THE MISSOURI MINER

VOLUME 46 ROLLA, MO., FRIDAY, MAY 6, 1960 NUMBER 28

Richard Terry Wins Freshman Scholarship

Richard Linn Terry, son of Mr. and Mrs. Howard M. Terry, 29 Church Street, Bonne Terre, Mo., who is presently ranking second in a class of 52 students at the Bonne Terre High School, has been selected to receive the St. Joseph Lead Company Freshman Scholarship at Missouri School of Mines and Metallurgy beginning with the academic year 1960-61, according to an announcement by Dean Curtis L. Wilson, head of the school at Rolla.

Richard was selected for the award from among 14 applicants who were nominated by the school officials of the high schools in St. Francois County and within the towns of Herculaneum, Fredericktown, and Potosi, Missouri.

In commenting upon the selection Dean Wilson said that the selection committee had no easy task in selecting one out of this group of 14 outstanding young men, practically all of whom have been an acceptable candidate.

Richard, in addition to ranking second in his class, made a score that placed him in the 99th percentile among high school students of Missouri on the Ohio Psychological Test and a score that placed him in the 97th percentile on the national average on the Pre-Engineering Ability Test. It was on the basis of these two tests, his rank in class, and the recommendations from his high school officials that he was selected for the award, the Dean said.

The others who were considered for the award included Thomas Laws, Farmington; James Higbee, Fredericktown; William Huggins, Fredericktown; Ronald Douglas, Bonne Terre; Samuel Dane, Leadwood; Harry Jones, Leadwood; John Hager, Esther; Larry Pipkin, Esther; Robert Sagan, Farmington; Oliver Schneider, Herculaneum; Robert Kennedy, Herculaneum; and Ronald Festus, Flat River.

The committee making the selection consisted of Noel Hubbard,

Assistant Dean and Chairman of the Committee; Professors C. W. Eshbaugh; E. D. Fisher; C. S. Cave; and K. C. Muhlbauer. This committee before making a selection went to Flat River on March 23 and interviewed seven of the 14 applicants who had the highest combined scores on the Pre-Engineering Ability Test and the Ohio Psychological Test.

The St. Joseph Lead Company of which Mr. E. A. Jones of Bonne Terre, Missouri, is division manager, first offered their scholarships at Missouri School of Mines and Metallurgy in the fall of 1950. It has been in effect for the past ten years. The award for the freshman year amounts to \$600 and, subject to satisfactory progress, the scholarship may be continued for three additional years. There are presently on the campus of Missouri School of Mines four holders of the St. Joseph Lead Company Scholarship. These are Frank Cummings, Jr., freshman scholar; Barry House, sophomore scholar; Donald Burlage, junior scholar; and John Davis, senior scholar. Davis is scheduled to graduate on May 29, 1960, with the degree of Bachelor of Science in Chemical Engineering.

In commenting upon the award Dean Curtis L. Wilson said that it had been an important factor in providing educational opportunities for young men in the Lead Belt area.

New Computer Center in Civil Building To Be Directed by Prof. Ralph E. Lee

The computer center in room 312 Civil Engineering Building on the Missouri School of Mines and Metallurgy campus will be open for inspection by the public on Friday, May 6, from 8 a. m. to 6 p. m., Ralph E. Lee, Professor of Mathematics and Director of the Computer Center, has announced.

The Missouri School of Mines and Metallurgy Computer Center was established in March 1960 and was made possible by a \$30,000.00 grant from the National Science Foundation for the purchase of an electronic digital computer system. About \$60,000.00 worth of electronic digital computer equipment was purchased with the \$30,000 grant. This equipment was purchased at half price because of the extensive educational program in digital computing at the Missouri School of Mines. The computer center is presently located on the third floor of the new Civil Engineering Building in room 312 and will be located there until larger permanent quarters are provided.

The computer system consists of a Royal McBee LCP-30 high speed electronic digital computer often referred to as an "electronic brain" by the press, radio and tele-

vision. This computer is capable of over 28,000 mathematical and logical operations per minute and has a memory capacity of 4096 instructions and/or 9 digit numbers. This computer system is the second most widely used scientific high speed digital computer system in the United States. Information is fed into the computer directly by the tape typewriter or by a high speed photo electric tape reader at the rate of 200 characters per second. Out put is by typewritten copy or punched paper tape. Auxiliary equipment consists of an offline tape typewriter for preparing paper tape and electric desk calculators that serve as aids in programming. The computer center library contains a large number of computer programs for solving problems in Science and Engineering.

The computer system is presently being operated about fifty hours a week to provide instruction in digital computing and for solving complex research problems in engineering and science. The computer is capable of solving nearly any problem that can be examined and may also be used to pressed in a precise mathematical obtain a statistical analysis of data.

