By United Press Southwest, Kentucky—Mostly cloudy and colder today, high 32. Cloudy and continued cold with occasional snow likely tonight or Sunday. Low tonight 25.

Fifth Holiday Called For By Local Chamber

Most stores in Murray will be closed on Tuesday, January 1, according to L. D. Miller, secretary of the Murray Chamber of Commerce.

Hunting Season Is Extended

The hunting season on various animals has been extended to January 17, 1957, the county court clerk said yesterday.

Alexander Will Have To Cope With Ones That Got Away

Once more Coach Rex Alexander's Murray State Racers will have to cope with the "big ones that got away" Monday night when Mississippi State comes here with two former starts of the annual North-South high school game, bent on riding down the thoroughbreds.

Support Asked

There are volunteer jobs daily which you could fill with slight effort at Murray Hospital.

SONGS OF FREEDOM

VIENNA (AP)—A bass singer with the Budapest Opera said today he sang his way to freedom after his capture by Russian officers.

Red Plan Chief

THE KREMLIN put Mikhail Pervukhin (above) at head of the state commission for current planning and kicked out Maxim Z. Suburov in an effort to put Russia's ailing economy to rights.

DRIVES OUT OF LIVING ROOM

SAN DIEGO, Calif. (AP)—Mrs. Ida May Leffers was surprised indeed when an automobile crashed into her living room while she was watching television.

BEATING OVER JEANNE CRAIN

PAUL BRINKMAN (lower left) is in trouble with the law in Los Angeles over beating of Ted Ryan, whom he supposedly mistook for Homer H. Rhoads, the man his former wife, Jeanne CRAIN (shown) is scheduled to marry.

This Week's Balance Sheet In The Hot And Cold Wars

By CHARLES M. McCANN United Press Staff Correspondent The week's good and bad news on the international balance sheet.

Rev. R. G. Shelton To Undergo Major Surgery In Louisville

Rev. R. G. Shelton of East Franklin Street, Paxton, Illinois, went to Louisville on Wednesday where he was admitted to the Norton Infirmary for major surgery.

LLAMA WINS

WASHINGTON (AP)—Unless the Peter Grogan family increases, the Washington Zoo is going to have a problem naming its next llama.

FIVE DAY FORECAST

By UNITED PRESS Kentucky—Temperatures for the five-day period, Saturday through Wednesday, will average three degrees below the state normal of 36 degrees in extreme western sections to about 10 degrees below normal extreme eastern sections.

Nation Braces For Second Week Of Death

By UNITED PRESS The nation braced itself today for its second straight four-day holiday week end and a possible repeat of the shocking 713-person casualty total racked up over the Christmas week end.

17 Already Dead

Early reports of traffic deaths across the nation show 17 persons have already been killed in accidents with the holiday not yet 12 hours old.

Police were gambling on the hope that the Christmas slaughter would hold the fire far below the all-time holiday record set last week end.

President Eisenhower voiced this hope in a special statement.

He said that the New Year's week end would inflict an "equally tragic toll" unless all drivers follow the rules of the road, keep a decent regard for the safety of ourselves and others and show a courtesy that reflects respect for the life and welfare of our neighbors.

Weather Getting Fair

The weather bureau predicted generally fair weather over most of the nation during the long holiday in contrast to the fog and ice, which boosted the Christmas toll.

In the early hours of the holiday snow and rain blanketed much of the Great Lakes and the eastern section of the nation. Dry mid weather prevailed over the West and Northwest with some valley fog in the Great Plains region.

Defiant Hungarians Strike Heavy Blow To Communists

By CHARLES W. RIDLEY United Press Staff Correspondent VIENNA, Dec. 29 (AP)—Defiant Hungarian coal miners dealt a heavy blow today to the puppet Communist regime's hopes it had succeeded in crushing the last of the workers' resistance.

Coal is the key to the recovery of Hungary's shattered national economy. The mines have been paralyzed since the freedom revolt erupted Oct. 23 and stocks are virtually depleted.

Radio Budapest admitted Friday night that the Janos Kadar regime's month-long campaign to get coal production rolling again had run into new obstacles.

The Red-controlled radio said thousands of miners had declared themselves a "vacation" and that the "holiday mood" was spreading.

