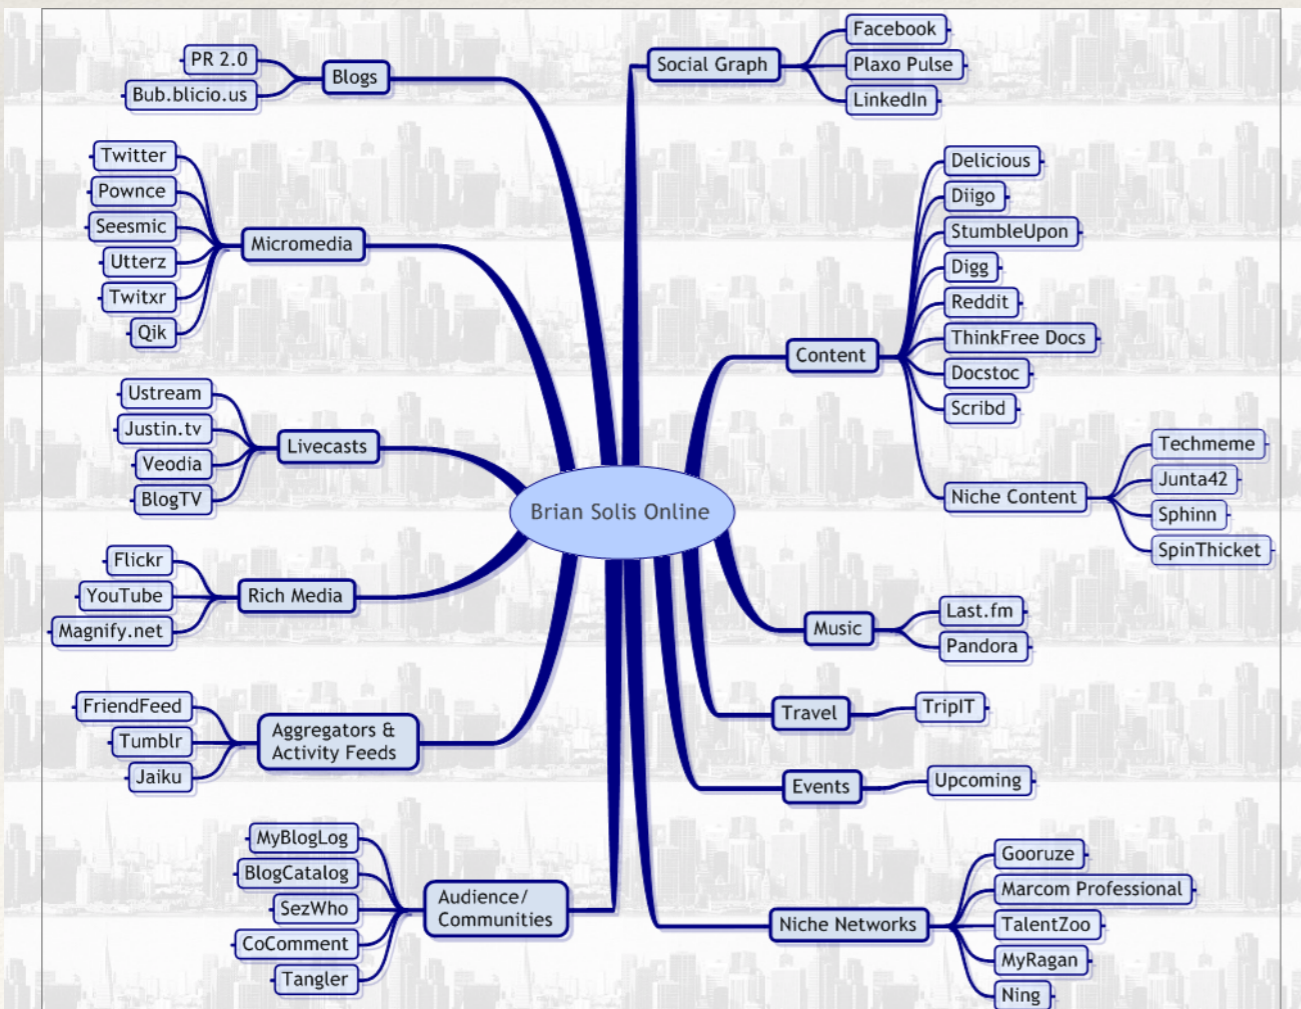

- * Digital literacy
- * Real life skills
- * Curriculum concepts

* Letter to the Editor *

Tech Tools:

* WordPress / EduBlogs

* Social media (Twitter, Facebook, LinkedIn)

Use to Assess:

- * Scholarship as conversation
- * Transferable skills
- * Collaboration

* ePortfolios *

Tech Tools:

* Weebly

* Wix

* Google

* Edublogs / WordPress

Create a Free Class Website
and let your students build sites too

Use to Assess:

* Semester long projects

* Culmination of data gathering

* Synthesis of information

* * HELPFUL GUIDELINES * *

Best Practices

**Next
Exit**