The Missouri School of Mines and Metallurgy has an extensive instruction program in digital computing. This semester the Mathematics Department is offering three courses in the Mathematics of Digital Computing and the Programming, Operation and Design of Computers. The Electrical Engineering Department offers a course in the Electronics of Digital Computers. The techniques of computers taught in these courses are applicable to the largest types of digital computers and therefore provide the students with experience often desired in industry.

The computer center facilities are available free of charge to all Missouri School of Mines and Metallurgy faculty and students. The general policy of operation of the computer center is determined by the Missouri School of Mines Computer Center Committee appointed by Dean Curtis L. Wilson. It is the responsibility of the Director of the computer center to carry out this policy.

Ralph E. Lee, Professor of Mathematics, is the Director of the Computer Center. His staff consists of a stenographer and 2 part-time graduate assistants.

Lt. Rex A. Gilmore Is Honor Grad. Of the Ordnance Service School

Word was received by the Military Department, Missouri School of Mines and Metallurgy, that Second Lieutenant Rex A. Gilmore, Jr., was designated the Honor Graduate of the Ordnance Service Section Officer Course, graduating on 23 March 1960. Lt. Gilmore was graduated from MSM

with a BS degree in Civil Engineering and received his commission in the Ordnance Corps, U. S. Army Reserve, on 31 July, 1959. He was ordered to six months of active duty for training on 16 November 1959 at the U. S. Army Ordnance School, Aberdeen Proving Ground, Maryland.

AIChE Hears Talk by Mr. R. Cook; Cliff Larsen Is Elected President

"Wha' Da He Say?" This was the title of a talk on interdepartmental communication given at the last AIChE meeting on April 27th by Mr. R. Cook from Olin Mathieson. Mr. Cook was a fine speaker, and his talk proved to be most interesting. He pointed out that many capable employees are dropped by the way at promotion time because of their lack of effective writing and speaking ability.

Also on the night's agenda was election of officers. As a result of the elections, the AIChE officers for next semester follow:

President Cliff Larsen
Vice-Pres. Bill Swanson
Sec'y. Ed Crow
Treas. Ron Bartholic
Reporter Richard Porter

The luck of the new president, was running high that night as he also won the door prize, a Sheaffer desk set.

The next meeting of AIChE on May 11, 1960, at 7:00 p. m. promises to be interesting also. Two films will be shown.

"This Is Automation" is on the development of industrial modernization. It has previously been restricted to high level exe-

cutive groups and has more thorough coverage of the subject than is usually found on film.

"The Corporal Story" covers the development and function of the Army's Corporal missile in our

defense system. This picture would be interesting to all and especially to those with interests in rockets.

A door prize will be awarded, and refreshments will be served afterwards.

Sigma Gamma Epsilon, Earth Science Society, Initiates 16 New Members

Initiation ceremonies were conducted Sunday, April 24th for sixteen new members of Sigma Gamma Epsilon, Earth Science Honorary Society.

Elected to membership were: John M. Huffman, James R. Hague, Robert L. Benner, Jack R. Gates, Terry N. Turner, John Straatman, Ralph R. Thater, Gregory Spanski.

Howard F. Gaines, Harry O. Schneider, Alfred R. Powell, Ronald Litzler, Ernesto L. Ahnert, Guillermo E. Dumois, Robert A. Elrod, William F. Jud.

A banquet was held at Colonial

Village following initiation ceremonies. Dr. Thomas R. Beveridge, Director, Missouri Geologic Survey, was principal speaker. He spoke of new problems in industry confronting men of earth science professions.

The following awards were announced by the president Victor Hoffman:

Howard F. Gaines was awarded the Sigma Gamma Epsilon key for the best pledge plaque. The W. A. Tarr award, presented annually for outstanding scholastic achievement in earth science, was presented to Orville Hunter, Jr.

Honorary Math. Society Formed Here on April 23

On Saturday, April 23 several students met to consider the possibility of organizing a club to further the interests of mathematics, to disseminate the knowledge of mathematics, and to familiarize the members with the advances being made in mathematics.

Election of officers was held for fall semester of 1960. The following were elected: Robert E. Thurman, President; Richard W. Bolander, Vice-president; Albert E. Bolon, Secretary; Edward C. Wright, Treasurer. Other members are Leroy Alt, Bennett Atwater, Roger Barney, Larry Farmer, Richard Kapfer, William May and Raymond F. Smith.

The members have written their By-laws and a portion of the preamble gives an indication of the purpose of this organization. It is as follows: "The Honorary Math-

ematics Society of Missouri School of Mines and Metallurgy is organized and established in order to honor in a fitting manner students who have an outstanding record in mathematics and a sincere desire for advanced study of mathematics. Our ultimate goal is to become a chapter of Kappa Mu Epsilon, National Honorary Mathematics Society."

