Pioneer Dies Yesterday In Paris Hospital

Ed Brown, age 82, passed away yesterday at the Henry County Hospital after a long illness.

Mr. Brown was a pioneer settler and started a grocery store at Brown's Grove, which was named after him. He also had operated a grocery and feed store in a restaurant in Murray.

He was married in 1897 to Miss Marie Colman at Brown's Grove. She died eight years ago. He later married Miss Mary Morris W. Paris who survives him.

Other survivors include one daughter, Mrs. Festus Futrell of Highland Park, Mich.; five sons, Aaron Brown, Mayor of Paris, W. W. and J. T. of Paris, J. F. of Murray and Charles E. of Memphis; twelve grandchildren and five great grandchildren.

Funeral services will be held at 2:30 today at the First Methodist Church in Paris with Rev. James Itron and Rev. A. D. Boden officiating.

Republicans Are "Rich Scoundrels" Says Clement

By JOSEPH L. MYLER
United Press Staff Correspondent
CONVENTION HALL, Chicago, Aug. 14 (AP)—Frank G. Clement started shouting at 10:18 p. m. EDT.

When he stopped at 11:08 p. m. it was a good thing no Republicans were around. Those Democrats would have eaten 'em alive.

One flush-faced delegate, venturing the opinion it was the greatest keynote address ever delivered. Anyway, he said, "It was terrific—just terrific."

Tennessee's 36-year-old governor had two ideas he wanted to get across Monday night at the second session of the 1956 Democratic National Convention. In paraphrase they were:

1. Republicans are scoundrels. But they are rich and powerful scoundrels.
2. So to get them out of Washington, the Democrats will have to fight a fight.

THAT 'FIRST BALLOT' SMILE

DEMOCRATIC PRESIDENTIAL ASPIRANT Adlai Stevenson turns on his nomination-on-the-first-ballot smile in Chicago as he sits with Mayor Richard Daley at \$250-a-plate dinner. The dinner was held to raise funds for Adlai.

Adlai E. Stevenson, in a sly dig at New York Gov. Averell Harriman's vote-getting powers recalled that he supported Harriman's bid for New York's top office, then added:

"I was happy he was elected, but I wish he had had a larger majority."

Democratic National Chairman Paul M. Butler, discussing a convention seating shortage, told delegates that he had offered himself only three reserve seats at the convention hall.

Mrs. Eleanor Roosevelt in a speech to the convention Monday night: "We must have the courage to look ahead, and face new problems with new solutions."

Penny Road Residents Getting Mail

Saturday August 11, was the day another dream came true for the residents of the Penny Road when rural free delivery was begun on approximately three-fourths of a mile of the road.

The families living on this one mile stretch of road extending from Highway 121 to the Penny Road have always had to get their mail at either one of the two places. On Saturday Will H. Whitnell, carrier for Murray Route One, began mail service as far as the home of Mrs. Everett Norsworthy.

Mrs. Norsworthy who has lived at this same place, except for a few years said she had been waiting for this mail delivery since childhood. This was the former home of her late parents, Mr. and Mrs. Roland Wells. Mr. Wells operated a blacksmith shop at his home.

Another life long resident of this section of the county is F. E. Davidson, who has longed to have rural free delivery to his home. He is now in his eighties.

Mr. and Mrs. A. A. Doherty and Mr. and Mrs. Raymond Workman have also looked for this service for many years. Mrs. Doherty and Mr. Workman especially have wanted this as their late parents, Mr. and Mrs. J. T. Workman, lived on this road from approximately 1920 until their deaths in 1932 and 1944 respectively.

Scramble For Votes On In Full Force By Two Top Contenders

CHICAGO, Aug. 14 (AP)—Adlai E. Stevenson scented victory in the air today and opened a drive which he hoped would bring him enough delegates to win the Democratic presidential nomination on an early ballot.

Stevenson was safely over the first roadblocks thrown up against him by the stop-Stevenson forces at the Democratic National Convention. He has a better than two to one margin in rock bottom delegate strength over Gov. Averell Harriman of New York in the face of former President Truman's endorsement of Harriman.

Stevenson forces not only held their strength intact but were slowly increasing it. The Stevenson strategy today was to cash in on the action of Sen. Estes Kefauver, who withdrew from the contest for the presidential nomination and motioned his supporters toward the Stevenson camp.

Ohio but to be patient. Fifty-four of the state's 58 votes are pledged to Gov. Frank J. Lausche, who has refused to release them despite pressure from Stevenson partisans in the delegation. DiSalle conceded that one to four of the delegates may go on the first ballot anyway.

The next big pre-balloting test comes in the platform committee and at the convention hall today and Wednesday. The committee has reached the showdown stage for dealing with the civil rights plank of the platform, which goes before the convention Wednesday night.

