Ag. Journalism Picks Poly Royal Speaker

Lewis B. Rock, Jr., assistant to Secretary of Agriculture Ezra Taft Benson, will be guest speaker at Cal Poly's Agriculture Journalism banquet April 25, during Poly Royal.

Subject of the speech will be concentrated on agriculture, applied particularly to the West.

According to Clyde Hostetter, Journalism instructor, Rock works closely with the Washington press and manages public relations for Secretary Benson. He previously worked on a Washington daily paper as well as a Midwest paper.

Approximately 800 guests are expected to attend the Press banquet, including many editors of California agricultural publications.

Jones Announces Fees, Warns Check Cashers

Students are again reminded by Cecil Jones, accounting officer that no checks will be cashed in registration lines, except for the exact amount of registration fees.

However, there will be no delay in the registration line if students have checks made out before entering the line.

The fees for Spring quarter will be \$20.25 for regular students. This fee includes \$13 materials and service fee, \$3.75 student body card, \$3 medical fee, and \$5.50 Post Office box rent.

Non resident students will pay an additional \$60, making a total of \$80.25. Limited students with one to three units will pay \$6, and those taking four to six units, \$10.

March 16 Deadline For Library Books

All library books must be returned by 5 p.m. March 16, as the library will be closed March 18, 19, 20, for inventory.

Students failing to return books at this time will not be able to obtain Spring quarter permits to register, according to Dorothy S. Wright, Assistant Librarian.

No exceptions to this rule can be made due to IBM registration system.

Summer Travel Program Offered

This summer 800 collegians will participate in programs offered by the U.S. National Student Association's Educational Travel, Inc., a non-profit organization providing budget tours to Europe.

Each student going abroad with USNSA is part of an international student community. The programs are arranged by and for students, with European guides who are their country's art, history, music, and good guys.

Throughout Europe, contact with the foreign student is made both formally and informally. The USNSA traveler spends many evenings chatting with foreign students in rathskellers, chalets, or cafes, also taking advantage of invitations to overseas homes for coffee and dinner. This contact produces a mutual exchange of viewpoints, making the American student an informal "diplomat".

On board ship there is an orientation program including accelerated language classes and lectures on art, history, music, and political science. Added to the classroom activity of shipboard life, is a nightly dance and daily movies and sports.

Several special interest tours, such as the "Drive-It-Yourself" Volkswagen tour, are being offered. For the student on a budget, Hob Tours, featuring travel by bus throughout Europe, are offered.

IAS Theme Wins . . .

THEME CONTEST WINNER—Bob Mehr, chairman, Institute of Aeronautical Sciences, accepts a plaque from Anna Boyson, Poly Royal Queen. The theme, "Proud Past - Bright Future," was selected from over 150 theme contest entries for the 27th annual Poly Royal festivities. The Winning club's name, Institute of Aeronautical Sciences, will be inscribed on the plaque.

Seven Polyites Journey To Model United Nations

by Carol Bucher

In connection with the Model United Nations conference at the University of Southern California, April 22-25, Cal Poly has joined CCUN, a collegiate council comprised of all colleges that attend the Model United Nations. For the first time this year, students will receive two

Mustering-Out Pay Set For Korean Veterans

Korean vets who didn't get mustering-out pay, though eligible for it, can now apply to their service branch until July 16, 1959.

The Korea GI Bill (Public Law 851) authorized mustering-out pay for those with a active military service after June 30, 1950. When the bill was passed by Congress in 1958, Korean Vets already discharged or inactivated were given two years to apply to their branch of the service for their pay.

Last August the date was reopened and extended to July 16, 1959. Forms to claim this benefit can be obtained at the local Veterans Administration Office, 864 Santa Rosa Street, San Luis Obispo.

Gift Mare Bolsters Quarter-Horse Herd

Anne Croddy, daughter of Mr. and Mrs. W. F. Croddy, Santa Anna, has given the valuable horse, Miss Margo, to the school as a gift, according to William Gifford, animal husbandry instructor.

This 18-year-old mare has received state-wide awards including reserve champion hackamore mare in 1948; champion hackamore mare in 1950; reserve champion bride horse in 1950, and grand champion bride horse in 1951.

After winning most awards in her class, the Croddys decided to give her to Cal Poly for retirement. Gifford said, "The horse is an excellent addition to our quarter horse breeding program, and will be used for breeding and instructional purposes."

