2.1. Sanctions Against Notary Which Did Malpractice in The Using of State Symbol

One example of abuse is when a "Garuda" as Symbol State by Notary use for gift or souvenir party private events. It is clearly not appropriate and violate the rules, because the Notary was not in a position of authority to use the State Symbol of Garuda. The act also dishonoring and uphold the dignity and the dignity of the Notary office, as stipulated in Article 3 (2) Notary Code. Notary who mis use the State Symbol is not necessarily directly given to criminal sanctions as a form of application of the law *ultimum remedium*. In addition, there are several steps that must be passed given the Notary has its own rules in UUJN. Notary of the behavior is also governed by a special organization that Indonesian Notary Association (INI).

Article 8 through Article 10 UUJN governing the various stops Notary. The first is the Notary's resignation with respect, for example because of death, retirement, or at his own request. Second Notary suspended from their posts. This happens because some cases such as in the process of bankruptcy or postponement of debt repayment, was under guardianship for a while, misconduct, or are serving prison time. However Notary concerned can be restored right after the period of suspension expires (period of suspension up to 6 months). Then the last Notary stopped with disrespect. For example, in a variety of conditions such as declared bankruptcy court ruling that has the force of law that is fixed,

Notary deed abusing symbol of the State as gift or souvenir for a private event party, will be dealt with in stages. Starting from the call, inspections, warning verbally, in writing, to a dishonorable discharge proposed by the Board of Trustees in UUJN to the Minister of Justice and Human Rights. The same penalty applied by the Board of the Notary Code of Honor. Apart from the rules governing the office of the Notary profession, a notary who has met the elements of criminal misuse of State Symbol of Garuda, still requested to criminal liability under the Act No. 24 of 2009. Looking at the rules relating to the dismissal of the Notary with no respect Article 13 UUJN states when Notary dishonorably discharged by the minister because sentenced to imprisonment by a court decision which has had permanent legal force, where the Notary is said to have done a criminal act punishable by

imprisonment 5 (five) years or more. Article 13 The governing UUJN dishonorable discharge for notaries who was sentenced to imprisonment for a period of 5 (five) years or more. With the existence of such provision, the Notary been sentenced less than 5 (five) years, it is still possible to keep carrying out his profession. Wherein the Notary said to have committed a criminal act punishable by imprisonment of five (5) years or more. Wherein the Notary said to have committed a criminal act punishable by imprisonment of five (5) years or more. Article 13 The governing UUJN dishonorable discharge for notaries who was sentenced to imprisonment for a period of 5 (five) years or more. With the existence of such provision, the Notary been sentenced less than 5 (five) years, it is still possible to keep carrying out his profession.¹⁴

Prohibitions and criminal provisions had previously been regulated in article 154a of the Criminal Code, which reads, "He who desecrate the flag of the Republic of Indonesia and the symbol kebangsaan the Republic of Indonesia, is threatened with a maximum imprisonment of four years or a maximum fine of forty-five thousand rupiah."

According to the authors that, imposition of sanctions for contempt of the State Symbol maximum is not enough, this is due to the unclear category insult to coat of arms, as well as the sanctions provided only limited when people commit crimes against the state symbol should be met with criminal sanctions. The meaning is type of sanction granted when viewed from the aspect of its objectives more directed at "prevention so that people do not commit crimes," not aiming at "preventing them from committing crimes", and is not meant to "prevent a crime that did not happen."