An open meeting will be held Thursday, May 12 at 7 p. m. in room 114 of the Civil Engineering Building. Dr. Carl V. Fronabarger, Chairman of the Southwest Missouri State Teachers' College mathematics department, and present National President of Kappa Mu Epsilon, will speak on "Kappa Mu Epsilon and Procedures for Establishing Local Chapters." The mathematics department faculty and all other persons interested in mathematics are invited to attend this meeting.

Greek Week, May 13-14

Queen Candidates for Greek Weekend

Tau Kappa Epsilon

Sharon Ann Major

Tau Kappa Epsilon's candidate for the 1960 Greek Day Queen is Miss Sharon Ann Major. Sherry, a 20-year-old 5 foot, 3 inch bundle of cheerfulness is presently an Airline Hostess with Trans World Airlines and is stationed in Kansas City.

Miss Major has completed two years as a math-physics major at Western Illinois University and is a member of Sigma Sigma Sigma Sorority. Sherry's hobbies include sports car racing, swimming, and tennis.

While wandering around the United States with T. W. A., Sherry is realizing one of her fondest hopes, to travel and see the world.

Miss Major is well known around the Teke House, and is one of the many enviable possessions of Frater Dean Huber with her sparkling personality.

Sigma Nu

Ann Clark

Sigma Nu's candidate for Greek Week Queen 1960 is Miss Ann Clark. Ann, a product of Olney, Illinois, is a 5 foot brown-eyed brunette, and is 20 years old. She graduated from Olney High School in June of 1957, and is now a senior at DePaul Hospital of Nursing in St. Louis.

While in high school, she was Football Queen, Homecoming Queen, an attendant to the Fall Carnival Queen, and was voted best looking in her graduating class. Her activities included being editor of the school paper and president of Future Nurses Association.

At DePaul she was chosen as cover girl for the school's brochure, which is a booklet sent to young women applying for entrance into the school of nursing. Also she is business chairman for the DePaulian Yearbook.

Her interests now include classical music, reading, water skiing and swimming, and of course nursing.

Phi Kappa Theta

Peggy Doherty

Representing Phi Kappa Theta is Miss Peggy Doherty from St. Louis, Mo. Peggy is employed at McDonnell Aircraft Corporation and presently is being honored as "Miss Space Queen of 1959-60." She works as a secretary and has been with MAC for the past two years.

Peggy takes an active interest in sports by bowling in a league with McDonnell, swimming and playing tennis during the summer. Among other outside interests, she has a fine record collection of popular music.

Miss Doherty graduated from Incarnate Word High School in 1956. She attended Fontbonne College for a year and a half where she majored in Mathematics. Peggy also spent a semester at St. Louis University during the spring of 1958.

This petite blue-eyed blonde is 21 years of age, stands 5' 2" tall, and weighs 115 pounds. Miss Doherty is pinned to brother Paul Blood, a junior in Mechanical Engineering.

Sigma Tau Gamma

Jayne Gebauer

Sigma Tau Gamma's Greek Week Queen nominee is Miss Jayne Gebauer. Jayne's home town is Herculaneum, Mo., and she is now a sophomore at the University of Missouri.

Jayne graduated from Herculaneum High in 1958 as the valedictorian of her class. While she was in high school she served as the secretary of the honor society, president of Future Teachers of America for 3 years, and sales editor of the year book. Jayne also participated in women's sports and was a cheer leader.

As a student of the University of Missouri, Jayne has continued to excel in various activities. She is a member of the Alpha Phi sorority and presently holds the positions of efficiency chairman, assistant treasurer, and alumni coordinator. Just recently, she was selected to represent her sorority as a representative at the national convention.

As a freshman, she was a member of Kappa Epsilon Alpha, the freshman women's honorary society. This year Jayne is a member of Sigma Epsilon Sigma, the sophomore women's honorary society, Sigma Rho Sigma, the sophomore recognition society, Phi Chi Theta, national honorary sorority for women in business, and SNEA, Student National Education Association.

Jayne is a member of Job's Daughters and will soon be installed as Grand Bethel Honor Queen of Missouri for 1960-1961.

Jayne is no stranger to Sig Tau, having been a frequent guest at our parties during the past year. Her escort for Greek Week will be Ed Jackson.

Triangle

Pat Traynor

Triangle's candidate for Queen of Greek Day is Miss Pat Traynor of East St. Louis, Ill. Pat is a graduate of St. Teresa's Academy and is now working as private secretary at Mercantile Trust Company in St. Louis, Mo. She is a member of the Alpha Theta Sorority.

Miss Traynor is a shapely 5' 4". She has a winning personality and is tops as a conversationalist. Pat's favorite sports include swimming and tennis.