The mines already have been plagued by a serious manpower shortage. Almost half of the veteran miners were missing—many were killed in the revolt, others fled to the West, and still others disappeared from the diggings.

A government effort to enlist "volunteer" miners failed. This week, Budapest Radio reported the government was drafting peasant farmers for the mines in the Pecs area near the Yugoslav border.

Fourth Fire Is Added To Scorched Malibu Beach Area

By HARRY BOYLE United Press Staff Correspondent MALIBU, Calif., Dec. 29 (AP)—The fourth major brush fire in four days broke out early today in foothills above the heavily-populated city of Palos Verdes Estates as an army of fire fighters were battling to quell flames raging in this movie colony resort area.

The new fire was spotted by an airline pilot approaching Los Angeles International Airport.

The Palos Verdes Estates Fire Department said at least one home has been destroyed. The city's fire department called for "all-help we can get" and the county rushed all available fire crews to the area.

A spokesman at the Palos Verdes Estates fire station said arson was suspected as the cause. One fire reportedly was exhausting tinder dry foothill areas of Southern California since Wednesday.

The new fire added to the growing list of major brush fires out of control in the inferno that is Southern California. Less than 20 miles away from Palos Verdes Estates weary fire fighters have been battling to control three major brush fires in this movie colony area.

Fire officials are investigating the possibilities of arson in two of the three major blazes. Arson squads also investigated three other brush fires that had plagued Los Angeles County in the past four days.

The fire broke out at the height of an abnormal drought season in tinder-dry brush in foothills of the Santa Monica mountains. Winds reaching gusts of 70 miles an hour fanned the Malibu and Zuma-Beach fire into raging infernos during their early stages.

One Fatality So Far The major fire raged with a 100-mile perimeter, spreading over 40,000 acres. One man has been burned to death and about 75 persons, mainly firefighters, have been treated for minor injuries.

Los Angeles County Fire Chief Keith Klinger hoped that the Malibu and Zuma-Beach blazes could be brought under control this weekend. Klinger, however, warned that a sudden shift in winds could spring the blazes into new fury.

The department set the 1957 marketing quota for burley at 444 million pounds. This compares with a 1956 quota of 365 million pounds which was later increased by congressional action so that for most farms the allotments for 1956 were the same as in 1955.

Burley tobacco is grown principally in Kentucky, Tennessee, North Carolina, Virginia, West Virginia, Ohio, Missouri and Indiana.

HERE COMES SANTA TEMPLE CITY, Calif. (AP)—Santa Claus would have welcomed a good set of flying reindeer here Friday night. Firemen had to help Santa from a rooftop so he could visit hundreds of children attending a kiddies' program.

HOW TO AVOID ACCIDENTS CHICAGO (AP)—The Chicago Motor Club has come up with a solution to the nation's tragic highway fatality problem. The club's recommendation: Don't drive!

"Holiday" In Pecs Friday Budapest Radio said more than 1,000 of the Pecs miners had declared themselves a "holiday." The Pecs region was the scene of some of the bitterest resistance to the Kadar regime since the Soviet tanks crushed the freedom revolt in the Komlo mines, not far from Pecs, the radio said an additional 1,000 miners walked out. Production also was drastically cut in the Veszprem and Varpalota mines in central Hungary and in the pits in the northeast.

Joint Installation Ceremony Is Held The Prince Hall Lodges of the Western District held a joint installation meeting in Fulton at the Wilson Son Lodge Hall, Bro. T. M. Porter, Worshipful Master.

Officers were present from Ruling Star No. 51, Murray; Howard Finley Lodge 160, Hopkinsville; Hickman Lodge No. 17, Cadiz Lodge No. 64.

The installation was conducted by Bro. James A. Landes of Hopkinsville, Officers of the Blue Lodge, Royal Arch, Commanders, Knights Templar and others were installed. This was supervised by the District Deputy Grand Master Bro. Lloyd B. Arnold of Murray.

Following the meeting a dinner was served.

FIVE DAY FORECAST By UNITED PRESS Kentucky—Temperatures for the five-day period, Saturday through Wednesday, will average three degrees below the state normal of 36 degrees in extreme western sections to about 10 degrees below normal extreme eastern sections.

Sunday, warming a little Monday or Tuesday. Precipitation will be light rain eastern section tonight and over most of the state Monday or Tuesday.

