Editor: D. Vance

The authors regret an error in their article. In Figure 6 the incorrect compound plot was submitted in error when a higher resolution version was requested following review. The figure below is the correct compound plot for GDGT-IIIb. The original caption has also been corrected to GDGT-IIIb instead of GDGT-IIIb. These corrections do not affect the conclusions of the paper and we apologise for any inconvenience caused. The authors regret any inconvenience that this has caused.

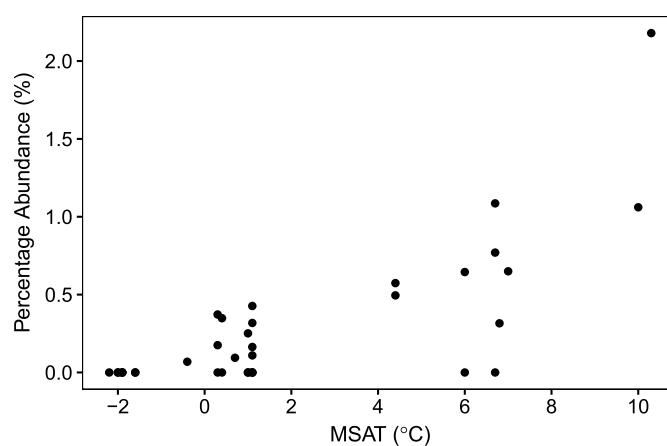

Fig. 6. Relationship between GDGT-IIIb abundance and MSAT in the Antarctic and sub-Antarctic lakes dataset.
