# REVOLUTION IS ON!

The revolution is on! In a UPI news story released on 10/30/70, it reported "Senate investigators were told that Bernadine Dohrn of the FBI's most wanted list and other leaders of the students for democratic society are plotting 'anarchy which will surpass all levels of revolutionary activity seen in the recent decade'".

It is now official, America is in a revolution! Monotonous front page stories tell of bombs, daily destruction of public buildings, innocent people being murdered in the process.

The front page has almost, but forgotten about the exploding revolution across America where young Christians calling themselves Jesus People have invaded the streets which are filled with searching, wandering, confused, lost people, telling them that Jesus Christ is the solution to the pollution facing each person. That's when the real revolution takes place. They pray right there on the street. And another person asks Jesus Christ to come into their life and straighten out their problems.

CONTINUED FROM FRONT PAGE

As the revolution of bombings and killings takes place, America, do not overlook the exploding revolution that is happening in the lives of young America. This revolution is one demonstrating the life-changing power of Jesus Christ. The evidence of this changed life is love, peace and compassion for other people. JESUS PEOPLE UNITE! JESUS HAS IT TOGETHER!

Bomb the library!  
Burn the B of A!  
Kill the pigs!

It's planting time --- we're sowing seeds and caring for our garden at life ... getting ready for the harvest!

Death, debris, destruction!

Jesus said that we should prepare because the natural law is that we will harvest the same crop that we sow. The Bible also says the payment for our deeds is death... but that God's free gift is life forever.

Stop hasseling with the harvest of your deeds --- Jesus has already paid the penalty for them.

Talk to Jesus and ask Him to forgive you for all of your deeds and to give you the abundant life He promised... if you're serious... He is!

He loves you !!

## TURN-ON, BABY!

Whatever turns you on baby, right? I mean if Buddha does it, outa sight. If drugs do it, that's beautiful. If Jesus does it, that's really heavy! You know what I mean. It's all the same in the end. All that matters is if you pick up the good vibes from the trip. Right? One trip is as good as another.

ZODIAC - Or is it? What about the Zodiac? He's got his trip, he grooves on killing people. If there are no absolutes and "everything is beautiful in its' way", then we shouldn't be so narrow minded as to tell Zodiac that he's wrong. Let him do his thing, right? Whatever turns you on, that's all that matters.

NARROW MINDED BIGOT - Like if you get the Big Time Tingles out of driving the wrong way on a one way street in rush hour traffic, why shouldn't you? There aren't any absolutes, are there? There isn't a right way and a wrong way. It's just whatever turns you on. So when that narrow minded bigot on the motorcycle pulls alongside your car and actually tries to tell you there's only one way you can drive that street and live, enlighten the poor soul. He obviously doesn't realize we live in the 20th century, where this "one way" idea is completely outmoded.

GO JUMP.... If that doesn't work, demonstrate to him how artificial and repressive all this talk about "laws" and "absolutes" really is. Climb to the top of the twenty story skyscraper and jump off and in those brief seconds, as the floors zip past, keep telling yourself you're free of the law of gravity. Congratulate yourself on how broad minded you are and if you have time, you might even spare that poor soul waiting on the motorcycle a few sympathetic thoughts. Some people are so narrow minded...

Jesus said "I am the way, the truth, and the life, no one comes to the Father but by Me".

# AS I SEE IT

BY LARRY NORMAN

Have you ever appreciated your mind for what it is? There is so much you can do with it. You can blow your mind, with anything from marijuana to speed to rat poison. Or you can change your mind, daily taking on different pretenses and roles ... anything from street politician to humanitarian to leftist radical to health food mystic. Or you can cultivate your mind, and learn 9 different eastern philosophies, or design a new peace plan or memorize all the lyrics to every Beatle song written.

But there is even a greater thing you can do with your mind. You can have the mind of Jesus. Your thoughts can be pure and honest. Your words can have wisdom and be heavy with truth. You can be happy. Because the Bible says, "let this mind be in you which was in Christ Jesus". And it says also to "be not conformed to the world but be transformed by the renewing of your mind". ("Then you will be able to understand the will of God, and to know what is good, acceptable, and perfect.")

Jesus didn't conform to the world. The words He spoke were so full of love and truth that many other people decided not to conform also. And instead they chose to believe in Jesus and be transformed. Changed. They renewed their minds. They threw out all the hatred and junk and let God fill their minds with peaceful motives and happiness.

So stop now and look into your head, and into your heart. What's there? Because "as a man thinks in his heart, so is he", that's right, you are what you eat. If you put gas into a car it will run well, but if you fill the tank with water it will not run at all. And if you fill your head with worthless thoughts your life will not run well. But if you let your mind dwell on good things, your life will start producing real trips instead of bum trips. "If you believe in goodness, fix your minds on whatever is true and honorable and just and pure ..."

Unless your mind becomes transformed, you will change and progress without ever really going anywhere. You will be "always learning, but never coming to a knowledge of the truth".

So decide what you want to do with your mind. Do you want to blow it, change it, cultivate it???? Or would you like to have the mind of Jesus? Because you can ... by accepting His Spirit and following His teaching.