## CHINA'S "COMPLAINTS"

Prime Minister Nehru of India says he told President Eisenhower of Red China's "complaints" about the United States.

He also says he believes India and the United States can be friends for years to come, and he doesn't think the people of the Soviet Union are pleased over the massacre in Hungary.

We suspect Red China hates us because of our steadfast opposition to accepting her as a member of United Nations and our determination to prevent an invasion of Formosa.

The hatred is one-sided, of course, because the United States on many occasions has proven China's best friend. We would be now if Communism could be overthrown, or even if it could be weaned away from Moscow.

The visit of Nehru would indicate the greatest nation in Asia is disgusted with Russia, and the fact President Tito of Yugoslavia is planning a trip to Washington may mean he, too, is sickened over the Hungarian slaughter of innocent people.

Secretary of State Dulles has insisted that Communism contains the seed of its own destruction, and that our welfare depends upon our ability to remain aloof while it thrashes about in its own death-struggle.

The fact Red China is complaining to us is a good sign. With our experience at Yalta we can't say much for personal diplomacy such as that which took place at Gettysburg and Washington this week, but we may rest assured neither Alger Hiss, nor other left wingers, were present at any of the discussions.

We may also rest assured that President Eisenhower will not promise territory or anything else, simply to appease Russia, China, or any other Communist power.

## CAP POINTS THE WAY

The wisdom of the Civil Air Patrol in its campaign for public recognition of the value of aviation education should be apparent to most thinking Americans.

As it began its 16th year on December 1, 1956, CAP is one of the far too few organizations which have sought to devise and put into effect programs to fit today's teen-agers for the world in which they live and will live.

Much has been said about the severe shortage of engineers, scientists and other technical personnel in today's society, daily growing more complex in its technological aspects. More will undoubtedly be said but the meat of the problem appears to lie in what has been and what can be done towards solution.

Evaluating almost 11 years of post World War II experience in aviation education, the record appears indeed black. Many school districts have had the opportunity but few have undertaken seriously helping their students determine their interest, skill and capacity in the field of aviation. Only 400 American high schools list aviation courses in their curriculum today. Two hundred of these schools are linked with the CAP program.

Some schools have conducted systematic follow-up surveys of the graduates. The majority, however, have been content to look with pride upon their former students who have advanced to aerodynamics, pilots and crewmen, aviation mechanics and aeronautical engineers.

There are those who argue that insufficient material and personnel are available to conduct an effective aviation education program in their schools. This is no longer true. Excellent materials, notably the CAP's new booklet series, and curriculum services exist. Other sources are the airlines, the National Aviation Education Council, community aviation organizations, the aviation manufacturing industry, local airports, textbook publishers, state directors of aeronautics, the private and military pilot. Since 1952, 3,000 U.S. teachers have been trained in CAP's workshops and have become acquainted with the social, economic and political implications of aviation as related to their own area of academic responsibilities.

This newspaper indorses a recent statement by the Aviation Committee of the American Association of School Administrators appealing for further action because we believe national survival depends upon the effectiveness of this program. More schools must cultivate the interests of youth in aviation. Problems involving community planning and the local airport demand better understanding of an informed public. Educators cannot leave all of the aviation problems of a modern society to a chance treatment but should include them as a planned part of the curriculum adequately administered by interested and enthusiastic teachers.

The Civil Air Patrol has pointed the way.

## Today's Sport Parade

By OSCAR FRALEY  
United Press Sports Writer

By OSCAR FRALEY  
United Press Sports Writer  
NEW YORK — Fraley's final follies of 1956 to give you the football bowl "winners"—and I never thought you'd have enough money to last out the year.

**Rose Bowl**  
Iowa over Oregon State—Here a guy could get highly technical about multiple fractured defenses and compound felonious offenses. That way, everybody would get mad at everybody else, nobody would understand what anybody was talking about and they'd still have the Rose Bowl parade anyhow. To sum it up—just happen to like Iowa.

**Cotton Bowl**  
Syracuse over TCU—This is a case of when an orange is not an orange and will it pack more safety in cotton. Syracuse, for some daffy reason nicknamed the "Orange," was squashed thoroughly in the 1953 Orange Bowl. But exhaustive research has shown that Horned Frogs (TCU, yuk-yuk) do not thrive on orange peels like Florida cattle. Now can you give me a better reason for picking Syracuse?