Whether and how a plank can be written acceptable to the South was uncertain. And a floor fight set-off by Harriman forces was likely if a plank acceptable to the South comes from the committee.

Much of the South is ready to support Stevenson, if it feels it can take the platform. This condition means no endorsement of the Supreme Court decision against segregated schools.

Sen. John L. McClellan of Arkansas spent 30 minutes with Stevenson Monday night to discuss the civil rights issue. He reported they were "not completely" in agreement.

These are the reporters covering the political conventions for the Ledger & Times and you.

ERNEST BARCELLA
Ernest Barcella, United Press Washington bureau manager, has handled such major stories as the Roosevelt-Churchill conferences in Washington, on the high seas, at Tehran and Yalta; lend-lease legislation, the Neutrality Act repeal. He has covered all the national political conventions since 1944.

Barcella has been with the United Press continuously since 1934 and, since 1938, as a member of the Washington staff. He was born in Hamden, Conn.

What They Are Saying At Chicago

Gov. Frank G. Clement of Tennessee in his keynote address to the Democratic convention.

Next, January will bring a "happy hour" when Democrats again assume control of Washington and "the party of privilege and pillage passes over the Potomac in the greatest water crossing since the children of Israel crossed the Red Sea."

Adlai E. Stevenson, in a sly dig at New York Gov. Averell Harriman's vote-getting powers recalled that he supported Harriman's bid for New York's top office, then added:

Betsy Raises Havoc Off Florida Coast

MIAMI, Aug. 14 (AP)—Hurricane Betsy pounded the Bahamas with 120-mile an hour winds today and thundered in the direction of the heavily-populated Florida east coast less than 300 miles away.

Thousands were reported killed and thousands were homeless in the islands of the Atlantic. Miami itself received a brim of optimism in an 9 a. m. EDT weather bulletin that indicated the mighty tropical storm was swinging further up the coast and spare the city the worst punch.

The Weather Bureau said further hurricane preparations in Miami, already taking form in the boarding up of store fronts, cottages and luxury hotels, could be delayed pending further word on the storm's course.

Nutrition Consultant Joins Center

R. L. Cooper, County Health Administrator, announced today that Miss Mary Burfoot, nutrition consultant with the State Department of Health, will be stationed at the Calloway County Health Center. Miss Burfoot replaces Miss Marjorie Murphy who is now teaching at the University of Michigan, Ann Arbor.

Miss Burfoot received her B.A. degree from Westhampton College, did summer training at Indiana University and took her M. S. degree from Purdue University in facts and nutrition. In addition to teaching in the public schools in Virginia, she has taught for the department of Army in France, Germany and Japan. During this time Miss Burfoot has had an opportunity to observe and study diet and nutrition problems in these countries and compare them with ours.

Miss Burfoot will serve several western Kentucky counties from the Calloway headquarters. Anyone with food and nutrition problems may receive assistance by calling Calloway County Health Department.

Local School Men Attend Conference

About five hundred leaders in Kentucky education participated in the annual Leadership Conference of the Kentucky Education Association held last week on the campus of Western Kentucky State College, at Bowling Green.

The theme of the conference, "Kentucky's Education Opportunities," in its various phases was developed and explained through addresses, panel presentation and small group discussions.

Return Of Home Run Touch Gives Big Boost To The Leading Braves

United Press Sports Writer
The return of Del Crandall's home run touch, which left him

Call to Order

REP. John W. McCormack of Massachusetts raises the gavel to open a session of the Democratic platform committee in Chicago. (International)

for 34 straight days before he regained it, is the latest item to join Milwaukee's pennant streak. Along with the pitching of their young phenom, Taylor Phillips, Crandall and Phillips, the Milwaukee battery, ran as an entry in Monday night's 5-1 victory over the Cincinnati Redlegs, and they didn't need much help from anyone else. It was the third victory in the vital four game set with the Redlegs and put Milwaukee two full games in front again.

Second place Brooklyn was rained out after one inning against the Giants and the losing Redlegs in third place dropped four full games off the pace.

Crandall drove in three of the runs against Cincy, two with a sixth inning homer that broke a 1-1 tie and put Phillips in front to stay.

Crandall Back In Form
Crandall, who hit 26 homers last season, and who normally gets sound 20, went from June 14 until Aug. 8 without a round-tripper. He hit his 12th then against the Cardinals and came through with his vital 13th blast Monday night, five days later.

Phillips pitched a seven-hitter for his third victory and his second in a row as a starter. Frank Robinson touched him for a first inning Cincy homer and he pitched about ball thereafter. The Braves tied it at 1-1 in the second when Crandall delivered Joe Adcock from third on a sacrifice fly. Second baseman Danny O'Connell, hitting safely in his ninth straight game, drove in two more runs for added safety in the eighth.