Hey, you -- lying there in that tall grass! You know something? You are a V.I.P. That's right -- I'm talking to you. You may think you are nothing but an "overfed, long-haired, leaping gnome", but Baby, you're wrong. You are SOMEBODY. You don't dig it? Well, let me give it to you straight. Did you know you've got a mansion in Heaven? (That's a really groovy pad, man.) You are so important that Jesus died for you -- on a cross with nails in His hands and feet! You ought to get down on your hands and knees and praise the Lord -- 'cause His blood paid for your soul! Why? Just because He loves you -- that's all. That's what I call real love! He doesn't want you to pay him back. All he wants is for you to say "Jesus, I believe you did this for me. Let's get together."

Man, from then on, you'd better be ready for lots of surprises, 'cause you've just tapped the biggest powerhouse in the world! Hang on, brother, you've just started to live!"

I found AN ETERNAL HIGH!

My name is Wes. I lived in Hawaii most of my life. I was born and raised a Catholic. I really got heavily into that scene when I was baptized and confirmed into the Catholic Church. But I got tired of having to go in and sit in a hot building for an hour every Sunday, so I left the church, I moved out into the world. My family was alright, as a matter of fact I had it pretty good. I was free to do as I pleased, when I pleased. But I soon found out that nothing really pleased me. First I tried sports, surfing, track, etc., but there was no real satisfaction there either. Still looking for a thrill, I moved on to dope. I found my thrill, but it failed me too, it was so temporary. You get high -- you come down, and all the while you are ruining your body in so many different ways.

While still searching for my thrill, I decided to run away from home. At this time, I've been in California three years. I've found that every place is the same, people are the same, you can't run from yourself. You can only get heavier and heavier into your own ego trip. I was always performing for people, but then just in a moment's time -- I was set free.

I walked into a house full of fanatics one night at an Action Life meeting. People from all walks of life. These people were sitting all over the floor, everywhere. It was beautiful how they all had such beaming faces. My first reaction was "WOW", another religious group, but I was wrong. By the end of the evening I was so full of the love that was pouring out of these people, that I couldn't resist so great an offer - the offer of JESUS CHRIST not only as Saviour, but Lord of my life.

Since, then, I've been spending all my time telling people about Jesus, how he can change their lives, and I've been feasting on His Word, and talking to him. I was baptized in the Pacific Ocean, and received an overflowing of the Spirit, who keeps me so full of love that instead of "Keeping the Faith", I spread it around. It's like breathing, everytime I open my mouth, I'm praising the Lord. Wow, I love my Lord so much, but that's nothing man, Jesus loves me, and he loves YOU, too! Can you dig it? Praise God, I love ya! Wow, here I was selling dope when Jesus loved me. I stopped selling dope, because there's something better that's free. God loves you!

# LETTER

Dear Editor:

I have a lot of friends who do not know Jesus. I'm a 15 year old girl living in Anaheim. I have been a Christian for about 1 1/2 years. A lot of my friends are mixed up, dopers, juicers, smokers, church-goers, etc. They really need help and I think your paper could do it. I've been praying for them and I decided to subscribe to your paper for them.

Your sister in Jesus,

C. P.

To Whom It May Concern:

The Hollywood Free Paper is great. I really want to become closer to God, and the Hollywood Free Paper has helped.

I have been thinking, it would be great if high school people could have a chance to become closer to God. Most kids in high school don't really know what they want in life or how to go about getting what they want. The kids in the high schools are the ones that need Jesus, but its hard for them to just go out and make up their mind that they are going to start digging on Jesus. What I am getting at is that I think there has got to be a way to get to the high school people and let them turn on to Jesus in their own way. But how? Well I was thinking, why can't the Hollywood Free Paper be passed around the high school campuses? I think that would be great.

Also, I sure would like to see the Jesus People down here in San Diego. You ought to start spreading around. Get things going everywhere. We'd like to get in on the Action too! Is there a way for me to help?

Thanks.

S. V.

Dear People:

I spent most of the summer of '70 in Garden Grove and Fullerton, California, where I first heard of and read the Hollywood Free Paper. I subscribed to the paper and am receiving it in the mail.

Jesus is real in my life and I believe He is using your publication to tell young people today how great He is and what He can do.

I am 18 years old and I go to school at the Mansfield branch of Ohio State University. I want to have many copies of your paper to distribute at school and 2 other brothers have already agreed to help if I can get bulk copies of the paper. I know 6 or 7 other Christians who would probably also help distribute it.

Your brother,

D. B.

God be merciful to me a sinner.

**BROTHERS GETTING TOGETHER IN SALT LAKE CITY**  
 DROP IN SOMETIME - CHECK LIST OF GET TOGETHERS ON PAGE 11.

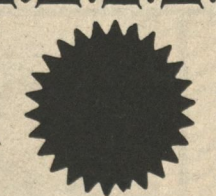

Dear Brothers:

Through your paper, I found Jesus. A guy told me about the Rock of Ages concert at Devonshire Downs. Wow! I didn't know what I was in for. I thought it was some "normal" group. But when I saw these longhairs, standing up there talking about God and all the courage they had I thought that was beautiful. And when they asked people to accept the Lord, I accepted.

God has led me to many Christians at my school (Granada High) and the most beautiful thing is that some of them found the Lord through their churches. It's the first time in my life that I've ever seen it: Methodist, Baptist, Lutheran, Presbyterian, Catholic, all going under the name of Christian first and then their denomination. I pray for the day when all Christians may be united.

Your sister in Jesus,

Carol