**Sugar Bowl**  
Tennessee over Baylor—Mother always kept her mad money in the sugar bowl, but that ain't the reason Rember Davey Crockett was a volunteer. And remember what old Davey did to that bar in Tennessee. Let 'em carry Bowie knives in the second half and I don't see how Tennessee can lose.

**Orange Bowl**  
Clemson over Colorado — The Buffaloes picked up a lot of support when they did just that to might Oklahoma for the first half. Then the roof caved in—and now the walls come tumbling down. From a technical standpoint, each team will field 11 men.

**Gator Bowl**  
Pitt over Georgia Tech—This, undoubtedly, earns me the accolade as the idiot of the week. But I like my lines big, rough and armor-plated. That's Pitt.

**Sun Bowl**  
Texas Western over George Washington—This is a tremendous encounter between two always - dangerous adversaries. How is that?

**Tangerine Bowl**  
Mississippi Southern over West Texas State—This is like tangines. And where else can you start the year with seven straight losers?

**NEW YORK** — Fearless Fraley's facts and figures: The New York Yankees, with a huge farm system and a great amount of young talent, surprisingly were not against the new major league rule requiring a cut to 25 men by opening day.

In the past, some clubs carried as high as 40 men for the first month of the season. This kept the minor leagues guessing as to what they had to get evened up and delayed their organization.

"This way, we'll get our kids out more quickly to where they can play ball regularly in the minors," said Yankee General Manager George Weiss. "Then, if we have a vacancy, we'll know which players are going best."

The Air Force Academy still isn't ready to move into a football class with Army and Navy, according to head Coach Buck Shaw. The air cadets have been playing in the Rocky Mountain Conference and move in against Skyline next year where, Shaw says, "We'll get our jumpy." In 1958 they step up again, against such as Iowa, Tulane and Stanford, and then they'll head for Army and Navy with four classes under their belts.

Mercury's new Turnpike Cruiser with its low-profiled roof introduces an entirely new concept of motoring enjoyment through such exclusive features as the industry's first power-operated, retractable rear window and unique roof-level fresh air intakes on each side of the windshield—both part of a remarkable new ventilation system. A skylight, dual-curve windshield wraps upward as well as around for extra light and vision. To provide a better highway illumination pattern, the Turnpike Cruiser has "Quadri-Beam" headlamps with dual 5 1/2 inch headlamps placed side-by-side under wide hoods on each front fender. The Turnpike Cruiser series has been added to Mercury's Montclair, Monterey and Station Wagon series.

## FAMOUS PEOPLE WHO DIED IN 1956

Ely Culbertson, Harry F. Sinclair, Alben Barkley, Homer Cummings, Dr. Alfred Kinsey, Eipido Quirino, Alexander Korda, Jesso Jones, Louis Bromfield, Isham Jones, Bela Lugosi, Marshall Field III, H. L. Mencken, William E. Boeing, Elsie Janis, Rupert Hughes, Jean Hersholt, Guy Kibbee, Victor Young, Bob Burns, Edward Arnold, Thomas J. Watson, Fred Allen, Rudolph Halley

## Gator Bowl Plans Show Saturday

JACKSONVILLE, Fla. (AP) — The Gator Bowl will put on its best show ever today when the two teams who met in last January's Sugar Bowl—Georgia Tech and Pittsburgh—clash before 37,000 fans and a national television audience.

The Gator Bowl, long rated a peg under the major bowls, definitely has one of the top post-season attractions this year. And if the 1956 Sugar Bowl game was any indication, the Gator Bowl game should be one of the most exciting.

Both Tech and Pitt have more impressive records than they carried into the Sugar Bowl, and both coaches admit their current teams are better than those they had last January.

Pittsburgh, which won the hearts of television fans with a surprise victory over Miami at the end of the season, checks into the plush Ponte Vedra Country Club today to start workouts. Tech will not get to town until Thursday.

Coach John Michelosen and his Panthers are anxious to avenge their 7-0 loss to Tech and to prove that Sugar Bowl touchdown was just a fluke.

The Engineers scored the Sugar Bowl's lone touchdown after an official ruled that Pitt's fullback, Bobby Grier, interfered on a pass in the end zone. The penalty gave Tech the ball on the Pitt one and the Engineers scored.

