Dear Brothers:

I wish I could be a more effective witness for Christ in my own life. I don't come into contact with too many kids who are hung-up on drugs, but most of the people I know, still have empty lives because they are not centered around Christ. After all, He is the only one who can add peace, joy, and true purpose to life. I guess I need your prayers as much as you need mine because we are all serving the Lord.

The Hollywood Free Paper has been a very effective means to introduce people to a life in Christ. This fall I will be attending UC Riverside. If you need any help in that area, please let me know. Or if you know of any Bible study groups, coffee shops, etc., please relay that information.

Thank you and may God Bless.

# HUMAN NATURE — IS SCREWED!

How many more bloody riots are we going to have to go through until we can get our heads straight about human nature? I mean, let's get serious! Isn't it about time we get off this stupid "man is basically good" kick.

If human nature is so together, then why can't it get itself together? The answer is so obvious that you've really got to be freaked out not to get it. The point is that man is basically screwed. That's right! HUMAN NATURE IS SCREWED!

God intended for man to make it in a together society, but somewhere along the way man tubed out and dumped on the one who made him. Pretty stupid, huh? Ever since then men have been killing each other. What a super-bad trip!

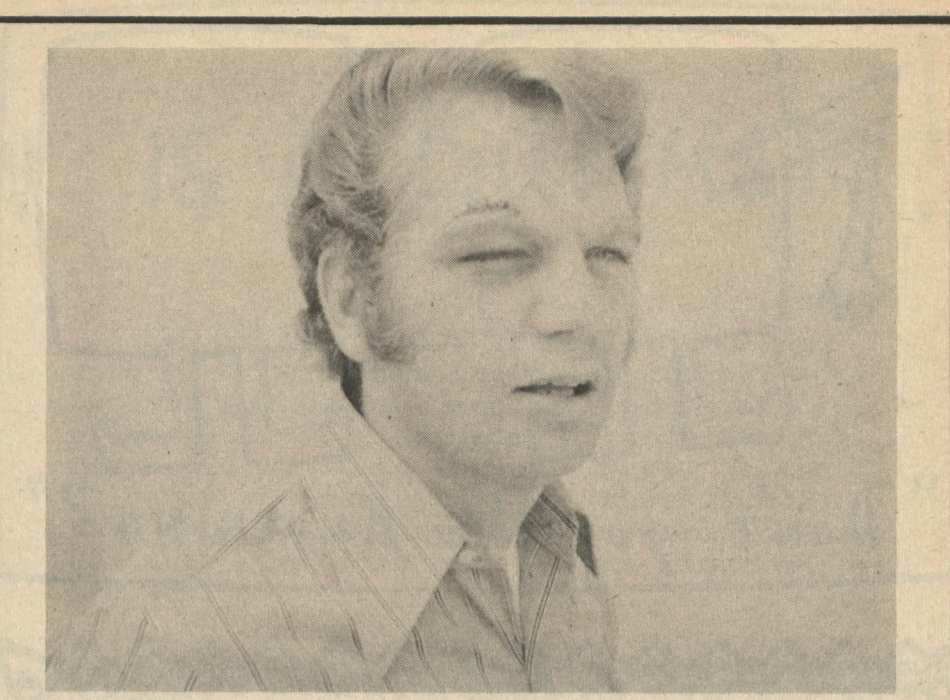

The issue really isn't over which individual group is at fault, although it's pretty obvious that the Anglo-Saxon crowd shares a sizable hunk of guilt! The truth of the matter is that we're all guilty of blowing it. God says so. "All mankind has blown it and fails to measure up to God's original blueprint." (Romans 3:23)

How many more martyrs are we going to have to sacrifice until we wake up and get things together in God's solution ... Jesus? How much longer are we going to have to see our Mexican-American brothers, Negro brothers, and all our brothers and sisters dumped on by screwed up human nature?

Stop war and hatred. Wipe out soul pollution. Give Jesus the freedom to do His thing and bring peace. Don't you think it's about time?

"But in order to demonstrate our love of peace and hatred of violence, we must bomb the campus center!"

# JESUS PEOPLE MISTAKEN FOR COMMUNIST!

Wednesday, September 2nd, men who identified themselves as Communists, attempted to conduct a "rally" in Atlantic Square in Monterey Park near East Los Angeles, to protest "pig terror" (referring to the E.L.A. riot on Saturday).

