PREFACE

This volume consists of the papers delivered to the eleventh meeting of the North Eastern Linguistics Society, which was held at Cornell University on November 7-9, 1980. Beginning with this volume, the Graduate Linguistics Student Association of the University of Massachusetts, Amherst will print and distribute the proceedings of all NELS annual meetings.

To all of those who participated in NELS XI, we would like to extend our thanks for their energy and cooperation in putting the conference together. In addition, the editors especially thank the Department of Modern Languages and Linguistics at Cornell University.

We call our readers' attention to the following list of papers which were never submitted for publication:

- George N. Clements, 'The Representation of Laryngeal Glides.'
James Higginbotham, 'Crossover and Control in Equatives.'
Jonathan Derek Kaye, 'Syllable Structure and Lexical Representation.'
(This paper will be published at a later date in a volume
edited by Francois Dell and Jean Roger Vergnaud.)
Charles McClenon, 'Syllable Affixes -- The Case for Ill-Formedness.'
Olga T. Yokoyama, 'A Discourse Analysis of Russian i, a and no.'