The Panthers claim the films of the game prove Grier did not interfere on the play, and they believe that a triumph over Tech in the Gator Bowl will bear them out.

However, Tech will be hard to convince. The Engineers established one of the best defensive marks in the nation by holding ten opponents to 33 points. Pitt also must break a jinx. Coach Bobby Dodd's Tech teams won each of their seven previous bowl games.

Because of Tech's record, which includes nine impressive victories against a lone 6-0 setback to unbeaten Tennessee.

## Buchanan News

Mr. and Mrs. Howard Hinson and children, Betty, Garry and Shirley, were in Memphis, Tenn., Friday to receive their award for Farm and Home Improvements. They were the third place winners in the state.

Mr. William Holt who has been taking treatments in Nashville, Tenn., is expected to spend the holidays with his family.

Mr. and Mrs. Bob Marquis of Murray visited her parents, Mr. and Mrs. Ben Grubbs and daughter, Nancy, over the weekend. Mrs. Grubbs' Sunday school class enjoyed a fine Christmas party in the Grubbs' home Saturday night. Those attending were Judy Williams, Julia Chrisman, Janice Alton, Nellie Ruth Cannady, Carrie Cannady, Keith and Kent Jackson, Frank Cannady Brooks, Simmons and Charles McCormick.

Harold Wilson is visiting Mr. and Mrs. Laymon Hutson.

Mr. and Mrs. Tellus Clayton and sons of Paris visited Mr. and Mrs. Tollie Clayton Sunday.

Max Williams is visiting his dad and family. Mr. and Mrs. Ross Williams. They are also expecting their daughter, Jane and her husband this week.

Mr. and Mrs. David Upchurch and children were hosts to Mrs. Upchurch's mother, brothers and sisters Sunday for Christmas dinner. Those attending were Mrs. Tom Vaughn, Mr. and Mrs. W. O. Vaughn and children of Murray, Mr. and Mrs. David Hutson, Mr. and Mrs. Bill Simmons and son, Mr. and Mrs. Rupert Sanders, Mr. and Mrs. Vernard Vaughn, Sharon and Stevie McClure.

Mr. and Mrs. Mason Freeland and daughter, visited Mr. and Mrs. Rudolph Freeland and family in McKenzie.

## CONFIRMS COMPLAINT

CHICAGO (AP) — Charles Scott walked into a police station, complaining "some old gray-haired guy" had arrested him for a traffic violation. Scott's story was confirmed by the "old guy"—Police Commissioner Timothy J. O'Connor.

An Allegheny spokesman said the program will begin in the summer.

#### Five Years Ago Today

**MURRAY, Ky.**— Mr. and Mrs. P. A. (Please) Jones held open house Sunday from two to five o'clock in the afternoon at their home at 401 South Eighth Street, Murray. The occasion was in celebration of the couple's golden wedding anniversary. They were married on December 22, 1901, at Brandon's Mill by Brother John Stewart.

Mrs. Dessie Shekel of 115 East Main Street is the winner of a \$360.00 Norge refrigerator, according to Oliver Cherry of the Economy Hardware Store. Mrs. Shekel won the prize in a national contest sponsored by the company.

Miss Ramelia Ann Hooks of Princeton, was married to Thomas Edward Adams, son of Mr. and Mrs. Edd Adams, Murray, at the First Baptist Church in Princeton. Mrs. Philip Murdock, age 50, passed away yesterday at her home on Lynn Grove route one. She was ill for only one week and death was attributed to a heart condition. She is survived by her husband, one daughter and four sons.

Miss Glenda Ellis, the daughter of Mr. and Mrs. Reggie Ellis of Murray route three, was married to Jackie Byerly, the son of Mr. and Mrs. Clovis Byerly, Murray route six, on Saturday, December 23, at two o'clock.

#### 10 Years Ago This Week

**COLUMBIA, Tenn.**— Billy Ross, John MacCarter and Ben Keys Miller, students at the University of Missouri at Columbia, will spend the Christmas vacation with their parents.

This Christmas season will be a happy one for the family of Dr. and Mrs. Rainey T. Wells. For the first time in a number of years the entire family will be together in the Wells home. Important events to be noted include the birthday of Dr. Wells on Dec. 25, and Golden Wedding Anniversary of Dr. and Mrs. Wells on December 31.