Pi Kappa Alpha

Barbara Winter

Pi Kappa Alpha proudly presents its candidate for the Queen of Greek Day, Miss Barbara Winter. Barb is from St. Ann, Missouri where she graduated in the top ten of her class at Ritenour High School. While attending high school she was a major-ette for four years and participated in many extra-curricular activities, being most active in dramatics and intramural sports.

Barb's winning personality and sharp sense of humor makes this 5' 5", brown-haired, brown-eyed candidate a stand out in her ever-growing circle of friends. Being presently employed as a secretary, she finds diversion from the everyday routine by giving time as a

Junior Achievement counselor, improving her already good bowling average, and of course going to all those good Pike parties. Barb was recently pinned by Bob Kallemeier.

The Pikes all agree that this sweet little gal is a worthy candidate for this year's Greek Day Queen.

Kappa Sigma

Bessie Roach

Kappa Sigma's candidate for the 1960 Greek Day Queen is Miss Bessie Roach. She is a 1958 graduate of Ritenour High School and now lives in Hazelwood, Missouri. Miss Roach is presently employed as secretary to the Control Manager at Sears in St. Louis.

Miss Roach is a 5 foot, 2 inch, 112-pound-blond with hazel eyes. Among her favorite activities are golf, tennis and swimming. She has been engaged since Christmas to Donald Mueller, a senior majoring in Physics.

Acacia

Margie Van Horn

Miss Margie Van Horn is Acacia's nomination for Greek Week Queen. A 21-year-old senior at Central College, in Fayette, Missouri, her aspirations include teaching.

Five feet, eight inches of bubbling, congenial personality characterize this pert miss who hails from Kansas City. Margie is secretary of her senior class and treasurer of Pi Kappa Theta, social sorority. Other organizations that Miss Van Horn participates in are the Student Christian Organization, of which she is secretary, Pi Omega Pi, National Business Education Association, president, and Sigma Epsilon Pi, scholastic honor society. She is in the upper ten percent of the senior class at Central.

All of these ambitions and traits make Margie delightful and pleasing in every respect.

Sigma Phi Epsilon

Peggy Eldridge

Sig Ep's candidate for the annual Greek Day celebration is Miss Peggy Eldridge. Peggy is a resident of Cahokia, Illinois, but is originally from Charleston, Missouri. She is now employed as a secretary at Wohl Shoe Company in St. Louis, and does some modeling in her spare time.

Peggy's main interest is becoming a stewardess. She is now enrolled in a correspondence course and is doing fine in her studies. Peggy's hobbies include bowling and frequent trips to Rolla.

After last year's victory in the Greek Day Queen contest the Sig Ep men are all behind Peggy to bring home another victory for us.

Theta Xi

Sandra Lee Huning

The Theta Xi Queen candidate is Miss Sandra Lee Huning. Sandy is a resident of St. Louis, Missouri and presently is the secretary and receptionist to the property manager of Mercantile Trust Co. of St. Louis.

Sandy is a graduate of Beaumont High School of St. Louis where she was the girl of highest scholastic standing of her class. She was a member and officer in a great many clubs and organizations. Interests now are: swimming, dancing, tennis, and others.

Miss Huning is engaged to Harry Schneider, a junior in Metallurgical Engineering, and has enjoyed many dances and parties here.

SLOW BURN

Boss: "Do you have any plans for Sunday evening?"

Secretary: "No, I haven't."

Boss: "Good! I'd like to suggest that you retire early, get plenty of sleep, and arrive on time Monday."

GALE'S PACKAGE STORE
703 Pine
Parking Lot in Rear of Store for Customers

Queen Candidates

Delta Sigma Phi

Dorothy Marolf

Delta Sigma Phi's candidate for Greek Week Queen is Miss Dorothy Marolf. Dorothy is 22 years old and lives in Grandview, Missouri, where she graduated from high school in 1956.

Her senior year in high school, Dorothy, a five-foot, five-inch, brown eyed, brunette was Grandview High School's Homecoming Queen. After high school she attended Kansas University.

Besides being a secretary for the Westinghouse Corp. in Kansas City, Dorothy also does part time modeling. Among her hobbies, she enjoys bowling, swimming and water skiing.

Kappa Alpha

Janet Crabtree

Kappa Alpha's candidate for the Greek Weekend Queen is Miss Janet Crabtree, a 20-year-old secretary by day, and modeling student by night. This brown-eyed, brown-haired beauty is 5 feet, 7 inches tall and weighs 128 pounds. A graduate of Central High School in St. Joseph, Missouri, Miss Crabtree is secretary for the underwriting department of the Bituminous Casualty Corporation.

Sigma Pi

Josephine Sallee

Sigma Pi's candidate for Greek Week Queen is Miss Josephine (Joey) Sallee. Joey is 19 years old stands 5' 5" tall, and weighs 128

pounds. She has auburn hair and green eyes.