Attendance Record Set
It was a winning night at the gate for Milwaukee, too, which drew 38,580 and enabled the Braves to set a new four game series home attendance record of 162,880.

Timing of Motherhood
DENVER — Mrs. Orville Fiekle is just going to have to do something about her timing. The Big M outvalues all cars two ways, leads its price class six ways

THE BIG M LEADS THE MEDIUM-PRICE FIELD FOR:

- 1. Power per pound.** THE BIG M Monterey and Montclair give you the best combinations of weight and power in their price field.
- 2. Torque per pound.** All four Mercury series—Monterey, Medalist, Custom and Montclair—are out in front of the entire medium-price field for usable wheel-turning power.
- 3. Choice of V-8 models.** Only the BIG M in its field offers so many V-8 models—18, in 4 price ranges. All with distinctive styling shared by no other car.
- 4. Choice of hardtop models.** Eight BIG M hardtops! Mercury Phaetons offer you the most advanced design in 4-door hardtops—with the greatest visibility, for both front and rear seat passengers.
- 5. Braking power.** THE BIG M's brakes give you the quickest stopping power in its field! Authority: independent MOTOR TRENDS tests. At 60 mph, THE BIG M stopped quicker than any competitor.
- 6. Extra-value features.** For example, only Mercury in its field has an impact-absorbing steering wheel and a 4-barrel carburetor at no extra cost on every model.

THE BIG M LEADS THE INDUSTRY FOR:

- 1. Most power per dollar.** THE BIG M Medalist and Custom offer you more power for your money than any other make of car.
 - 2. Most torque per dollar.** No other make of car built today comes up to the low-cost Mercury Medalist for usable wheel-turning power. And now's the time to save the most money on a Mercury. We invite you to stop in at our showroom.
- *All power and torque comparisons, shown above and at the left, are based on an analysis of manufacturers' suggested list or factory retail prices for 4-door sedan models, using comparable models equipped with standard horse-power and automatic transmissions.

May Still Get Full Credit On Children

Parents of youngsters who are working during the summer vacation were reminded today by Wm. M. Gray, District Director of the Internal Revenue Service, that under certain circumstances their children may still be claimed as full exemptions for Federal income tax purposes. The children themselves may be entitled to refunds in whole or part of income taxes withheld from their wages during their employment. The special exemption rule, Mr. Gray explained, applies to children who will still be under 19 years of age at the end of the year and to children who are full-time students, regardless of their age.

Exemption may be claimed by the parents if they contribute more than half the child's support, regardless of the amount earned by the child. This new law was passed by Congress in 1954, and Gray explained. Prior to 1954, no person earning \$600 or more could be claimed as a dependent by another taxpayer. Inquiries received, however, indicate that many who are entitled to this benefit are not aware of it, and some parents continue to have their dependent children stop work before earning \$600. Children 19 and over must be engaged in full-time study at a recognized educational institution for at least five months of the year or must be pursuing a full-time accredited on-farm training program. Mr. Gray said that any questions regarding individual cases should be referred to the District Director, Internal Revenue Service, P. O. Box 60, Louisville 1, Kentucky.

Whats New In Washington

By HARMON W. NICHOLS
United Press Staff Correspondent
WASHINGTON (AP) - What's new in Washington: Joe Martin, the permanent chairman of the Republican convention, is perhaps the hardest man alive on gavel. He has a prize one cut from a giant Redwood in California, near San Francisco, where the GOP meeting will be held. He doesn't intend to whack it too hard on the slab. You can ruin a lot of gavel that way. Joe is carrying along 15 smaller ones, as spares.

One of the cutest stunts around our town in advance of the conventions was a dream child of WKC-NBC. It was a "Credentials Badge" for stay-at-homes with the inscription: "Official Television Observer Democratic and Republican Conventions, 1956."

The Machinists liked the one about the girl graduate, which it published in a column called "Shop Shavings." "Girl graduate: Four years of college and whom has it got me?"

The American Automobile Association had something of a first. On the same day, two District of Columbia women enrolled as learner drivers. One was Mrs. Angel America, the other Miss Rita America - both pretty.

The Internal Revenue Service reports that its mail is running a little light these days. It's between seasons.