Miss Margo was trained by Harold Platner and Pouche Lohrer, and bred by Guy Corps, Sacramento.

SAC Okays Summer Papers; Sends Wrestlers to PCI's

by John Zacharias

Allocations for summer El Mustang and payment of a deficit for this year's Pasadena Tournament of Roses float were approved at Tuesday night's Student Affairs Council meeting. Les Sanders, A.S.B. president of the Kellogg-Voorhis campus, presented the San Luis Obispo student body with a framed picture of this year's theme winning float.

Architecture Students Travel To Bay Area, Study Buildings

The Junior Architectural Engineering class has just returned from a five day field trip to San Francisco where members visited all Architectural elements of the city and nearby areas.

Students also visited two well-known architects, Henry Hill and Raphael Soriano.

Advisors pointed out that it is while on these trips that the students are exposed to some of the new ideas in architecture plus absorbing a portion of the philosophies of the practicing architects.

Farm Machinery Majors Visit Bay Area Plants

Fifteen Farm Machinery students are currently touring steel and metal processing factories in the Bay Area.

The group left Poly yesterday and planned on visiting U.S. Steel Corporation in Pittsburg, Industrial Steel Corporation Foundry, and Enterprise Engine Division of General Metals Corporation.

The purpose of the trip, according to W.H. Loper, instructor, is primarily to study metallurgy and metal production processes.

Cinemoguls Set Spring Show Series

Tonight's college union film presentation, "Kismet," will be the last movie for this quarter. Starring Howard Keel and Vic Damone, the two-hour, full-size Cinemascope production, featured at 7 and 9 p.m., tells an Arabian Nights story, featuring dancing girls, and the popular song, "Stranger in Paradise."

Announcing the above movie during breakfast in the south cafeteria this morning, campus cinemoguls Marty Figot and Phil Ritterband added, while stuffing corn flakes boxes into their jacket pockets, that next quarter's movies would feature such well-known stars as Debbie Reynolds, Frank Sinatra, Jayne Mansfield, Sophia Loren, Doris Day, and Glenn Ford.

Aid To Students, Colleges Proposed By US Senator

WASHINGTON, D. C.—Senator Hubert H. Humphrey (D-Minn.) has proposed a bill in the Senate calling for Federal scholarships which would send 46,000 young people a year to college. The youth opportunity program offered by Senator Humphrey also includes assistance for colleges and universities

vidual students on the basis of need.

The tuition tax credit proposal would provide income tax credits up to \$450 for parents or students who are paying tuition and fees at institutions of higher learning. Such action would be "an inducement for higher education and a relief measure for the family budget," Humphrey continued.

In summary, Senator Humphrey's program calls for Federal scholarships for outstanding high school students, better schools, liberal tax write-offs for parents sending their children to college, an attack on juvenile delinquency by means of prevention and rehabilitation and conservation projects in our national parks and forests.

Cast Tryouts Set For CU Production

"Outward Bound," a three-act drama by Sutton Vane, has been chosen by the College Union Drama Committee as its Spring quarter dramatic production. Tryouts are scheduled for March 23, 24 and 25, in Adm. 209 beginning at 7 p.m.

Dr. Herbert L. Smith, director of the spring play, announced that "Outward Bound" is an extremely provocative play which concerns the flight of the human soul after death.

The cast for the play is composed of six men and three women. The presentation will take place May 14 and 15, in the A. C. Aud.

Wrestlers Defend Title In Pacific Coast Tourney

Set to defend their 1958 PCI wrestling championship title, the Mustangs of Coach Sheldon Harden are in Corvallis, Oregon, today and tomorrow to participate in the Coast tournament, hosted by Oregon State.

Harden, team manager Dave Loomis, and a ten-man grappling squad departed Wednesday for northern tourney. The Mustangs, in the '58 event held in San Jose, seeded-out University of Oregon for the PCI crown.

The Mustangs boast a 7-1-1 record this season, while the '58 organization rolled-up 16 consecutive wins. The 1959 Hardenmen saw four scheduled matches go by the boards because of misunderstandings of arrangements and three cancellations by opponents. Harden felt "definitely" his squad's championship defense was in jeopardy, in part, because of the "short" schedule.

Tom Hall, defending 187 pound PCI champ and last year's outstanding tournament wrestler, won all nine of his bouts by falls. Two other Mustang veterans are undefeated this year.