She is a graduate of Glennon High School in Kansas City, Mo. and is also a graduate practical nurse from St. Mary's Hospital in Kansas City. She enjoys movies, music, and outdoor life, especially boating.

Beta Sigma Psi

Barbara Leach

Beta Sigma Psi's offer to the Greek gods is Miss Barbara Leach.

Miss Leach made her first appearance at the Beta Sig house on St. Patrick's Day. Since then she has made many friends, including Marv Monday.

Barb is an 18-year old graduate of Oran high school in Oran, Mo. She is presently employed by the Royal Bond Co., of St. Louis, as a private secretary.

A few of Barb's many hobbies are: dancing, bowling, boat riding, and listening to the Cardinals lose.

The Beta Sigs are proud to have Barbara as their queen candidate, and we all wish her the best of luck.

Lambda Chi Alpha

Marty Franzlau

Lambda Chi Alpha's candidate for Greek Week Queen is Miss Marty Franzlau.

Marty is a senior at Ferguson High School, which is located in North St. Louis county. She is secretary of the Pep Club and active in many school organizations. After school, she plans to go into secretarial practice.

Miss Franzlau is 5 feet 5 inches tall, and has hazel eyes and brown hair. Her many interests include water skiing, swimming and roller skating.

Nit wits — absent minded nudist scratching a match.

REALLY OLD FASHIONED

A 5-year-old boy who recently spent several days confined to a hospital bed made an important discovery on the second day.

"This place has no toilets," he told his mother.

THE MISSOURI MINER

THE MISSOURI MINER is the official publication of the students of the Missouri School of Mines and Metallurgy. It is published at Rolla, Mo., every Friday during the school year. Entered as second class matter February 8, 1945, at the Post Office at Rolla, Mo., under the Act of March 3, 1879.

The subscription is \$1.00 per semester. This Missouri Miner features activities of the Students and Faculty of M.S.M.

BISHOP'S MEN'S WEAR

124 West 8th Street ROLLA, MO.

Miner Cindermen Breeze by Drury

On a cold and windy Saturday afternoon, the Miners swept past Drury tracksters, 110 to 20. MSM took first in all but the 100 and 220 yard dashes. Wayne Lucas was high point man. Scoring 16 points, he won the high hurdles, high jump, low hurdles, and took a third in the broad jump. Another high scorer was Dennis Heeger who won the broad jump and took second in the 100 and 220 yd. dashes. Also, Dan Fread won the javelin and the pole vault.

Sheets, Brown, and Erickson teamed up to sweep the mile and

the 2-mile. MSM also took 1st, 2nd, and 3rd in the 440, the shot put, the discus, and the low hurdles. Though the day was cold and windy, Bob Steiner coasted to a marvelous time 2:08 in the 880 yard run. Bob is one of the Miners best prospects in the coming conference meet.

The outstanding cinderman for Drury was Shelton who won the 220 and tied with Art Farnham in the pole vault. This was the last meet until the MIAA conference on May 14. One more week of hard work and the trackmen will be ready to celebrate.

Sports Spotlight

Six foot, 180 pound, Wayne Lucas is high point man on the MSM track team, scoring 74 points so far this season. Lucas runs the high and low hurdles and jumps in the broad jump and high jump. Last Saturday he marked up 16 points for MSM by placing first in the high hurdles, low hurdles and the high jump; and third in the broad jump.

Lucas is a junior in the Civil Engineering Dep't. and belongs to

the S.A.M.E. and A.S.C.E. professional societies, and the "M" Club athletic society on campus.

Wayne, a member of Lambda Chi Alpha, participates in all intramural sports except his varsity sports, track and basketball. He lettered in basketball and baseball in high school at Bismarck, Missouri and track and basketball his first two years at MSM. The reason for no letter in high school track is that it wasn't offered at his school.

Wayne Lucas - High Point Man

VARSITY TRACK HIGH POINT MEN

The high point men on the Miner track team going into the Outdoor Conference Meet are as follows.

- 1. Wayne Lucas 73 ½

- 2. Dan Fread 64
- 3. John Heller 56 ½
- 4. Dennis Heager 40
- 5. Sherman Brady 37
- 6. John Brown 34
- 7. Bob Steiner 32 ½

Tennis Team Record 4-1

Racketmen Whitewash Drury Tennis Squad

On April 30 the rough and tough net men of Missouri Mines won their fourth tennis match of the season. The latest win was a white wash job of 9-0 over Drury College of Springfield, Missouri, this gave the Miners a seasons record of four wins and one loss.

Splendid performances were turned in by Jim Hammack in the singles and by Wayne Siesennop and Jim Hammack in the doubles contest.

Singles:

Jan Coester (M), defeated Chas. Erikson, 6-1, 6-0.

Dale James (M), defeated Bill Tingley, 6-4, 6-0.

Don Mason (M) defeated Jay Davis, 6-0, 6-1.