CHAPTER 33
GALLAGHER thought fast. He said, "I don't know what's in these chests. I'm keeping them for a fellow." The government man waited. "I don't have to tell that," Bill Dural said. "It will be better for you, Gallagher, if you tell me something you know. There's no way you can get out of it. It was a clever scheme, but there's never been a perfect crime. We'll tell you what you're going to do. You're going right ahead with your scheme, as planned. You're going to give the chests to me - to the fellow tonight, weren't you?" Gallagher panicked. His hand went to the gun in his pocket, but Bill's gun was quicker. It flashed in the moonlight. "Don't try that, Gallagher. Put your gun down. Put it down. Now we know you're not alone in this, and we aren't going to let the big brains slide out, as he has before. That's why you've got to go ahead. Just how did you plan to get the chests to the man you're keeping them for?" Gallagher might have been a man of stone. He neither moved nor spoke. "One of the government men said, 'You have to talk now or later. If you talk now, it will go easier with you. You still expect us to believe you don't know what's in those chests?' " "I didn't have nothing to do with it, only hauling," Gallagher was weakening. "You've been hauling for some time, haven't you? You also hauled what the couple in the hard took away with them." "I'd like to know how you found out," Gallagher said. "Who talked?" "Nobody talked. We've been watching you for a long time, you and your night fishing. We figured you would make the trip tonight, after Alvarez got possession of Lookout House. Being Harbor Day, when there were lots of people around, it should have been easy. But it didn't work. How many are mixed up in this, besides you and Alvarez?" Not expecting an answer, he continued. "If you won't tell me about it, I'll tell you. You knew and Alvarez knew that it was too risky to try to get those two chests aboard the Silver Song even in the dead of night. But

Miss Cynthia Ezell Has Luncheon With Kirksey 4-H Girls

The Kirksey Junior girls 4-H project leader, Mrs. Cecil Lake, has completed teaching a luncheon food project to a group of girls.

The girls finished the food project by serving a buffet style luncheon to their mothers last week in the home of Mrs. Taz Ezell.

The group started the food lesson by planning menus, learning how to combine foods according to color, taste, texture and keeping in mind the Daily Seven chart that they had studied.

Each girl prepared different dishes at the meeting.

The girls planned and prepared the menu for the luncheon which consisted of: Ravioli, tossed salad, peas and sauce, rolls, butter, iced tea and gingerbread with whip cream.

The buffet table was beautifully decorated with a white table cloth and a center piece of flowers.

Those participating in the class were: Phyllis Jones, Gail Trease, Carolyn Palmer, Janet Lake and Cynthia Ezell who acted as hostess. The mothers attending were: Mesdames Cecil Lake, Paul Jones, Hugh Palmer, Jackie Trease, and Taz Ezell. Also present were Toni Burchett and Mrs. Kenneth Palmer.

United Automobile Workers, publicly endorsed Stevenson, the candidate he has long been known to favor.

His action was apparently intended to offset Monday's plug for Harriman by David J. McDonald, president of the United Steel Workers. Reuther's endorsement raised hopes for Stevenson in the 44-vote Michigan delegation pledged to favorite son, Gov. G. Mennen Williams.

Butler accused the Columbia Broadcasting System TV network of "absolute and deliberate sabotage" for failing to broadcast the "documentary film" which was a main feature of Monday night's session. The film, narrated by Sen. John W. Kennedy (D-Mass.) extolled the party's history and accomplishments and was a novel convention feature introduced this year with the TV audience in mind.

CBS executives said they "at no time" committed the network to carry the film as part of their convention coverage. Butler thanked NBC and ABC for televising the film.

Gets Standing Ovation

Mrs. Eleanor Roosevelt, widow of the late president, asked the convention in a speech Monday night to choose young leaders with vision and new ideas instead of older ones clinging to New Deal and Fair Deal traditions. The party's "elder stateswoman" was greeted by a standing ovation.

Walter Reuther, president of the

Chairman Paul M. Butler of the Democratic National Committee called on the convention Monday night to forget "petty grievances" and unite to defeat the GOP. He charged Republicans with trying to "buy" the 1956 election with the biggest campaign fund ever collected.

It doesn't cost a cent to Take a Ford Test Drive . . . and you may save hundreds!

Would you trade 20 minutes of your time for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis . . . the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel. That fine-car quiet results from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-Joint suspension with wide base control arms for better steering, more stabilized wheel alignment . . . shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame—Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Another important factor is the way Fords are consistently styled for the years ahead. And if there ever was a Ford built to stay in style it's this 1956 job. For America's favorite dream car—the Ford Thunderbird—was its styling inspiration.

Then, there's this matter of safety. Ford offers you the extra protection of its exclusive Lifeguard Design. Time and again folks have told us how this family of safety features has prevented serious injury in accidents.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive? Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

There are many cases where "medium-priced" cars claim to be priced within a few hundred dollars of Ford. Remember, however, these prices are usually arrived at by comparing their lowest-priced models—stripped—with Ford's most expensive models that include all of the comforts of driving.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

NOW! A FORD with AIR CONDITIONING costs less than many medium-priced cars without it. TRY ONE TODAY!
