

Aug 30th '86.JUDGES' CHAMBERS,
BRISBANE.

Dear Clerk,

As requested, I am
forwarding ~~under~~ under separate cover
the following papers. 1. The memoirs
of the Judges addressed to H.E.
2. a few memoirs. (including 3)
3. a letter to the King
4. a few memoirs addressed to
H.E. by myself.

When you have read these
papers I shall be glad if
you will return them to me.
You may keep copies of them

If you wish, for your own
use, let of course not for
publication in any way.

I think your position is
much stronger than ours, &
I hope you will resist the
demand for
~~half of~~ income tax. I
rather think that the reasons
I have had no reply to our
petition is that the Com-
Law Officers are probably
awaiting the decision of
the P.C. in the case of

Webb v. Oathman which may
conflict with the views of the
High Court as expressed in
other cases.

I am told on the very best
authority that the Revenue and
Income Tax Declaratory Act
was rushed through so in-
decisively was that the Labour
Party demanded it as the price
of their allowing the resolution
in Re the Edinburgh Railway
to pass! This railway is to be
built by a syndicate.

Wishing you good luck

Yours truly

D. P. G. Cooper.