These are 123 and 130 pounder Howie Bryant and defending PCI heavyweight champion, Pat Lovell. Bryant annexed seven victories while Lovell registered five wins. Lovell suffered a hip injury halfway through the campaign and was sidelined. Harden said the

Poly Golfers Tee-off Against Forty-niners

Opening the season on the home links, Cal Poly's golf team will host Long Beach State College in a CCAA match this afternoon at 1 p.m. on the Morro Bay course. Hanks said all the CCAA teams are stronger this year. Long Beach state finished in the cellar last strengthened by a number of Jun-year, but the 49er team has been for college transfers.

The Cal Poly mentor named Long Beach City College transfer Ron Ankrom to the first position. Dick Callin, Owen Silke, John Quinn, Dan Prochnow and Harold Woodworth will follow in that order.

Hanks' returning lettermen are Callin and Silke while Prochnow is also a returnee from last year's squad. Quinn is a transfer from UCLA and Woodworth came to Cal Poly from Napa Junior College.

Mustang Tracksters Race Fresno Bulldogs

Scheduled to open its 1958 slate Wednesday at Pomona College, Poly's track squad travels to the Raisin City tomorrow afternoon for a 1:30 o'clock dual meet with defending CCAA champions Fresno State.

The Mustangs of Coach Jim Jensen are expected to be at their strongest in several years. Depth is still a problem for Jensen, but the head man has more top individual performers in various events than he has had in the past.

Heading the local performers will be Vic Hall, a transfer from Oregon State. The 9.8 sprinter sat out the 1958 season because of the transfer rule and through his workouts and running unattached at several meets, Hall is considered one of the top sprinters in the conference.

Poly Baseballers Meet Spartans

Traveling to San Jose this afternoon to meet a highly touted San Jose State Spartan baseball club, Coach Hill Hicks Mustangs, riding on the crest of a 3-1 win loss record in pre-season play, are ready to cut the Spartans down to size.

Dave Gegaille will probably get the nod from Hicks to start on the hill.

Tomorrow afternoon at 1:30, the Mustangs, as yet undefeated on their own diamond, will meet the Coalinga Junior College Falcons on Mustang field. Jim Newkirk, veteran mustang moundman, is expected to draw the starting hill assignment.

The Mustangs defeated Long Beach City College in a family tussle Monday afternoon on the home diamond. Poly coach, Hill Hicks, came out on top, beating brother Joe Hicks', Long Beach mentor, club 6-2.

Al Warnick received credit for the win, assisted by Newkirk, who twirled the final four innings.

Dick Simmons, Mustang outfielder, paced the Mustangs with four hits in four trips to the plate. Carl Underwood, who has been hitting the ball well as of late, garnered four for five. The Mustangs amassed a total of 18 hits to five for Long Beach.

team physician had indicated Lovell is ready for the PCI tourney.

The local matmen have taken a pair of victories over Long Beach State, single triumphs over Stanford, California, UCLA, San Diego State and Los Angeles YMCA. San Jose State upset the green and golders, 12-13, and the Oregon Ducks and the Mustangs deadlocked at 14-14.

Boxers Booked For Bay Area Bouts

With a week's rest behind them, Mustang boxers of Coach Tom Lee invade the Bay Area, engaging the California Bears tonight at 8 p.m. Lee has also entered a pair of green and golders in the Mars Island Navy Invitational tourney, which begins Wednesday.

In their last outing, against Chico State, the Leeman punched-out a 7-2 victory over the Wildcats—the first triumph of the Cal Poly season. The squad has shown "consistent improvement," Lee says, and expects the Mustang to show well in Berkeley against the Bears.

Poly and Chico State, in their first meeting this season, drew, 4½-4½. California also deadlocked with the C-Staters earlier in the year and have progressed to down Stanford twice. The locals now have a 1-3-1 season record. The Mustangs have bowed to Sacramento State 5-3 and 5½-2½, and to San Jose State 6-2.

Monday, Mar. 9, the Leeman entertain former Mustang grid and ring great Vic Buccola's college of Idaho Coyotes in a 8 p.m. Crandall gym affair. A packed house is expected for the always tough Idaho club.

Lee indicated he would enter two Poly punchers in Wednesday's Mars Island event. Howard Mason, a Colt boxer, is to be entered in the novice division at 155 pounds. At 139 pounds, 1957 squadmember Don Tsark is to box in the open division of the tournament. Tsark sat out the '58 wars with an injury-weakened hand.