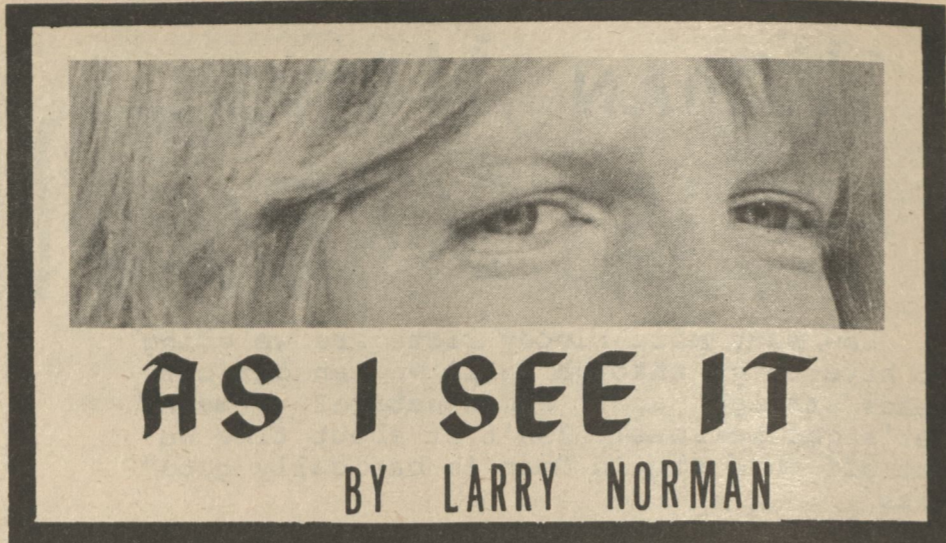

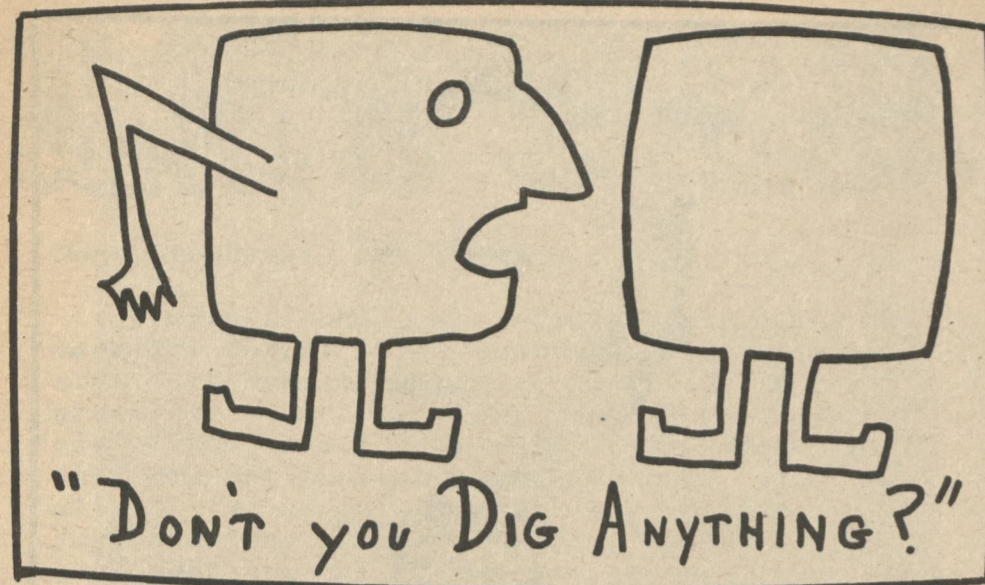

Jesus People armed with the Hollywood Free Paper, also went to the Square to share the good news of Jesus. In the confusion, as citizens of East Los Angeles ran the Communists off, they also attacked and beat up one of the People, Tom Wolfe.

When police on the scene saw Mr. Wolfe, they asked what had happened. He explained that he had been mistaken for a Communist. They asked if he wanted them to get the people who had attacked him. He replied, "No, man, leave these people alone. They are on our side. They misunderstood why I'm here. Jesus alone can bring peace through love, real revolution comes through Him .... any other revolution brings bloodshed."