Rich Hampe (M) defeated Ross Calvert, 6-3, 7-5.

Wayne Siesennop (M) defeated Jack Wetzel, 6-2, 6-0.

Jim Hammack (M) defeated Dave Trowbridge, 6-0, 6-0.

Doubles:

Coester - Hampe (M) defeated Erikson-Tingley, 7-5, 6-1.

James - Mason (M) defeated Davis-Calvert, 6-1, 6-0.

Siesennop - Hammack (M) defeated Wetzel - Trowbridge, 6-0, 6-0.

This week has seen much action in intramural sports. Three sports are now in progress, horseshoes, tennis doubles, and softball. All three of these sports are scheduled to end this week.

Besides having three sports in progress much preparation is being made for the intramural track meet which is just around the corner. The preliminaries will be held Tuesday, May 17, and the finals will be held May 19. All entries must be in by May 12.

Rules for the meet will be as follows, no more than two people from one organization may compete in a maximum of two individual events and one relay.

Points will be awarded in each event for the first five places. Scoring will be five points for first place and consecutively down to one for fifth place.

The rules and sheets for listing contestants will be mailed to each organization. With a little work this year's track team meet could be the best in years. So let's everyone get together and make it a great meet.

Golf Team Edged Out By Drury 6 1/2-3 1/2

The MSM Golf team was edged out last Saturday for their first loss this season. The winning Drury team won over the Miners by a score of 6½ to 3½.

Toby Hafeli of the Miners was the only man on our squad to defeat his opponent. Hafeli won three games to none. Tom Konkle and Ron Heatherly both lost two games to one game, and Bob Gollhofer managed to tie his opponent in one game to give the Miners their total of 5½ points.

The MSM squad will go against St. Louis University tomorrow in St. Louis, and then a week from tomorrow they'll be ready for the Outdoor Conference Meet in Springfield. The team now has a 4-1 record, and they deserve a slap on the back for the fine job they've done thus far.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Kaps Suffer Quietly At Hoffer's Hand

A week ago last Wednesday night Phi Kappa Theta lost a hard fought softball game to Triangle. Our record now stands 3-2.

Evidently the festivities last weekend exceeded all expectations. Mizou must still be quite an attraction.

Brother McDonald reports that all's well in the Ozarks, after

spending a weekend at his cabin. McDonalds crew returned late Sunday afternoon.

Apparently army life is not all marching, Brother Hoffer, who was discharged early this week, poured out his hidden talents by cooking the greater part of our dinner Sunday.

'Dizzy' to Wed Ramona Damm in May

While the majority of the world struggles to come to some agreement to stop nuclear tests which threaten to wipe out the human race a much smaller group, namely 60 some men at the Sig Ep house huddle in fear of a much more ominous thought not as widely publicized which is about to take place. Within 24 hours after this publication reaches its vast circulation peak our own Thomas "Dizzy" Halbbrook will walk that final walk and take Miss Ramona Damm as his wife. The casual reader may not immediately see the danger of this but a little thought into the future should clear this up. We are sure that Dizzy plans on propagating the race and can you imagine the havoc that 2 or 3 little "Dizzy's" could create. Well, anyway Dizzy had the forethought to provide a reception where most of the fellows will manage to at least temporarily forget the oncoming crisis. Congratulations Dizzy and to Mo all we of Sig Ep can say is Good Luck!

Congratulations are also in order for Jim Loafman who gave his pin to Miss Mary Ann Talbort over the Easter holidays. im, the Gallery's notorious Waterbug smasher, tried to keep this one

Engineers Club Holds Elections

A meeting of the Engineers' Club was held on April 28, and during the proceedings new officers were elected. Those members elected are:

- President: Art Farnham.
- Treasurer: Jim Mowat.
- Secretary: Dave Fisher.

Board of Control: Clyde Collins, Dennis Heath, Jim Hesse, Gerald Purcell.

Before the elections were held, the office of the Secretary-Treasurer was severed into separate positions of Secretary and Treasurer. This action was taken in order that the Treasurer could devote full time to the handling of the Clubs' money. Additional duties were placed upon the Secretary.

The Engineers' Club has moved into a new house located at 1100 Elm Street adjacent to the Bell Telephone building.

On May 7 the Club will hold its Spring outing. The spring clean-up was held on Sautrday, April 30.

A resume of the Clubs' intramural competition will be submitted to the Miner for publication in a forthcoming issue.

Delta Sig's Pledges Check Temperature Of Pond by Tossing Pledge Master in

Sker—splash! Another master makes a personal inspection of the bottom of Lions' Park pond. We Delta Sigs were all totally dishonored when pledge master Jim Lemon allowed twelve measly pledges to coerce him into taking a swim the other night. We told

you Jim the pledges would revolt if you kept beating them. We actives all took an academic interest in these carrying ons because we were interested in how cold the water was. Jim came out with a slight navy blue tinge so I guess we'll have to wait another

week before we go swimming.