Gymnasts Host Three-Way Meet

With just one more meet between them and the NCAA championships, the gymnastics team will host Occidental College and San Diego State here Saturday night at 7:30 p.m.

Coach Charles Plath and Dr. Glenn Noble commented that their team has been improving with

each meet and Plath says, "If the boys are right we can take this one. It all depends on how hard they work this week."

Plath and Noble will send five freshmen into the meet, but their points will not be counted in team scores. Plath said they would be judged, however, to gain experience.

Scoring big with allok ideas

like the Electronic Secretary[®] answering unit,
product of America's second largest telephone system.

Your phone is always "tended" when an Electronic Secretary unit is on your "line." For it answers calls in your absence and takes messages as well.

Here's how it works. When your phone rings, a recorded voice informs the caller that you are out—and invites him to leave his name, number and any information he wishes you to have.

When you return—or when you phone in—all calls are repeated to you word for word. Result: no more "missed" messages, no more lost business, no more worrying about leaving the phone unattended any hour of the day or night.

This is just one of many ways Gen Tel is adding new dimensions to telephone communication. We know that, in an America which is expanding fast on all fronts, it is imperative to expand both telephone service and telephone versatility.

And we're meeting the challenge by developing new products and better methods for bringing more and more people together.

ships at Corvallis. Eight members of the team had qualified according to the criteria previously set by S.A.C. The remaining two members of the team had been recommended by the coach. S.A.C. approved.

The student council also approved S.A.C. recommendation that A.S.B. would pay workaid expenses for athletes who are injured, but not hospitalized, and who are unable to continue work during time of the injury. This would apply for a maximum of seven days.

Under new business, S.A.C. selected Roland McGee to head a committee to investigate retirement benefits available for A.S.B. employees. Presently these employees are not covered by any retirement system. Both social security and the State retirement systems will be investigated.

The council approved the Air Conditioning club by-law revisions. The Constitution and Codes committee announced that the code for the Model United Nations and the by-laws for Chi Alpha, Assembly of God religious organization, are being posted for the required two week period outside the A.S.B. office.

Voodoo Dolls; Potions Featured At CU Hop

Guys and gals, do you want to cast that special spell of black magic over that certain one? Then be on hand for Saturday night's College Union record dance, "Voodoo Magic", to be presented from 9 to 11 p.m. in the Temporary College Union.

Dick Streeter, chairman of the C.U. dance committee, announced that decorations will be typical of the supernatural and jungle magic implications of the theme.

Special and exotic refreshments are scheduled to be served from the "witch's lair," including special brews of love potions. Small voodoo dolls will be available to those who want to cast a curse on that rival or the instructor who's planning to flunk them.

American Guernsey Cattle Club Classifies Poly Herd Saturday

Lawrence Colebank, official classifier for the American Guernsey Cattle Club, will classify the Gal Poly Guernsey herd Sat., March 7, at the Dairy Pavilion. The classification will take place at 9 a.m.

Christian Science Group Hears Lecture Sunday

All students and faculty are cordially invited to attend a free lecture on Christian Science, presented by Sylvia N. Poling, C.S., of Tucson, Arizona, March 15, at 8:15 p.m. in Science B-5.

The title of the lecture is "Christian Science Reveals the Door to Life More Abundant", and it is being sponsored by the campus Christian Science Organization.

Miss Poling is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Ag. Ed. Students Take Over Classes; View Operations

Eight Ag. Ed. students received practical experience in teaching farm mechanics March 8, when they spent the day at Coast Union High School in Cambria, taking over classes for Norman Plester, Agriculture instructor at that school.

The Poly students not only employed school-room practices, but also received an overall view of how the school is operated. Students who took part were Robert Thornton, William Justice, Bud Sechler, Roger Hall, Tommie Brown, Stanley Tharp, Iraj Nuban and Yusuf Assi.

Intramural Foul Shoot Scheduled March 9, 10

Poly will hold its first intramural foul shooting contest Mar. 9 and 10 in Crandall gym from 4 to 8:30 p.m. announces Jerry Canfield, student director of the tourney.

Anyone who has not lettered in basketball, or played on the varsity or junior varsity teams is eligible. A trophy will be awarded the winner.

Marine Interviewers On Campus Mon., Tue., Wed.

Opportunities for officer commissions in the United States Marine Corps will be outlined here for interested students March 9, 10 and 11, in the Adm. basement. Interviews will be conducted from 9 a.m. until 8 p.m.