Tom was taken to Bella Vista Hospital where he received emergency treatment and was released in good condition, although there were 21 stitches in his head.

Pray for our brothers in East Los Angeles. Rallies which very well could end as a riot are being planned for September 16th. Christians in this area are being asked to have a day of prayer and fasting. Local churches will be open for ALL JESUS PEOPLE to pray that the Prince of Peace may be seen in these days!

## AS I SEE IT BY LARRY NORMAN

(Larry Norman, song writer, arranger, and performer. Hear his current Capitol LP "Upon This Rock")

The world is in its hour of decision. How will it choose to die? By nuclear warhead? By poisoning its water and air? By war after war and country after country? By overpopulation and the disease and famine that will follow? There is such a smorgas-board to choose from.

### A Cry For Brotherhood

There's a last minute warning and a cry for brotherhood. And the slogans roll out. "We are all one." "Get together." May I suggest that we are going in the wrong direction and that we are not all one? Or haven't you noticed? Some of us are peaceful, others enjoy war. Some are honest, others steal. And all men are not your brothers. Some are your sworn enemies. But you are right. Brotherhood is what will save the planet. We must get together, and right now. But if our brotherhood is going to work, it must be sincere, and truly a brotherhood. Otherwise we will still be playing Frater-Pax when the earth takes its last breath.

### Who Is My Brother?

To be true brothers, people need the same mother and father. For allegorical purposes we all have a mother in common. The earth has nursed us with her air, water, food, and given us the night to sleep in. But who is really our father?

God is our father. He begat our spirit and created us in the flesh. Without God we would not have life. So if we are truly to be brothers, then we must accept God as our Father.

Jesus is His only true son. But God has called us to be His sons also, and to share in the inheritance. Heaven is that inheritance. And earth is a time for choosing that inheritance. All who believe on God, and accept Jesus, become brothers through the Spirit. There is no brotherhood other than this.

### What Should I Do?

Ignore the false call of Brotherhood. If the world is to be salvaged we must be true brothers. Let me remind you, there are many ways to tell a lie, but there is only one way to tell the truth. And what about the earth and its hour of decision? Well, there are many ways to die, but there is only one way to live.

Next Issue: The Brotherhood

What can we do, once we "Get Together"?

# SOUL POLLUTION IS A BUMMER!

All right. Nobody's gonna hassle the fact that earth pollution is a bummer. Nobody digs smog in the air and crud in the water. Once again, man has managed to do his all time champion thing - screwing things up.

God created man to have dominion over the earth. That means to watch over it and take care of it. But what have we done to the earth? We've raped it, that's what! Just like everything else.

When man flipped the bird at God every thing went weird including nature. That's because man lost his dominion and started polluting everything. Worst of all, man polluted himself. Soul pollution is the worst kind of pollution because that's what is responsible for messing everything else up.

The weird thing is that man is trying to clean up pollution in nature without getting himself together first. You can join all the nature societies you want, but ecology won't work until man gets his dominion back.

Okay, so how does that happen? It's so simple, it's freaky. God saw the problem and gave a solution. He didn't give ten solutions, He gave one. He didn't need to give any more than that. God's solution isn't working your head off to get things back together. It isn't keeping the Ten Commandments and promising to be good. God's solution is a gift and His gift is a Person. Jesus.

Now it was really crucial for God to give us a Person as the solution. That's because we need a human representative to prove that man's got some worth after all. Jesus did all that for us. Jesus is the only man who has ever lived that didn't have soul pollution. He had "dominion" and He never blew it once. He was right on, all the way!

Jesus came to planet earth for two major reasons. 1) To live a perfect life so that all of us rejects could plug into His "dominion" and as a result, get our dominion back. 2) To die for man's mistakes so that we could hang our polluted souls on the Cross with Him and never have to be bugged by them again.

Jesus did everything necessary for us to get our dominion back. The only thing we have to do is plug into Him and share His life-style. You can do that by simply acknowledging that you've got soul pollution and that you're willing to let Jesus come into your life and liberate you from all your ego-trips and bummer.

Just rap with Jesus and let it all hang out. Believe it or not, He loves you just the way you are, but wants to liberate you from your own self-made prison.

Earth pollution is a bummer. You can do something about it by getting your "dominion" back in Jesus. That comes first. Trust Him, to do His thing in you, and He'll wipe the smog right out of your soul.