Ed Lovins is glad to be alive since his narrow escape from drowning Thursday morning when Oury took a chance at driving the one-horse wagon in which Oury, his wife, and father were riding across a ford in the swollen Blood River. The swift current turned the horse down stream, submerging horse, wagon and occupants, but Oury reined in close enough to the bank that his wife, who is an expert swimmer, and father, who can float, managed to get ashore.

#### 20 Years Ago This Week

**ANNOUNCEMENT** has been made of the marriage of Miss Margaret Tandy, daughter of Mrs. B. Tandy of Sebree, Ky., to Mr. T. H. Stokes. The ceremony was said Friday afternoon, December the eighteenth by the Rev. J. Mack Jenkins.

The marriage of Miss Elizabeth Lovett, daughter of Mrs. John G. Lovett and the late John G. Lovett of Benton, Ky., to Preston W. Ordway, son of Mr. and Mrs. G. P. Ordway of Kuttawa, Ky., took place Saturday, December 19th, in Memphis, Tenn.

Mrs. J. D. Sexton has loaned the Ledger and Times a copy of the Murray Ledger of December 22, 1904, published 32 years ago this week, containing a detailed account of her and Mr. Sexton's wedding on December 14 of that year. Announcement was also made in this edition of the wedding of Mr. Warren S. Swann to Miss Gray Gatlin.

The tobacco market will open in Murray on Wednesday, January 6. This agreement was reached yesterday by members of the tobacco boards of trade of the Western dark-fired district meeting in Mayfield Monday afternoon.

Mr. and Mrs. Boman Clanton and family of Detroit will arrive Thursday to spend holidays with Mr. Clanton's parents, Mr. and Mrs. I. J. Clanton of route 7.

#### Miss Rose Marie Perdue Becomes Bride Of Raymond S. Lynch In Church Ceremony

Of interest to Murrayans is the wedding of Miss Rose Marie Perdue, daughter of Mr. and Mrs. O. F. Perdue of Paducah and granddaughter of F. M. Perdue of Murray and Boyd Wear of Paducah, to Raymond Stanley Lynch, son of Charles Robert Lynch and the late Mrs. Lynch of Hartford, Conn.

Rev. Cameron Meacham performed the double ring ceremony in the First Christian Church, Paducah, on Sunday, December 23, at three-thirty o'clock in the afternoon. The chancel was banked with red poinsettias, potted palms and ferns, with a central arrangement of white gladioli mums. Tapers in the branched candelabra were lighted by J. M. Brownlee and A. W. Konner.

Preceding the ceremony and as the guests assembled, a musical program was presented by Mrs. Margaret Kelley and Mrs. Ralph Nall.

The bride, who was given in marriage by her father, wore a floor length gown of white peau de soie. The gown was fashioned along princess lines with a beau neckline edged in Alencon lace. The long fitted sleeves ended in calla lily points over the hands. From inverted pleats the extremely full skirt fell into a chapel length train. The fingertip veil of illusion was attached to a Juliet cap of seed pearls. She carried a bouquet of white gardenias and ostrich plumes.

The bridesmaids were Mrs. R. I. Kletka, South Bend, Ind., and Mrs. A. W. Konner, Carlisle, Ill. Their dresses and hats were identical in style to that of the matron of honor. They carried bouquets of pink carnations and plumes.

Serving as best man was Tom Wear, Paducah. The ushers were A. W. Konner, Carlisle, Art Smith and Randall Ward of Murray, and J. M. Brownlee, Kansas City.

Mrs. Perdue chose for her daughter's wedding a dress of Alice blue lace with satin trim. She wore a blue ostrich feather hat and a corsage of white orchids.

Following the ceremony, a reception was held in the church parlor. The bride's table, overlooking the front entrance, was the highlight of the holiday season. The Holiday-Dance held at the Kenlake Hotel on Thursday, December 27, from nine to one o'clock in the evening.

Receiving the guests in the downstairs room were five of the hostesses and their dates who were Miss Sally Jones and Sam Cross, Miss Betty Ellis and Jimmy Moyer, Miss Sondra Kyle and Bobby Nix Crawford, Miss Rosemary Jones and Ted Billington, and Miss Fidelia Austin and Jerry Roberts.