Major William G. Crocker and Captain Richard C. Schulse, USMC, will be on hand to talk to interested persons.

Why did 14,436 sophomores enter advanced Army R.O.T.C. during 1958?

Many more applied. Not all were accepted. In more than 200 U. S. colleges, 14,436 college sophomores met the high standards set. These students were selected to continue officer training in the advanced R.O.T.C. course. Why did each of these young men decide that he would benefit by fulfilling his military obligation as an Army officer? Here are two important reasons. Perhaps they'll help you make your decision.

1...TRADITIONAL RESPONSIBILITIES

As an Army officer, you're in command of men. More men than the number supervised by many civilian executives years older than yourself. To meet your command responsibilities, you employ a great many of the LEADERSHIP principles acquired in advanced R.O.T.C. training. And your executive potential develops while

you gather LEADERSHIP experience. The executive ability you gain as an Army officer will be an important advantage in any civilian career. That's why employment directors often prefer men who have served as commissioned officers. These men have already proven their capacity to handle executive responsibility.

2...TRADITIONAL REWARDS

In every organization, greater responsibilities mean greater rewards. The traditional prestige of an Army officer is matched by material advantages. A second lieutenant earns a minimum of \$355.88 per month—plus substantial fringe benefits. Think you might want to marry soon after graduation? An officer's salary can

make things a great deal easier for a married couple just starting out. What's more, an Army officer is entitled to take his dependents with him, wherever possible. Imagine sharing the fun of travel with your wife—in the United States or foreign countries like France, Germany or Japan.

TRADITIONAL Responsibilities Rewards

U.S. ARMY R.O.T.C.

SOPHOMORES: Are you considering whether to apply for advanced Army R.O.T.C.? Why not discuss your decision with the Professor of Military Science and Tactics at your college? He'll be glad to talk it over with you.

Whatever's Right

by Goff

Campus Grapevine. . . Rumor has had it the past couple of weeks that room and board rates were rising next fall, but a check with administration officials revealed no rate changes planned for at least another year.

New Registration Procedure. . . Don't show up bright and early March 22 with your freshly-padded check books and expect to cash one check to cover all your next quarter's expenses. New policy has it that no checks over the amount of actual registration fees may be cashed by the college during registration.

Poem Stolen from the 'WBC Evergreen.' . .
 Mary had a little lamb,
 The lamb had halftails.
 And everywhere that Mary went,
 The people held their noses.

Note to the local bookie. . . Dear Duke: Hops you have sufficient supply of all text books ready for next quarter. Can't you make a deal whereby you purchase only used (and cheap) books from the publishers? — BRG

From the editors. . . Try to work in a few study breaks now and then between trips to Avila this next week . . . At least take your books to the beach . . . Then even if you don't study, you will at least impress the other beach rats . . . Look for the next edition of El Mustang (April 7) to include the four-page supplement, Polyrama . . . Should be a great issue . . . See you next quarter.

Soil Judges Travel

A team of members from the Poly Chapter of the Soil Conservation Society of America will travel to Arroyo Grande High School, Sat., Mar. 7, to a land judging contest there.

The purpose of this judging contest is to help high school students do a better job of judging and also to serve as a training program for students.

Resident Manager Named For Temporary College Union

Dick Streeter, senior Printing Engineering major from Sacramento, has been named College Union Resident Manager for the Spring quarter. Streeter fills the vacancy created by the graduation of the present Resident Manager Bob Lewis.

Streeter is currently serving as chairman of the College Union Dance Committee, and is a member of the College Union Board.

Judges . . .

Three Cal Poly instructors are traveling to judge at the Young Farmer's field day at Modesto Junior College, Saturday, March 14. The instructors, Dr. Jack Albright, E. D. McGlasson, and Richard Johnson will judge livestock, products, and dairy respectively.

Russell Nelson will judge dairy classes at the state Future Farmer's field day at University of California, Davis the same day.

ASB Lacks Interest . . .

Editor:

I see by Tuesday's Mustang that I'm not the only one who's upset by the lack of interest in the student body. (Body is a perfect word). It's obvious that we could all do better by taking a look at the drive that the members of our newly-formed Technical Arts department has. They have been in operation for less than 6 months, and already they have concrete plans for a full Poly Royal display. They have also formed a wife's club for the wives and rumor has it, they are well under way towards forming a department club, the Technical Arts Society. Perhaps if the rest of the students had one-tenth the spirit that these people have, this might be a better school.
