

Springer Proceedings in Business and Economics

Springer Proceedings in Business and Economics brings the most current research presented at conferences and workshops to a global readership. The series features volumes (in electronic and print formats) of selected contributions from conferences in all areas of economics, business, management, and finance. In addition to an overall evaluation by the publisher of the topical interest, scientific quality, and timeliness of each volume, each contribution is refereed to standards comparable to those of leading journals, resulting in authoritative contributions to the respective fields. Springer's production and distribution infrastructure ensures rapid publication and wide circulation of the latest developments in the most compelling and promising areas of research today.

The editorial development of volumes may be managed using Springer's innovative Online Conference Service (OCS), a proven online manuscript management and review system. This system is designed to ensure an efficient timeline for your publication, making Springer Proceedings in Business and Economics the premier series to publish your workshop or conference volume.

Preface

This year's conference is co-organised by the International University of Languages and Media and the Department of Economics of the University of Western Macedonia, Greece, after the kind invitation by Dr. Angela Besana who is also co-chair of the conference.

The aim of the conference is to bring together economists from different fields of Applied Economic Research in order to share methods and ideas.

The topics covered include:

- Applied Macroeconomics
- Applied International Economics
- Applied Microeconomics including Industrial Organisations
- Applied Work on International Trade Theory including European Integration
- Applied Financial Economics
- Applied Agricultural Economics
- Applied Labour and Demographic Economics
- Applied Health Economics
- Applied Education Economic

All papers presented in ICOAE 2019 and published in the conference proceedings were peer-reviewed by anonymous referees. In total, 84 works were submitted from 24 countries while 56 papers were accepted for presentation and publication in the conference proceedings.

The acceptance rate for ICOAE 2019 was 67%.

The full-text articles will be published online by Springer in the series "Springer Proceedings in Business and Economics".

The organisers of ICOAE 2019 would like to thank:

- The Scientific Committee of the conference for their help and their important support for carrying out the tremendous workload in organising and synchronising the peer-reviewing process of the submitted papers in a very specific short period of time.

- The anonymous reviewers for accepting to referee the submitted to the conference papers and submit their reviews on time for the finalisation of the conference programme.
- Dr. Angela Besana for accepting to host the conference at IULM and providing the required resources.
- The local organising committee and the volunteering students for their help and the success of the conference.
- Mr. Gerassimos Bertsatos for running the reception desk on the conference and Mr. Lazaros Markopoulos and Mr. Stelios Angelis from the Department of Economics and Informatics, of the University of Western Macedonia, respectively, for their technical support.