The guests were received upstairs by the other four hostesses and their dates who were Miss Sue Grable and Fred Wells, Miss Jenny Sue Stubblefield and A. W. Simmons, Miss Peggy Sue Shroat and Donald Henry, and Miss Donna Lou Tick and Hunter Hancock.

The hotel was decorated with silver branches. Refreshments of punch and decorated cakes were served from the table centered with a beautiful red flock Christmas tree with white balls. Each of the smaller tables were centered with a candle surrounded by holly and cedar.

Assisting in the serving and acting as chaperones were Mrs. Walter Jones, Mrs. Hilda Ellis, Mr. and Mrs. Verne Kyle, Mr. and Mrs. Clyde Jones, Mrs. A. B. Austin, Mr. and Mrs. J. T. Grable of Lakeland, Fla., Miss Billy Joe Young of Paducah, Mrs. Frank Albert Stubblefield, Mr. and Mrs. Lonnie Shroat, and Mrs. Richard Tuck.

Approximately one hundred and sixty persons from Murray, Cape, Hopkinsville, Mayfield, and Paducah were present.

#### BORON TRACE ELEMENT USEFUL TO ALFALFAS

The trace element boron can generally be applied to alfalfa fields throughout Kentucky, says the UK Agricultural Experiment Station Agronomy Department, although many areas of the state have enough boron on hand now in the soil.

When 300 test demonstrations were made recently (to check alfalfa responses to boron additions) about half the fields responded, says H. F. Massey, soil chemist. Later, 327 soil samples throughout the state were checked for boron levels about half had less than the required level (five-tenths of a part per million parts of soil).

"It seems advisable to recommend boron for alfalfa of all Kentucky soils, especially since it is not expensive to apply and not feasible to test every alfalfa soil for boron," Massey said.

He warned that caution should be used in applying boron; too much of it is toxic to plants. Tobacco is very sensitive to it, but indications are that boron applications on alfalfa, in levels recommended by the station (about 20 pounds of borax per acre), will not hurt tobacco following the legume.

Mrs. Perdue chose for her daughter's wedding a dress of Alice blue lace with satin trim. She wore a blue ostrich feather hat and a corsage of white orchids.

#### Holiday-Dance Held At Kenlake Hotel Thursday Evening

One of the most outstanding social events of the holiday season was the Holiday-Dance held at the Kenlake Hotel on Thursday, December 27, from nine to one o'clock in the evening.

Receiving the guests in the downstairs room were five of the hostesses and their dates who were Miss Sally Jones and Sam Cross, Miss Betty Ellis and Jimmy Moyer, Miss Sondra Kyle and Bobby Nix Crawford, Miss Rosemary Jones and Ted Billington, and Miss Fidelia Austin and Jerry Roberts.

The guests were received upstairs by the other four hostesses and their dates who were Miss Sue Grable and Fred Wells, Miss Jenny Sue Stubblefield and A. W. Simmons, Miss Peggy Sue Shroat and Donald Henry, and Miss Donna Lou Tick and Hunter Hancock.

The hotel was decorated with silver branches. Refreshments of punch and decorated cakes were served from the table centered with a beautiful red flock Christmas tree with white balls. Each of the smaller tables were centered with a candle surrounded by holly and cedar.

Assisting in the serving and acting as chaperones were Mrs. Walter Jones, Mrs. Hilda Ellis, Mr. and Mrs. Verne Kyle, Mr. and Mrs. Clyde Jones, Mrs. A. B. Austin, Mr. and Mrs. J. T. Grable of Lakeland, Fla., Miss Billy Joe Young of Paducah, Mrs. Frank Albert Stubblefield, Mr. and Mrs. Lonnie Shroat, and Mrs. Richard Tuck.

#### INSTITUTE TO STUDY MUSCLE DISEASES

Through contributions to the November March for Muscular Dystrophy, an Institute for Muscle Disease is being established by Muscular Dystrophy Associations of America, Inc., to study muscular dystrophy and allied diseases afflicting millions of Americans. Architects' drawing shows how the completed structure will appear.

Approximately one hundred and sixty persons from Murray, Cape, Hopkinsville, Mayfield, and Paducah were present.