Delta Sig was a house of happy wanderers this week. A new fad has caught on of going home all week and coming back to Rolla for the weekends. It works swell except for the two days spent in Rolla. How did it feel to spend your first Saturday night here in Rolla, Coop? It felt like hell didn't it? —Oh now Coop, it wasn't that bad.

Three of our vagabonds spread their charms around the Drake Relays last week. High school heroes Jerry Noggle, Glen Starwalt, and Jim Cissna bumed their way up to Des Moines to see their idols run. I can just picture them down on the finish line with stop watches in hand.

In case you people haven't seen Lion's Park since the IFC cleaned it up, you really should. It's a mess. Actually, the only thing wrong is the bottles three foot deep. We are proud to say that Delta Sig participated in this charitable affair and sent our most capable delegates. We would like to thank the many organizations which helped donate their refreshments.

This coming weekend grass skirts, palm trees, coconuts, and the usual monkeys will be the decor as Delta Sig holds its Greek Week Hawaiian party. With the carniva, the Greek Day activities, and the party, there will be nothing in Hawaii like Greek Week-end.

TEKE House Has a Liking for Mascots

The TEKE house was fairly quiet this past week, many of the Fraters left beautiful Rolla and spread their goodwill to such places as "Missou", Lindenwood and Cape Girardeau. "Happy Week" came to an end last week, bless their souls. The pledges found Saturday a good day to sleep and get rested up from their past experiences.

The TEKE house seems to have a liking for mascots, the Fraters have now one alligator, two goldfish, and a duck named Huey. Huey is an "A Reject." Huey has taken refuge in Frater Jay Bloods-

worth's room, his understanding master.

Frater Mike Taylor is suffering from "Rackitus." Mike only gets from 10 to 12 hours of sleep a night. He says he is resting up for finals. Sounds like a good idea.

In sports we finally won our first softball game by beating the International Fellowship team 28-10. Track practice has started and we are hoping for a good track team.

Only one week more, May 13-14, until Greek Weekend, so it is time to start getting in shape?!!

Save—right now—during the Spring Fever Selling Spree at your local authorized Chevrolet dealer's

More Campus News Pi K. A. Elects Officers; Roger Stammer President

With the end of this semester in view Pi Kappa Alpha has elected officers for next fall. Roger Stammer will be the new president with Dick Moeller as his vice-president and Bob Sieckhaus as secretary. Ken Shader will be treasurer with Doyme Chartrau as assistant treasurer. The new house manager and his assistant will be Doug Pinner and Gary Schumacher. Bob Brockhaus will be steward, with Gregg Miller as his assistant. Dick Johnson was elected to be pledge-master for next semester.

To be congratulated for the fine job as officers this past semester are Jerry Alyea, Herm Vacca, Doyme Chartrau, Al Powell, Ken Shader, Roger Stammer, Doug Pinner, John Latzer, and Bob Brockhaus.

While we're on the subject of officers it should be mentioned that Bob Brockhaus was elected

president, and Roger Fanetti corresponding secretary of APO. Also to be congratulated are new initiates of Blue Key. These men are Myron Bruns, Wayne Johner, and Al Powell. Al, who was recently elected president of AIME was also initiated into Sigma Gamma Epsilon last week.

With final exams only three weeks away Pikes have been hitting the books; however, it hasn't been all work and no play. The past two weekends have proven to be busy ones for most of us. There were those who journeyed to those famous far away places (Mexico and Cape Girardeau), but many chose to remain in Rolla where Glen Harrison received his first lesson in baby sitting.

As Mother's Day weekend is here again, another warm welcome is in store for the many parents who will be visiting.

UCCF Group Hears Talks at Retreat at Lake of the Ozarks

What should be my position with regard to sex? . . . dating? . . . love? . . . marriage? What sort of responsibility do I have to other people? How should I stand on the racial issue? What role does the church play in my life? How can I put my faith to work on the campus? How can I relate my religious beliefs to my work?

These and many other questions were asked at the first statewide inter-collegiate retreat sponsored by the Inter-Collegiate Council of Presbyterian students in Missouri. Eight fellows from our UCCF group represented MSM at this retreat, held two weeks ago at Camp Clover Point on the Lake of the Ozarks. Approximately 125 students from fourteen schools, including five girls' schools, attended the retreat.

The theme of the retreat, "Life is Commitment," was carried out by discussion groups, Morning Watch, Fireside Vespers, and some very inspirational talks made by Dr. William Parrish of Westminster College. These things, com-

bined with the sheer beauty of the camp and the area in which it is situated, made this a very inspiring retreat; one in which we thought, talked, and learned about many things.

Bob Harris, of our UCCF, was elected to the position of Delegate at Large on the Inter-Collegiate Executive Council. This gives MSM representation on the council which plans the functions of the whole state group.

And then there was fellowship . . . "Viva la Compagnie!" Friday and Saturday evenings we had a fellowship period in which we danced, played games, and presented skits. The girls from Lindenwood furnished a record player and the Mizzou group brought a stack of records. We met a lot of girls and had a very enjoyable time. Although the water was pretty cold, Saturday afternoon some of the braver souls went in for a dip.

All of us gained a lot from the retreat and we have many new ideas to talk about.

Sigma Tau Gamma's Pledges Walk Out, Return to the Rigors of Help Week

Well, it seems as if the pledges took their walkout at an opportune time. For they came back to the stride of their "Help Week". Pledges did you have a good time sleeping in that cabin on four cots and without a heater? We hope you all had a good time and plenty of rest. Say, we hear that even the fish were biting out there.

It looks like the fellows had a good time at Columbia, again. Brothers Coyle, Leach, and Wiles attended Spring Formal of the Alpha Phi House, while Brothers Duncan, Martinek, and Randall appeared at the dance given by the Gentry Hall sweetie pies. Coyle states that he has struck out with Dot, but that things are looking "grand" in St. Louis. By the way, Tom, how are the Bobsie twins? Aha, Brother Leach found his pin. Ask him where he found it? What's this, Brother Duncan got his pin back? It must be that's he's not going to Chicago this

summer. By the way, Randall how's the ole _____ doing? Charlie says his is getting along just fine without him! Oh, no, Leach caught Wiles whispering sweet nothings into Robin's ear, again! When is this going to stop? Fellows, we have only one question to ask you as a group. What in the world did you do from 2:00 p. m. to 12:00 p. m. Sunday? Was it that long a trip via St. Louis?

For the Brothers who stayed in dear ole Rolla, it was very peaceful without the pledges. Although Lt. Powers was in a mood all weekend to go pledge hunting, Hearsay is that Power's new motto is "Help, House, House, Help!" Well Fish, Lum, and Ike were at it again. Those guys just can't refuse anything that is free, especially _____. Tell me Ed, do you think that you can still take the world on?

QUALITY  CHEKD

What happens to your career... after you join Western Electric?

You'll quickly find the answer is *growth*. The signs of progress—and opportunity—are clear, whether your chosen field is engineering or other professional work. There is the day-to-day challenge that keeps you on your toes. There are new products, new areas for activity, continuing growth, and progressive programs of research and development.

For here telephone science is applied to two major fields—manufacture and supply for the Bell Telephone System, and the vitally important areas of defense communications and missile projects.

You'll find that Western Electric is career-minded...and *you*-minded! Progress is as rapid as your own individual skills permit. We estimate that 8,000 supervisory jobs will open in the next ten years—the majority to be filled by

engineers. There will be corresponding opportunities for career building within research and engineering. Western Electric maintains its own full-time all-expenses-paid engineering training program. And our tuition refund plan also helps you move ahead in your chosen field.

Opportunities exist for electrical, mechanical, industrial, civil and chemical engineers, as well as in the physical sciences. For more information get your copy of *Consider a Career at Western Electric* from your Placement Officer. Or write College Relations, Room 200E, Western Electric Company, 195 Broadway, New York 7, N. Y. Be sure to arrange for a Western Electric interview when the Bell System team visits your campus.

Beta Sig Hopes to Found Another Chapter at M.U.

The weekend, for most of the fellows at the Beta Sig house, proved to be quite enjoyable. Two carloads went to Missouri University and tried to get a group of Concordia Club members to live together in a rented house. This was done with the hope that a new Beta Sig Chapter would evolve in the near future.

While the fellows were at Columbia, a few of the sharper ones had dates with the belles of the University. Ray Popp "the little guy with big eyes that nobody likes," along with the "great white woman killer," Al Shaffer, were the most fortunate of the group. They spent money on their dates like drunken sailors.

Meanwhile things were really jumping in St. Louis as Leo Cockmankovich, the ladies MAN, had his usual fulfilled and exotic night with another one of his many. Handsome, as he is known to all of the women, scored so

greatly that all the fellows are sure "he will take that gavel away."

Bob Kramer, our house mother, was busy catching fish rather than Amazon women. He went to Bagnell Dam and had what you might call a dam good time.

The softball team has been having a rough go of it in a couple of their games. Ed, sorearm, Bran-hof, the goat of almost all our games, seems to have lost the support of our manager, Billen. Hang-him seems to always tell the players to run on infield flies. He claims the infield fly rule states that a runner can get as many bases as he wants as long as he doesn't trip over the bags in which case he is automatically called out for sloppy running.

In closing, I will leave you with this tender thought. Hey, hey, what do you say, Leo take the gavel away.
